Alvarez, 2009-03-26 As early as the 1850s when Samuel L Clemens before he became Mark Twain as a teenager traveled from his hometown of Hannibal Missouri to the east Philadelphia Washington DC and New York City and south St Louis In the 1860s he traveled west to Nevada California and The Sandwich Islands Hawaii He also traveled east to Europe and the Middle East In between these early travels and his around the world lecture tour in the 1890s he lived for periods of time in Europe From these travels and sojourns abroad Clemens often found that the imagined geography differed significantly from the reality And as most people know he drew on his real and imagined home geography

of the lower Mississippi River region to produce several works including his masterpiece Adventures of Huckleberry Finn. Although much has been published about his travels this collection of essays marks a different approach to Twain's use of geography and geography's influence on Twain. The eleven essays use Twain's concepts of space geography to help us understand or to complicate our understanding of some of Twain's works including Life on the Mississippi Adventures of Huckleberry Finn The Prince and the Pauper Roughing It A Connecticut Yankee in King Arthur's Court No 44 The Mysterious Stranger Tom Sawyer Abroad and The Private History of Campaign that Failed. The contributors include veteran Twain scholars as well as a graduate student and a non academic humorist. Their critical perspectives range from the biographical and historical to Althusserian Ideological      **Outlook and independent** Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin Abbott, Francis Rufus Bellamy, 1928      *Vanity Fair*, 1928      The Golden Book Magazine, 1926
