Julia Wedgwood, The Unexpected Victorian Sue Brown, 2022-03-08 Though Julia Wedgwood is still remembered as a commentator on the work of her uncle Charles Darwin and for her brief but intense friendship with Browning her contemporary standing as a writer the thoughtful woman par excellence has been obscured as has her role in the pioneering days of women s higher education and the first campaigns for female suffrage Based on her extensive correspondence and unusually wide ranging work this biography unites the private person and the public writer It also looks at her many relationships with leading Victorian cultural figures including not only Darwin and Browning but George Eliot Mrs Gaskell Harriet Martineau Frances Power Cobbe F D Maurice Richard Hutton Arthur Munby and the young E M Forster It considers the challenges facing a single deaf Victorian woman in establishing her own independent but unconventional life

Channing Jack Mendelsohn, 1986 Becoming a Woman of Letters Linda Peterson, 2021-06-08 During the nineteenth century women authors for the first time achieved professional status secure income and public fame How did these women enter the literary profession meet the demands of editors publishers booksellers and reviewers and achieve distinction as women of letters Becoming a Woman of Letters examines the various ways women writers negotiated the market realities of authorship and looks at the myths and models women writers constructed to elevate their place in the profession Drawing from letters contracts and other archival material Linda Peterson details the careers of various women authors from the Victorian period Some like Harriet Martineau adopted the practices of their male counterparts and wrote for periodicals before producing a best seller others like Mary Howitt and Alice Meynell began in literary partnerships with their husbands and pursued independent careers later in life and yet others like Charlotte Bront and her successors Charlotte Riddell and Mary Cholmondeley wrote from obscure parsonages or isolated villages hoping an acclaimed novel might spark a meteoric rise to fame Peterson considers these women authors successes and failures the critical esteem that

led to financial rewards and lasting reputations as well as the initial successes undermined by publishing trends and pressures Exploring the burgeoning print culture and the rise of new genres available to Victorian women authors this book provides a comprehensive account of the flowering of literary professionalism in the nineteenth century **Ethnographic Ways of Knowing** Lucinda Carspecken, 2024-06-14 Drawing on the works of ten scholars and public intellectuals ranging over 200 years this book foregrounds ways of knowing that include but go beyond the cognitive The book explores the work of Harriet Martineau Jane Addams W E B Du Bois Zora Neale Hurston Ella Deloria M N Srinivas Barbara Myerhoff Orlando Fals Borda Ronald Takaki and Nawal El Saadawi The author discusses their multifaceted ethnographic practices and argues that such practices are still under acknowledged in contemporary research in comparison to cognition and categorization These scholars were outsiders to their societies in a variety of ways They highlighted power imbalances in the perception and representation of one group by another and brought direct experience emotion narrative imagination recognition self reflection activism and cultural humility into their writing in addition to rationality The book engages with the authors and their ideas in the context of their times and places It also reclaims them as methodological predecessors noting their contributions to what educational ethnography has been and what it could be in the future Expanding the canon of social research history and providing insight into unique methodological forms this text will be valuable for scholars and postgraduate students with interests in ethnography as well as the history of research anthropology and qualitative methods more broadly Virginia Woolf and the Lives, Works, and Afterlives of the Brontës Hilary Newman, 2024-06-15 In her feminist polemic *A Room of One's Own* Virginia Woolf famously wrote of the comparatively recent literary tradition of female writers we think back through our mothers if we are women Woolf's major literary mothers were those women novelists writing during the Victorian period and earlier Virginia Woolf and the Lives Works and Afterlives of the Brontës examines all of Woolf's writings on the Brontës across a wide range of genres juvenilia novels literary essays feminist polemics diaries and letters This proves particularly fruitful as Woolf herself was both a creative artist and a literary critic As a woman she was ambivalent towards the Victorian world in which she spent her youth emotionally she remained in thrall to it but intellectually she developed the modernist novel After Woolf ceased to write publicly about the Brontës she continued to engage with them through the Hogarth Press which she had founded in 1917 with her husband Leonard She then chose to publish books on the Brontës whose approaches to them she supported Newman approaches her subject in a Woolfian way that is she avoids dogmatism and aims to open up discussion of the lives works and afterlives of the Brontës as mediated by Woolf rather than closing it down to one particular interpretation **Victorian Pain** Rachel Ablow, 2020-06-09 The nineteenth century introduced developments in science and medicine that made the eradication of pain conceivable for the first time This new understanding of pain brought with it a complex set of moral and philosophical dilemmas If pain serves no obvious purpose how do we reconcile its existence with a well ordered universe Examining how writers of the day engaged

with such questions *Victorian Pain* offers a compelling new literary and philosophical history of modern pain Rachel Ablow provides close readings of novelists Charlotte Bront and Thomas Hardy and political and natural philosophers John Stuart Mill Harriet Martineau and Charles Darwin as well as a variety of medical scientific and popular writers of the Victorian age She explores how discussions of pain served as investigations into the status of persons and the nature and parameters of social life No longer conceivable as divine trial or punishment pain in the nineteenth century came to seem instead like a historical accident suggesting little or nothing about the individual who suffers A landmark study of Victorian literature and the history of pain *Victorian Pain* shows how these writers came to see pain as a social as well as a personal problem Rather than simply self evident to the sufferer and unknowable to anyone else pain was also understood to be produced between persons and even perhaps by the fictions they read

Capitalism and Classical Social Theory John Bratton, David Denham, 2014-01-24 *Capitalism and Classical Social Theory* Second Edition offers solid coverage of the classical triumvirate Marx Durkheim and Weber but also extends the canon strategically to include Simmel four early female theorists and the writings of Du Bois

Novel Approaches to Anthropology Marilyn Cohen, 2013-09-05 This volume of interdisciplinary essays reflect current contributions to literary anthropology *Novel Approaches to Anthropology Contributions to Literary Anthropology* showcases the myriad ways that anthropologists bring their disciplinary perspectives theories concepts and pedagogical strategies to interpreting fiction and travel writing written in the past and present The authors integrate insights from the reflexive deconstructive turn in anthropology and from critical Marxist and feminist approaches that ground interpretation in the political economic and social constraints and experiences of everyday life The contributors share the view that fiction like all artistic expression is rooted in specific historical and cultural contexts Literature like all artistic expression stimulates a critical imagination by allowing readers to take a fresh look at their own society and culture
