Selected Declarations of Dependence Harry Mathews, 1977 First published in 1977 Selected Declarations of Dependence has like all the books by Harry Mathews grown in reputation over the years of its unavailability Sun and Moon Press now returns this remarkable text to print with a new introduction and the original Alex Katz illustrations Selected Declarations of Dependence is based on a set of forty six familiar proverbs used and abused in various ways The proverbs provide the entire vocabulary of the opening story Their Words For You In the section called Perverbs and Paraphrases Mathews explores the narrative implications of the crossed proverb or perverb in which two regular proverbs are mixed A rolling stone leads to Rome The remaining uses of proverbs and perverbs and the Sorites which bows to Lewis Carroll s demonstration of the form all produce an hilarious text of familiar quotations gone amuck and reveal Mathews involvement with the Oulipo

The Journalist Harry Mathews, 2025-06-17 A blend of postmodern metafiction and old style bedroom farce The Journalist explores the elusive sometimes illusive boundaries between facts and the fictions we weave around them The novel s protagonist living at a time that might be the present in a city that might be anywhere has decided for reasons of mental hygiene to keep a detailed record of his thoughts words and deeds Very quickly however the project begins to absorb his entire life as the increasingly meticulous recording of experience threatens to supplant experience itself To make matters worse what he records offers its own grist for worry his devoted wife suddenly grows secretive his equally devoted mistress turns evasive his frustratingly independent son might or might not be visiting that same mistress behind his back and his closest friend begins acting in mysterious ways and is it just his imagination or is this friend having clandestine meetings with his wife His ever more convoluted perceptions breed a dark muddle of suspicion leading to a climax that is at once intensely funny and excruciatingly poignant *Harry Mathews*

Kippur,2025-08-12 Postwar French writers were at the vanguard of global literary innovation from the experimental minimalism of the Nouveau Roman to the literary games of the OuLiPo but less often appreciated is the extent to which they worked closely with US editors and translators published actively with American presses and often theorized transatlantic connections within their work In this exciting new work Sara Kippur proposes a new French literary history that traces the deep connections between postwar literary experimentalism and the New York publishing industry compellingly arguing that US based editors publishers producers professors and translators crucially intervened to shape French literature While Kippur attends closely to well known writers such as Marguerite Duras Samuel Beckett Eug ne Ionesco Georges Perec and Alain Robbe Grillet she also amplifies the voices of those who have been less visible though no less relevant including women whose contributions have not received proper credit but who helped to foster a sense of new possibilities for twentieth century French writing With these untold histories stitched together in this book through new archival discoveries from special collections and personal archives on both sides of the Atlantic Kippur begins to dismantle rigid notions of canonicity authorship and national literature

The Conversions Harry Mathews,1997 At a dinner party hosted by a wealthy New Yorker a guest receives a gold adze the coveted prize in a worm race When the man dies the next day he bequeaths according to a stipulation in his will the bulk of his fortune to the adze s possessor provided he answer three mysterious questions relating to the artifact s history In his search the owner encounters a menagerie of eccentric personalities an ancient revolutionary in a Parisian prison a ludicrous pair of gibberish speaking brothers and customs officials who spend their time reading contraband materials He soon finds himself immersed in the centuries long history of a persecuted religious sect and in an odyssey that begins in a forgotten fog covered town in Scotland and ends on the ocean floor off the coast of an uncharted French island A wild goose chase through a remarkably

unusual world The Conversions invites both reader and protagonist to participate in a quest for answers to an elusive game

Encyclopedia of the New York School Poets Terence Diggory, 2015-04-22 Presents an alphabetical reference guide detailing the lives and works of poets associated with the New York Schools of the early twentieth century **Collected Poems** Harry Mathews, 2020 Harry Mathews 1930-2017 was among the most inventive and unorthodox writers of his generation His novels earned comparisons to Vladimir Nabokov and Thomas Pynchon and bear the mark of one who learned never to settle for results that are merely reassuring But Mathews was a poet first and he prized poetry for its transformational and redemptive power *Collected Poems* 1946-2016 gathers seven prior collections together with poems never before published in book form Poems dedicated to John Ashbery Frank O'Hara James Schuyler and Kenneth Koch show Mathews's origins alongside the poets of the New York School Others reveal his obsession with the puzzles that animate the Oulipo the famous French fraternity of writers and mathematicians in which Mathews was the sole American member But Mathews's work transcends these affiliations His maverick avant-gardism is all his own nourished by wellsprings of romanticism and metaphysical fervor in dialogue with literature music and art from the medieval to the modern period For Mathews it was much more interesting to be curious about a riddle than to find its solution His ability to fuse the world of facts with the utterly new wildernesses of his imagining will give readers much to look for while his sensuality wit and deep feeling for life's beauties sorrows and absurdities are their own rewards With an introduction by Daniel Levin Becker who has succeeded Mathews as the only American member of the Oulipo *Collected Poems* 1946-2016 augments and clarifies the extraordinary achievement of a singular American writer **The Way We Write** Barbara Baker, 2006-07-30 This book is a unique collection of interviews with award-winning writers Each writer discusses their process why they write whom they write for where and how often they write recurring themes problems and achievements The interviews are intimate honest informative and often humorous Together they offer a fascinating insight into the experience and hard work behind successful writers This engaging collection is sure to appeal to anyone who loves reading or has ever wanted to be a writer
