Wilson, 2022-11-18 Christians have an increasingly complex and often conflicted relationship with technology As Genesis 1 succinctly and profoundly declares God created humanity in his image and as part of that vocation we are called to make something of the world Technology is one of the most important and powerful ways that human beings exercise this dominion But while technology can extend our humanity in powerful and exciting ways many of us feel that it can compromise or fracture our humanity at its core As a result questions quickly emerge What does it mean to be human How does our creation in the image of God affect the way we use design and understand technology Should our general posture toward technology be cautious or optimistic This collection of scholarly and pastoral essays drawn from the 2019 annual theology conference of the Center for Pastor Theologians offers substantive Christian reflection on a wide range of issues pertinent to a distinctly Christian vision of technology today and in the future *J. 2021 a super yarn Rick Gekoski's encyclopaedic knowledge of rare books is matched only by the enthusiasm and brio with which he writes about them Ian Rankin Rick Gekoski has been traversing the rocky terrain of the rare book trade for over fifty years The treasure he seeks is scarce carefully buried and often jealously guarded knowledge of its hiding place shared through word of mouth like the myths of old In *Guarded by Dragons* Gekoski invites readers into this enchanted world as he reflects on the gems he has unearthed throughout his career He takes us back to where his love of collecting began perusing D H Lawrence first editions in a slightly suspect Birmingham carpark What follows are dizzying encounters with literary giants as Gekoski publishes William Golding plays ping pong with Salman Rushdie and lunches with Graham Greene A brilliant stroke of luck sees Sylvia Plath's personal copy of *The Great Gatsby* fall into Gekoski's lap only for him to discover the perils of upsetting a Poet Laureate when Ted Hughes demands its return Hunting for literary treasure is not without its battles and Gekoski boldly breaks the cardinal rule never to engage in a lawsuit with someone much richer than yourself while also guarding his bookshop from the most unlikely of thieves The result is an unparalleled insight into an almost mythical world where priceless first editions of *Ulysses* can vanish and billionaires will spend as much gold as it takes to own the manuscript of J K Rowling's *Tales of Beedle the Bard* Engaging funny and shrewd *Guarded by Dragons* is a fascinating discussion on value and worth At the same time Gekoski artfully reveals how a manuscript can tell a thousand stories
