Harry Waugh's Wine Diary Vol 6:

The Wine Pioneers Anton Massel, 2008 At first there were the horticulturists and wine growers then came the wine makers the coopers and the cellar masters Inevitably there were wine shippers and wine merchants Chemists and biologists added their skills in the past two centuries and only very recently came the oenologists and the professional wine tasters Wine writers play an important role in today's wine trade and there were always wine connoisseurs and wine snobs From 5000BC to the modern day this book provides a chronological history of the wine pioneers through the ages **Zinfandel** Charles L. Sullivan, 2003-09-02 The Zinfandel grape currently producing big rich luscious styles of red wine has a large loyal even fanatical following in California and around the world The grape grown predominantly in California has acquired an almost mythic status in part because of the caliber of its wines and its remarkable versatility and in part because of the mystery surrounding its origins Charles Sullivan a leading expert on the history of California wine has at last written the definitive history of Zinfandel Here he brings together his deep knowledge of wine with the results of his extensive research on the grape in the United States and Europe in a book that will entertain and enlighten wine aficionados and casual enthusiasts In this lively book Sullivan dispels the false legend that has obscured Zinfandel's history for almost a century reveals the latest scientific findings about the grape's European roots shares his thoughts on the quality of the wines now being produced and looks to the future of this remarkable grape Sullivan reconstructs Zinfandel's journey through history taking us from Austria to the East Coast of the U S in the 1820s to Gold Rush California and through the early days of the state's wine industry He considers the ups and downs of the grape's popularity including its most recent and according to Sullivan most brilliant up He also unravels the two great mysteries surrounding Zinfandel the myth of Agoston Haraszthy's role in importing Zinfandel and the heated controversy over the relationship between California Zinfandel and Italian Primitivo Sullivan ends with his assessments of the 2001 and 2002 vintages firmly setting the history of Zinfandel into the chronicles of grape history *Judgment of Paris* George M. Taber, 2006-11-21 The only reporter present at the mythic Paris Tasting of 1976 for the first time introduces the eccentric American winemakers and records the tremendous aftershocks of this historic event that changed forever the world of wine The Paris Tasting of 1976 will forever be remembered as the landmark event that transformed the wine industry At this legendary contest a blind tasting a panel of top French wine experts shocked the industry by choosing unknown California wines over France's best George M Taber the only reporter present recounts this seminal contest and its far reaching effects focusing on three gifted unknowns behind the winning wines a college lecturer a real estate lawyer and a Yugoslavian immigrant With unique access to the main players and a contagious passion for his subject Taber renders this historic event and its tremendous aftershocks repositioning the industry and sparking a golden age for viticulture across the globe With an eclectic cast of characters and magnificent settings *Judgment of Paris* is an illuminating tale and a story of the entrepreneurial spirit of the new world conquering the old
