Harry's Game:

Harry's Game Gerald Seymour, 2013-06-20 A Sunday Times 100 best crime novels and thrillers since 1945 pick A British cabinet minister is gunned down on a London street by an IRA assassin In the wake of national outcry the authorities must find the hitman But the trail is long cold the killer gone to ground in Belfast and they must resort to more unorthodox methods to unearth him Ill prepared and poorly briefed undercover agent Harry Brown is sent into the heart of enemy territory to infiltrate the terrorists But when it is a race against the clock mistakes are made and corners cut For Harry Brown alone in a city of strangers where an intruder is the subject of immediate gossip and rumour one false move is enough to leave him fatally isolated

Demons, Hamlets and Femmes Fatales Jayne Steel, 2007 The book provides a lively discussion of the ways in which popular fiction appropriates the figure of the Provisional IRA activist and the political conflict within the north of Ireland It looks at how authors recreations or transformations of Irish republicanism might reveal self referential images that are ultimately a product of national identity and or gender identity An important focus of the book interrogates British fascination and fixation with the Provisional IRA and its terrors The many novels discussed in this study include Gerald Seymour *Harry's Game* Campbell Armstrong *Jig* Bernard MacLaverty *Cal* Mary Costello *Titanic Town* Jennifer Johnston *Shadows on our Skin* Deidre Madden *One by One through the Darkness*

Looking-Glass Wars: Spies on British Screens since 1960 Alan Burton, 2018-01-31 *Looking Glass Wars Spies on British Screens since 1960* is a detailed historical and critical overview of espionage in British film and television in the important period since 1960 From that date the British spy screen was transformed under the influence of the tremendous success of James Bond in the cinema the spy thriller and of the new style spy writing of John le Carr and Len Deighton the espionage story In the 1960s there developed a popular cycle of spy thrillers in the cinema and on television The new study looks in detail at the cycle which in previous work has been largely neglected in favour of the James Bond films The study also brings new attention to espionage on

British television and popular secret agent series such as *Spy Trap* Quiller and *The Sandbaggers*. It also gives attention to the more realistic representation of spying in the film and television adaptations of le Carr and Deighton and other dramas with a more serious intent. In addition, there is wholly original attention given to nostalgic spy fictions on screen adaptations of classic stories of espionage which were popular in the late 1970s and through the 1980s and to historical spy fiction dramas which treated real cases of espionage and their characters most notably the notorious Cambridge Spies. Detailed attention is also given to the secret state thriller, a cycle of paranoid screen dramas in the 1980s which portrayed the intelligence services in a conspiratorial light, best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service. The study is brought up to date with an examination of screen espionage in Britain since the end of the Cold War. The approach is empirical and historical. The study examines the production and reception, literary and historical contexts of the films and dramas. It is the first detailed overview of the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films, series and serials never previously considered.

She makes friends, is helping to organise the school fashion show and has boys asking her out. But just as her life finally seems to be looking up, she starts receiving macabre packages. When she gets a message: 'Isn't it time your new friends knew all about you?' she has to admit that someone knows her secret. But who and what should she do?

British Terrorist Novels of the 1970s Joseph Darlington, 2018-04-19. This book discusses British novels published during the 1970s which feature terrorists either as main characters or as a major plot point. The focus on terrorism's literary depiction provides insight into the politics of the decade. The book analyses texts from Gerald Seymour, Anthony Burgess, V. S. Naipaul, Graham Greene, Doris Lessing, B. S. Johnson, Tom Sharpe and Eric Ambler among others in order to engage with the IRA, the end of Empire, counterculture and environmentalism. The book provides a brief history of terrorism as a concept and tactic before discussing British literature's relationship with terrorism. It presents a standard terrorist morphology by which to analyse terrorist narratives along with other insights into the British post-war imagination, writing and extremism.
