Harsh Reckoning Philip Ketchum, Gino D'Achille, 1962 *Harsh Reckoning* Ketchum, 1988 *Harsh Reckoning* Philip Ketchum, 197? Horace Greeley James M. Lundberg, 2019-11-19 A lively portrait of Horace Greeley one of the nineteenth century's most fascinating public figures The founder and editor of the New York Tribune Horace Greeley was the most significant and polarizing American journalist of the nineteenth century To the farmers and tradesmen of the rural North the Tribune was akin to holy writ To just about everyone else Democrats southerners and a good many Whig and Republican political allies Greeley was a shape shifting menace an abolitionist fanatic a disappointing conservative a terrible liar a power hungry megalomaniac In *Horace Greeley* James M Lundberg revisits this long misunderstood figure known mostly for his wild inconsistencies and irrepressible political ambitions Charting Greeley's rise and eventual fall Lundberg mines an extensive newspaper archive to place Greeley and his Tribune at the center of the struggle to realize an elusive American national consensus in a tumultuous age Emerging from the jangling culture and politics of Jacksonian America Lundberg writes Greeley sought to define a mode of journalism that could uplift the citizenry and unite the nation But in the decades before the Civil War he found slavery and the crisis of American expansion standing in the way of his vision Speaking for the anti slavery North and emerging Republican Party Greeley rose to the height of his powers in the 1850s but as a voice of sectional conflict not national unity By turns a war hawk and peace seeker champion of emancipation and sentimental reconciliationist Greeley never quite had the measure of the world wrought by the Civil War His 1872 run for president on a platform of reunion and amnesty toward the South made him a laughingstock albeit one who ultimately laid the groundwork for national reconciliation and the betrayal of the Civil War's emancipatory promise Lively and engaging Lundberg reanimates this towering figure for modern readers Tracing Greeley's twists and turns this book tells a larger story about print politics and the failures of American nationalism in the nineteenth century An Inconvenient Apocalypse Wes Jackson, Robert Jensen, 2022-09-01 Confronting harsh ecological realities and the multiple cascading crises facing our world today *An Inconvenient Apocalypse* argues that humanity's future will be defined not by expansion but by contraction For decades our world has understood that we are on the brink of an apocalypse and yet the only implemented solutions have been small and convenient feel good initiatives that avoid unpleasant truths about the root causes of our impending disaster Wes Jackson and Robert Jensen argue that we must reconsider the origins of the consumption crisis and the challenges we face in creating a survivable future Longstanding assumptions about economic growth and technological progress the dream of a future of endless bounty are no longer tenable The climate crisis has already progressed beyond simple or nondisruptive solutions The end result will be apocalyptic the only question now is how bad it will be Jackson and Jensen examine how geographic determinism shaped our past and led to today's social injustice consumerist culture and high energy high technology dystopias The solution requires addressing today's systemic failures and confronting human nature by

recognizing the limits of our ability to predict how those failures will play out over time Though these massive challenges can feel overwhelming Jackson and Jensen weave a secular reading of theological concepts the prophetic the apocalyptic a saving remnant and grace to chart a collective realistic path for humanity not only to survive our apocalypse but also to emerge on the other side with a renewed appreciation of the larger living world
