Unplanned Cities in Modern American Poetry Daniela Kukrechtová, 2025-07-10 Reveals how five modern American poets challenged prevailing discourses about urbanization through lyrical representations of cities and the diverse people who lived in them In early 20th century America industrialization and the influx of immigrants and rural migrants into urban centers fostered a certain representation of and distaste for cities and their inhabitants The dominant discourse was one of containment through utopian planning and violent reshaping often reflected in both policy making and writings about cities during this time Yet as Daniela Kukrechtová identifies urban literature also reveals voices that challenged that narrative *Unplanned Cities in Modern American Poetry* shows how the formally innovative works of five poets Jean Toomer William Carlos Williams Hart Crane Frank O'Hara and Gwendolyn Brooks worked against anti urban discourse Their works displayed a love for disorderly cityscapes and the actual urbanites who inhabit them promoting the radical idea that cities were for people while revealing the extreme dystopian utopian discourses that helped create and maintain divisions and disparities Kukrechtová argues that besides offering a radical critique these poets also used their poetry to imagine the mental and emotional attitudes of urban dwellers toward their environment She therefore offers the urban ecocritical approach often missing in literary analyses of modern American poetry Simultaneously the lyrical and socially engaged imagination in these works that is the human implications of various plans designs and policies that helped create the modern American city represent a voice often unheard in urban studies and its history

Of Bridges Thomas Harrison, 2021-04-01 Offers a philosophical history of bridges both literal bridges and their symbolic counterparts and the acts of cultural connection they embody Always wrote Philip Larkin it is by bridges that we live Bridges represent our aspirations to connect to soar across divides And it is the unfinished business of these aspirations that makes bridges such stirring sights especially when they are marvels of ingenuity A rich compendium of myths superstitions and literary and ideological figurations *Of Bridges* organizes a poetic and philosophical history of bridges into nine thematic clusters Leaping in lucid prose between distant times and places Thomas Harrison questions why bridges are built and where they lead He probes links forged by religion between life's transience and eternity as well as the consolidating ties of music illustrated by the case of the blues He investigates bridges in poetry as flash points in war and the megabridges of our globalized world He illuminates real and symbolic crossings facing migrants each day and the affective connections that make persons and societies cohere In readings of literature film philosophy and art Harrison engages in a profound reflection on how bridges form and transform cultural communities *Of Bridges* is a mesmerizing vertiginous tale of bridges both visible and invisible both lived and imagined

Broken Tower Life Of Hart Crane Paul Mariani, 2000-05-02 Few poets have lived as extraordinary and as fascinating a life as Hart Crane who made his meteoric rise in the late 1920s and then flamed out just as suddenly killing himself at the age of 32 *The Broken Tower* tells his compelling story 34 photos

Whitman, Melville, Crane, and the Labors of American Poetry Peter Riley, 2019 This volume is about the type of work that poets perform and why it matters Challenging the divide between inspired poetic production and other apparently lesser and contingent forms of labor this book considers the poetry of Walt Whitman the real estate dealer Herman Melville the customs inspector and Hart Crane the copywriter

Hart Crane Clive Fisher, 2002-01-01 Malcolm Cowley Hart Crane's life was notoriously turbulent persistently nonconformist and tragically short This new biography presents for the first time a full frank portrait of the real Hart Crane a poet attractive both for his flamboyance and passion for life and for the magnificent sonorities of his work 18 illustrations

Hart Crane's Poetry John T. Irwin, 2011-12-15 Honorable Mention Literature 2012 PROSE Awards Professional and Scholarly Publishing Division of the Association of American Publishers 2012 Outstanding Academic Title Choice Magazine In one of his letters Hart Crane wrote Appollinaire lived in Paris I live in Cleveland Ohio comparing misspelling and all the great French poet's cosmopolitan roots to his own more modest ones in the midwestern United States Rebelling against the notion that his work should relate to some European school of thought Crane defiantly asserted his freedom to be himself a true American writer John T Irwin long a passionate and brilliant critic of Crane gives readers the first major interpretation of the poet's work in decades Irwin aims to show that Hart Crane's epic *The Bridge* is the best twentieth century long poem in English Irwin convincingly argues that compared to other long poems of the century *The Bridge* is the richest and most wide ranging in its mythic and historical resonances the most inventive in its combination of literary and visual structures the most subtle and compelling in its psychological underpinnings Irwin brings a wealth of new and varied scholarship to bear on his critical reading of the work from art history to biography to classical literature to philosophy revealing *The Bridge* to be the near perfect synthesis of American myth and history that Crane intended Irwin contends that the most successful entryway to Crane's notoriously difficult shorter poems is through a close reading of *The Bridge* Having admirably accomplished this Irwin analyzes Crane's poems in *White Buildings* and his last poem *The Broken Tower* through the larger context of his epic showing how Crane in the best of these worked out the structures and images that were fully developed in *The Bridge* Thoughtful deliberate and extraordinarily learned this is the most complete and careful reading of Crane's poetry available Hart Crane may have lived in Cleveland Ohio but as Irwin masterfully shows his poems stand among the greatest written in the English language
