**Harvard's Quixotic Pursuit of a New Science** Patrick L. Schmidt, 2022-06-21 In Harvard's Quixotic Pursuit of a New Science Patrick L. Schmidt tells the little known story of how some of the most renowned social scientists of the twentieth century struggled to elevate their emerging disciplines of cultural anthropology sociology and social and clinical psychology. Scorned and marginalized in their respective departments in the 1930s for pursuing the controversial theories of Freud and Jung they persuaded Harvard to establish a new department promising to create an interdisciplinary science that would surpass in importance Harvard's big three disciplines of economics government and history. Although the Department of Social Relations failed to achieve this audacious goal it nonetheless attracted an outstanding faculty produced important scholarly work and trained many notable graduates. At times it was a wild ride. Some faculty became notorious for their questionable research. Timothy Leary and Richard Alpert reborn as Ram Dass gave the psychedelic drug psilocybin to students while Henry Murray traumatized undergraduate Theodore Kaczynski later the Unabomber in a three year long experiment. Central to the story is the obsessive quest of legendary sociologist Talcott Parsons for a single theory unifying the social sciences the white whale to his Captain Ahab. All in all Schmidt's lively narrative is an instructive tale of academic infighting hubris and scandal.

**Harvard's Secret Court** William Wright, 2025-08-22 As mesmerizing as it is appalling The Boston Globe Harvard's Secret Court reveals the controversial true story of an appalling scandal at Harvard University when a group of deans and scholars attempted to expel a group of students for their sexuality. In 2002 a researcher for The Harvard Crimson came across a restricted archive labeled Secret Court Files 1920. The mystery he uncovered involved a tragic scandal in which Harvard University secretly put a dozen students on trial for homosexuality and then systematically and persistently tried to ruin their lives. In May of 1920 Cyril Wilcox a freshman suspended from Harvard was found sprawled dead on his bed his room filled with gas a suicide. The note he left behind revealed his secret life as part of a circle of homosexual students. The resulting witch hunt and the lives it cost remains one of the most shameful episodes in the history of America's premiere university. Supported by legendary Harvard President Lawrence Lowell Harvard conducted its investigation in secrecy. Several students committed suicide others had their lives destroyed by an ongoing effort on the part of Harvard to destroy their reputations. Harvard's Secret Court is a deeply moving indictment of the human toll of intolerance and the horrors of injustice that can result when a powerful institution loses its balance.
