The Secret Gospel of Mark Unveiled Peter Jeffery, 2007-01-01 In 1958 Bible scholar Morton Smith announced the discovery of a sensational manuscript a second century letter written by St Clement of Alexandria who quotes an unknown longer version of the Gospel of Mark

When Smith published the letter in 1973 he set off a firestorm of controversy that has raged ever since Is the text authentic or a hoax Is Smith s interpretation correct Did Jesus really practice magic or homosexuality And if the letter is a forgery why Through close examination of the discovered manuscript s text Peter Jeffery unravels the answers to the mystery and tells the tragic tale of an estranged Episcopalian priest who forged an ancient gospel and fooled many of the best biblical scholars of his time Jeffery shows convincingly that Smith s Secret Gospel is steeped in anachronisms and that its construction was influenced by Oscar Wilde s Salom twentieth century misunderstandings of early Christian liturgy and Smith s personal struggles with Christian sexual morality

Student Diversity at the Big Three Marcia Synnott,2017-09-08 Strengthening affirmative action programs and fighting discrimination present challenges to America s best private and public universities US college enrollments swelled from 2.6 million students in 1955 to 17.5 million by 2005 Ivy League universities specifically Harvard Yale and Princeton face significant challenges in maintaining their professed goal to educate a reasonable number of students from all ethnic racial religious and socio economic groups while maintaining the loyalty of their alumni College admissions officers in these elite universities have the daunting task of selecting a balanced student body Added to their challenges the economic recession of 2008-2009 negatively impacted potential applicants from lower income families Evidence suggests that high Standard Aptitude Test SAT scores are correlated with a family s socioeconomic status Thus the problem of selecting the best students from an ever increasing pool of applicants may render standardized admissions tests a less desirable selection mechanism The next admissions battle may be whether well endowed universities should commit themselves to a form of class based affirmative action in order to balance the socioeconomic advantages of well to do families Such a policy would improve prospects for students who may have ambitions for an education that is beyond their reach without preferential treatment As in past decades admissions policies may remain a question of balances and preferences Nevertheless the elite universities are handling admission decisions with determination and far less prejudice than in earlier eras

The Man in the Glass House Mark Lamster,2018-11-06 A smoothly written and fair minded Wall Street Journal biography of architect Philip Johnson a finalist for the National Book Critic s Circle Award When Philip Johnson died in 2005 at the age of 98 he was still one of the most recognizable and influential figures on the American cultural landscape The first recipient of the Pritzker Prize and MoMA s founding architectural curator Johnson made his mark as one of America s leading architects with his famous Glass House in New Caanan CT and his controversial AT T Building in NYC among many others in nearly every city in the country but his most natural role was as a consummate power broker and shaper of public opinion Johnson introduced European modernism the sleek glass and steel architecture that now dominates our cities to America and mentored generations of architects designers and artists to follow He defined the era of starchitecture with its flamboyant buildings and celebrity designers who esteemed aesthetics and style above all other concerns But Johnson was also a man of deep paradoxes he was a Nazi sympathizer a designer of synagogues an enfant terrible into his old age a populist and a snob

His clients ranged from the Rockefellers to televangelists to Donald Trump Award winning architectural critic and biographer Mark Lamster's *The Man in the Glass House* lifts the veil on Johnson's controversial and endlessly contradictory life to tell the story of a charming yet deeply flawed man. A rollercoaster tale of the perils of wealth, privilege and ambition, this book probes the dynamics of American culture that made him so powerful and tells the story of the built environment in modern America.

Stonewall's Legacy Susan B. Marine, 2011-09-29 Contemporary American colleges are increasingly queer places where significant steps toward inclusion of BGLT students have been made. Tracing the journey of BGLT students' emergence, which parallels the modern gay rights movement in America, this monograph provides an overview of data and theory derived from studying BGLT students and student movements in higher education. Offering context for the ways that previously marginalized students in higher education survive and thrive, this issue tells the story of their growing visibility on campus. Summarizes collective knowledge to date about BGLT identity development. Takes stock of transgender students' distinctive position and experiences in higher education. Assesses the role of the BGLT campus resource center in supporting students and advancing equity. This issue develops a picture of the ways that BGLT community activism informs scholarship and vice versa. In the telling of the movement's stories, these lessons suggest a practice of collaborative transformation for advancing the future of BGLT equality in higher education. This is Volume 37 Issue 4 of the Jossey-Bass publication *ASHE Higher Education Report*. Each monograph is the definitive analysis of a tough higher education problem based on thorough research and institutional experiences. Topics are identified by a national survey. Noted practitioners and scholars are then commissioned to write the reports, with experts providing critical reviews of each manuscript before publication.

Expanding the Circle John C. Hawley, 2015-01-08 Examines strategies and best practices that effectively integrate LGBTQ areas of teaching and research with student life activities. Many educational professionals agree that the time has come to expand their circle of inclusion and broaden their definition of diversity by increasing LGBTQ studies, but the question of how to do so is still debated. Although some colleges and universities have been incorporating LGBTQ studies for decades, courses and programs continue to be pockets of innovation rather than models of inclusion for all of higher education. Colleges and universities need to encourage faculty members to teach and research a wide range of LGBTQ topics as well as support student life professionals in building inclusive campus communities. This book includes testimonies that alert educators to possible pitfalls and successes of their policies through an analysis of changing student attitudes. Based on these case studies, the contributors offer practical suggestions for the classroom and the provost's office, demonstrating not only the gains that have been made by LGBTQ students and the institutions that serve them, but also the tensions that remain. *Expanding the Circle* is a comprehensive overview of issues facing LGBTQ students in higher education in the US and those seeking to queer the academy through incorporating LGBTQ content into curricula. It highlights problems we might not have imagined, a closeted gay man being harassed by those who are more out, and describes issues we would have hoped were

history faculty and staff telling students not to list a certificate in LGBTQ studies on a resume This book presents proven strategies to create affirming institutions of higher learning in which students and faculty can be their full selves and study the contributions of LGBTQ people to the human experience Sean Cahill coauthor of *LGBT Youth in America's Schools* *A Place More Void* Paul Thomas Kingsbury, Anna Jean Secor, 2021-02 *A Place More Void* takes its name from a scene in William Shakespeare's *The Tragedy of Julius Caesar* wherein an elderly soothsayer has a final chance to warn Caesar about the Ides of March Worried that he won't be able to deliver his message because of the crowded alleyways the soothsayer devises a plan to find and intercept Caesar in a place more void It is precisely such an elusive place that this volume makes space for by theorizing and empirically exploring the many yet widely neglected ways in which the void permeates geographical thinking This collection presents geography's most in depth and sustained engagements with the void to date demonstrating the extent to which related themes such as gaps cracks lacks and emptiness perforate geography's fundamental concepts practices and passions Arranged in four parts around the themes of Holes Absences Edges and Voids the contributions demonstrate the fecundity of the void for thinking across a wide range of phenomena from archives to alien abductions caves to cryptids and vortexes to vanishing points *A Place More Void* gathers established and emerging scholars who engage a wide range of geographical issues and who express themselves not only through archival literary and socio scientific investigations but also through social and spatial theory political manifesto poetry and performance art **Queer America** Vicki L.
