Harvest Of A Quiet Eye The Novel Of Compassion:

Harvest of a Quiet Eye James Jack Gindin, 1971 The Marriage of Minds Rachel Ablow, 2007 *The Marriage of Minds* examines the implications of the common Victorian claim that novel reading can achieve the psychic ethical and affective benefits also commonly associated with sympathy in married life Through close readings of canonical texts in relation to the histories of sympathy marriage and reading *The Marriage of Minds* begins to fill a long standing gap between eighteenth century philosophical notions of sympathy and twentieth century psychoanalytic concepts of identification It examines the wide variety of ways in which novels were understood to educate or reform readers in the mid nineteenth century Finally it demonstrates how both the form of the Victorian novel and the experience supposed to result from that form were implicated in ongoing debates about the nature purpose and law of marriage **The Survival of the Novel** Neil McEwan, 1981-11-26

The Power of Lies John Kucich, 2018-07-05 Although moral earnestness has long been considered characteristic of the Victorians Kucich maintains that English fiction in the nineteenth century was as interested in lies as in honesty In this important book Kucich explores the fascination with lying in novels by Anthony Trollope Wilkie Collins Elizabeth Gaskell Ellen Wood Thomas Hardy and Sarah Grand **The Trollope Critics** N. John Hall, 1981-06-18 The Egoist George Meredith, 2010-03-22 In *The Egoist* his comic masterpiece George Meredith takes the traditional marriage plot of English domestic fiction and turns it on its head The novel describes the repeated and disastrous courtships of Sir Willoughby Patterne the egoist of the title Three women become engaged to Sir Willoughby but despite his aristocratic arrogance and the manipulative power of his wealth each is finally able to see him more clearly than he sees himself The introduction to this edition provides context for the novel from Meredith's own life his theory of comedy and his understanding of Darwinian thought The appendices include reviews other writing on comedy and historical documents on women sexual politics and the theory of evolution **The Experimental Impulse in George Meredith's Fiction** Richard C. Stevenson, 2004 This book argues that George Meredith as a writer of Victorian fiction is most critical for us today because of the ways in which he wrote against convention The focus is on seven novels *An Essay on Comedy* *The Ordeal of Richard Feverel* *The Adventures of Harry Richmond* *The Egoist* *One of Our Conquerors* *Lord Ormont and His Aminta* and *The Amazing Marriage* which clearly illuminate the experimental and transgressive impulse in Meredith as seen in his treatment of controversial contemporary themes in his departures from conventions of genre and in his innovations with narrative technique and the representation of consciousness canonical writers we now associate with the first wave of modernism in the English novel James and then Woolf Forster Lawrence Conrad Ford and Joyce to varying degrees all saw Meredith as an influence to be reckoned with in their own novelistic experimentation an influence this book proposes essential to understanding the modernist translation of nineteenth century realism into new formal thematic and psychological realms twentieth century British novel at the University of Oregon *The Absurd Hero in American Fiction* David D. Galloway, 2014-06-30 When *The Absurd Hero* in

American Fiction was first released in 1966 Granville Hicks praised it in a lead article for the Saturday Review as a sensitive and definitive study of a new trend in postwar American literature In the years that followed David Galloway's analysis of the writings of John Updike William Styron Saul Bellow and J D Salinger became a standard critical work an indispensable tool for readers concerned with contemporary American literature The New York Times described the book as a seminal study of the modern literary imagination David Galloway himself an established novelist later extensively revised The Absurd Hero to include authoritative discussions of more than a dozen novels which had appeared since the first revised edition was released in 1970 Among them are John Updike's Couples Rabbit Redux and The Coup William Styron's The Confessions of Nat Turner and Sophie's Choice and Saul Bellow's Mr Sammler's Planet and Humboldt's Gift Through detailed analyses of these works Galloway demonstrates the continuing relevance of his own provocative concept of the absurd hero and provides important insights into the literary achievements of four of America's most influential postwar novelists The Ethos of Romance at the Turn of the Century William J. Scheick, 2014-10-14

The romance genre was a popular literary form among writers and readers in the nineteenth and early twentieth centuries but since then it has often been dismissed as juvenile unmodern improper or subversive In this study William J Scheick seeks to recover the place of romance in fin de siècle England and America to distinguish among its subgenres of eventuary aesthetic and ethical romance and to reinstate ethical romance as a major mode of artistic expression Scheick argues that the narrative maneuvers of ethical romance dissolve the boundary between fiction and fact In contrast to eventuary romances which offer easily consumed entertainment or aesthetic romances which urge upon readers a passive appreciation of a wondrous work of art ethical romances potentially disorient and reorient their readers concerning some metaphysical insight hidden within the commonplace They prompt readers to question what is real and what is true and to ponder the wonder of life and the text of the self there to detect what the reader might do in the art of his or her own life The authors whose works Scheick discusses are Nathaniel Hawthorne H Rider Haggard Henry James C J Cutcliffe Hyne H G Wells John Kendrick Bangs Gilbert K Chesterton Richard Harding Davis Stephen Crane Mary Austin Jack London Robert Louis Stevenson Mary Cholmondeley and Rudyard Kipling This wide selection expands the canon to include writers and works that highly merit re-reading by a new generation British Fiction in the 1930s James

Gindin, 2016-07-27 British Fiction in the 1930s studies the literary climate of the British 1930s through a critical treatment of some of its influential and socially representative fiction The works depict in various ways a culture under the stress of seemingly insoluble economic and intensifying international dilemmas a culture that seems betrayed by the promise of its past and the paralysis of its present The fiction considers transforming solutions individual and sexual rebellions as well as the fears and attractions of social and political change **Angus Wilson and His Works** S.S. Agarwalla, 1996-07

Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this **James Joyce** Thomas Jackson
