Hateruma Socioreligious Aspects Of A Southryukyuan Island Culture:

Hateruma C. Ouwehand,2023-08-14 **Nature, Ritual, and Society in Japan's Ryukyu Islands** Arne

Røkkum,2006-04-18 Despite their small area the southern islands of Japan can be seen as stepping stones towards a more nuanced view of cultural osmosis between Japan and the outside world This book presents an ethnographic portrayal of the people of the Southern Ryukyu Islands and their world In particular it explores the mind of the islanders their relationship with the natural world their social relationships and the rituals which represent and give expression to these relationships Based on extensive original research including participant observation the book allows the authentic voices of the Ryukyu Island worlds to speak for themselves as well as setting the work in the wider context of anthropology Japanese Studies and Pacific Island studies *Anthropology and Colonialism in Asia* Jan van Bremen,Akitoshi Shimizu,2013-03-07 For a time it was almost a cliché to say that anthropology was a handmaiden of colonialism by which was usually meant Western colonialism And this insinuation was assumed to somehow weaken the theoretical claims of anthropology and its fieldwork achievements What this collection demonstrates is that colonialism was not only a Western phenomenon but Eastern as well And that Japanese or Chinese anthropologists were also engaged in studying subject peoples But wherever they were and whoever they were anthropologists always had a complex and problematic relationship with the colonial state The latter saw some anthropologists sympathy for the natives as a threat while on the other hand anthropological knowledge was used for the training of colonial officials The impact of the colonial situation on the formation of anthropological theories is an important if not easily answered question and the comparison of experiences in Asia offered in this book further helps to illuminate this complex relationship *Anthropology and Colonialism in Asia and Oceania* Jan van Bremen,Akitoshi Shimizu,1999 This study demonstrates that colonialism was not only a western phenomenon Japanese and Chinese anthropologists also studied subject peoples Comparison of experiences further helps to illuminate this complex relationship

Understanding Japanese Society Joy Hendry,2003-09-02 Fully updated revised and expanded this is a welcome new edition of this bestselling book providing a clear accessible and readable introduction to Japanese society Sacrifice in Religious Experience Albert I. Baumgartner,2018-09-24 This book presents revised papers delivered at the 1998 and 1999 Taubes Minerva Center for Religious Anthropology conferences The papers from the 1998 conference discuss the role of sacrifice in religious experience from a comparative perspective Those from the second conference examine alternatives to sacrifice The first theme has been much elaborated in recent scholarship and the essays here participate in that on going inquiry The second theme has been less explored and the goal of this volume is to stimulate examination of the topic by offering a set of test cases In both sections of the volume a wide variety of religious traditions are considered The essays show that in spite of the inclination we may sometimes have to consider sacrifice part of the idolatrous past long overcome it remains a persistent and meaningful part of religious experience Handbook of the Ryukyuan Languages Patrick

Heinrich, Shinsho Miyara, Michinori Shimoji, 2015-02-17 The UNESCO atlas on endangered languages recognizes the Ryukyuan languages as constituting languages in their own right This represents a dramatic shift in the ontology of Japan's linguistic make up Ryukyuan linguistics needs to be established as an independent field of study with its own research agenda and objects This handbook delineates that the UNESCO classification is now well established and adequate Linguists working on the Ryukyuan languages are well advised to refute the ontological status of the Ryukyuan languages as dialects The Ryukyuan languages constitute a branch of the Japonic language family which consists of five unroofed Abstand language by distance languages The Handbook of Ryukyuan Languages provides for the most appropriate and up to date answers pertaining to Ryukyuan language structures and use and the ways in which these languages relate to Ryukyuan society and history It comprises 33 chapters written by the leading experts of Ryukyuan languages Each chapter delineates the boundaries and the research history of the field it addresses comprises the most important and representative information

Drawing the Sea Near C. Anne Claus, 2020-11-03 How Japanese coastal residents and transnational conservationists collaborated to foster relationships between humans and sea life *Drawing the Sea Near* opens a new window to our understanding of transnational conservation by investigating projects in Okinawa shaped by a conservation near approach which draws on the senses the body and memory to collapse the distance between people and their surroundings and to foster collaboration and equity between coastal residents and transnational conservation organizations This approach contrasts with the traditional Western conservation far model premised on the separation of humans from the environment Based on twenty months of participant observation and interviews this richly detailed engagingly written ethnography focuses on Okinawa's coral reefs to explore an unusually inclusive experiential and socially just approach to conservation In doing so C Anne Claus challenges orthodox assumptions about nature wilderness and the future of environmentalism within transnational organizations She provides a compelling look at how transnational conservation organizations in this case a field office of the World Wide Fund for Nature in Okinawa negotiate institutional expectations for conservation with localized approaches to caring for ocean life In pursuing how particular projects off the coast of Japan unfolded *Drawing the Sea Near* illuminates the real challenges and possibilities of work within the multifaceted transnational structures of global conservation organizations Uniquely it focuses on the conservationists themselves why and how has their approach to project work changed and how have they themselves been transformed in the process

Unwrapping Japan Eyal Ben-Ari, Brian Moeran, Jim Valentine, 2010-10-18 Recent years have witnessed an explosive growth in the literature published about Japan Yet it seems that the more that is written about Japan and Japanism its culture society people the more mysterious it becomes As well as exploring issues relating to advertising tourism women festivals and the art world the book depicts how the study of Japanese society contributes to anthropological theory and understanding The editors use the term unwrapping to provide insights into Japanese culture and relate these insights to broader problems and questions prevalent in

contemporary anthropological discourse The issues explored include the contribution of applied anthropology to theory the relationship between tourism and nostalgia the interplay of marginality and belonging the role of advertising in gender relations status in the art world and the place of Japanese genres of writing within anthropology texts Founding Territorial Cults in Early Japan G. Domenig, 2023-12-11 The first book that deals with the territorial cults of early Japan by focusing on how such cults were founded in ownerless regions Numerous ancient Japanese myths and legends are discussed to show that the typical founding ritual was a two phase ritual that turned the territory into a horizontal microcosm complete with its own terrestrial heaven inhabited by local deities Reversing Mircea Eliade's popular thesis the author concludes that the concept of the human made horizontal microcosm is not a reflection but the source of the religious concept of the macrocosm with gods dwelling high up in the sky The open access publication of this book has been published with the support of the Swiss National Science Foundation **The Origins of Banana-fibre Cloth in the Ryukyus, Japan** Katrien Hendrickx, 2007 In this book Katrien Hendrickx searches for the origins of bashofu in the Ryukyus including the origins of ito basho the plant that provides the raw material and studies the yarn making methods and weaving techniques She also focuses on why and how the Ryukyuan people adopted those techniques and introduced them into their own society BOOK JACKET **RLE: Japan Mini-Set E: Sociology and Anthropology** Various, 2021-07-14 Mini set E Sociology Anthropology re issues 10 volumes originally published between 1931 and 1995 and covers topics such as Japanese whaling marriage in Japan and the Japanese health care system For institutional purchases for e book sets please contact online sales tandf.co.uk customers in the UK Europe and Rest of World The Okinawa Program Bradley J. Willcox, D. Craig Willcox, Makoto Suzuki, 2002-03-12 If Americans lived more like the Okinawans 80 percent of the nation's coronary care units one third of the cancer wards and a lot of the nursing homes would be shut down From The Okinawa Program The Okinawa Program authored by a team of internationally renowned experts is based on the landmark scientifically documented twenty five year Okinawa Centenarian Study a Japanese Ministry of health sponsored study This breakthrough book reveals the diet exercise and lifestyle practices that make the Okinawans the healthiest and longest lived population in the world With an easy to follow Four Week Turnaround Plan nearly one hundred fast delicious recipes and a moderate exercise plan The Okinawa Program can dramatically increase your chances for a long healthy life *Modern Japanese society / edited by Josef Kreiner, Ulrich Hohwald and Hans Dieter Olschleger.* Josef Kreiner, Ulrich Mèohwald, Hans Dieter Ölschleger, 2004 Is Japanese society essentially different from other modern industrialized societies or not This survey work with contributions from the leading scholars in this complicated field presents a full overview of the most important aspects of Japanese society which may lead the reader to find an answer to these two often asked questions Japanese society defined as those institutions shaping the life of individuals and groups as well as being responsible for the dynamics of social development is shown to be as modern as any other industrialized society definitely distinct though are the ways in which institutions are defined and organised as a

result of different social and historical roots of the process of modernization

The Genius of Kinship German Valentinovich Dziel, 2007 Dziel has doctorates in both history and anthropology and is currently both advisor to the Great Russian Encyclopedia and senior anthropologist at Crispin Porter Bogusky advertising agency His extremely dense work is actually three books in one The first is a history of kinship studies from the early 19th century to the present The second is a comparative study of kinship terminology among non Indo European languages for which he has also prepared a data base published on the internet The third section highly controversial as he admits uses anthropology mitochondrial studies and linguistics to suggest that the out of Africa model of human origins may be in error and that the first humans actually came from the Americas and spread from there to the rest of the world

The Story of Lynx Claude Lévi-Strauss, 1996-12 In olden days in a village peopled by animal creatures lived Wild Cat another name for Lynx He was old and mangy and he was constantly scratching himself with his cane From time to time a young girl who lived in the same cabin would grab the cane also to scratch herself In vain Wild Cat kept trying to talk her out of it One day the young lady found herself pregnant she gave birth to a boy Coyote another inhabitant of the village became indignant He talked all of the population into going to live elsewhere and abandoning the old Wild Cat his wife and their child to their fate So begins the Nez Percé myth that lies at the heart of *The Story of Lynx* Claude Lévi Strauss's most accessible examination of the rich mythology of American Indians In this wide ranging work the master of structural anthropology considers the many variations in a story that occurs in both North and South America but especially among the Salish speaking peoples of the Northwest Coast He also shows how centuries of contact with Europeans have altered the tales Lévi Strauss focuses on the opposition between Wild Cat and Coyote to explore the meaning and uses of gemellarity or twinness in Native American culture The concept of dual organization that these tales exemplify is one of non equivalence everything has an opposite or other with which it coexists in unstable tension In contrast Lévi Strauss argues European notions of twinness as in the myth of Castor and Pollux stress the essential sameness of the twins This fundamental cultural difference lay behind the fatal clash of European and Native American peoples *The Story of Lynx* addresses and clarifies all the major issues that have occupied Lévi Strauss for decades and is the only one of his books in which he explicitly connects history and structuralism The result is a work that will appeal to those interested in American Indian mythology

Dolphin Healing Horace E. Dobbs, 2015-11-05 Internationally renowned dolphin expert Dr Horace Dobbs tells the incredible story of over two decades work with dolphins and reveals new research that shows how dolphins can inspire us not only with their beauty and intelligence they can also heal us physically and emotionally Dobbs explores possible scientific explanations for the healing power of dolphins which he supports with many heart warming tales of personal transformation These stories include that of Bill who after swimming with dolphins was completely cured after 12 years of depression Lilo who's terminal cancer regressed and the incredible story of Eve a severely autistic girl who uttered her first word good after meeting a dolphin The book also examines the success of organised dolphin

healing around the world including the work of the famous Dolphin Healing Centre in Kyoto Japan Inspiring and deeply moving Dolphin Healing heralds a breathtaking new development in communications between humans and dolphins **The Journal of Asian Studies** ,1987 An essential resource for those interested in Asia Recognized as the leading publication in its field It features articles on the history arts social sciences and contemporary issues of East South and Southeast Asia as well as a large book review section *Women of the Sacred Groves* Susan Sered,1999-03-04 Okinawa is the only contemporary society in which women lead the official mainstream publicly funded religion Priestesses are the acknowledged religious leaders within the home clan and village and until annexation by Japan approximately one hundred years ago within the Ryukyuan Kingdom This fieldwork based study provides a gender sensitive look at a remarkable religious tradition Susan Sered spent a year living in Henza an Okinawan fishing village joining priestesses as they conducted rituals in the sacred groves located deep in the jungle covered mountains surrounding the village Her observations focus upon the meaning of being a priestess and the interplay between women s religious preeminence and other aspects of the society Sered shows that the villages social ethos is characterized by easy going interpersonal relations an absence of firm rules and hierarchies and a belief that the village and its inhabitants are naturally healthy Particularly interesting is her discovery that gender is a minimal category here villagers do not adapt any sort of ideology that proclaims that men and women are inherently different from one another Villagers do explain that because farmland is scarce in Okinawa men have been compelled to go to the dangerous ocean and to foreign countries to seek their livelihoods Women in contrast have remained present in their healthy and pleasant village working on their farms and engaging in constant rounds of intra and interfamilial socializing Priestesses who do not exert power in the sense that religious leaders in many other societies do can be seen as the epitome of presence By praying and eating at myriad rituals priestesses make immediate and tangible the benevolent presence of kami sama divinity Through in depth examination of this unique and little studied society Sered offers a glimpse of a religious paradigm radically different from the male dominated religious ideologies found in many other cultures The Magic Lantern José Tomás de Cuéllar,2000 Two renderings of a Mexican society fast unraveling under the mounting influence of European culture Cover
