Haunted Dorah L. Williams, 2017-07-26 It was an irrational decision Despite having just moved into a beautiful new house the Williams family gave in to an odd overwhelming desire to purchase and move into a Victorian home they had come upon by chance They were curious of course as to why the house had in the past had such a high vacancy rate no one ever seemed to live in it for a long period of time But that curiosity didn t last long because shortly after moving in strange things began to happen It became abundantly clear that the home s past owners had all had a reason for leaving fear The Williams new home was haunted At first the family tried telling themselves there were logical explanations for the strange things they all were witnessing But before long they came to accept the fact that they were sharing their home with ghosts Haunted is the Williams family s story from the point of view of the mother Dorah Through her chilling reminiscences we witness the all too real goings on in the house And we join the family as they seek a way to bring an end to the paranormal events that were occurring with ever more frequency and intensity and learn why the events began in the first place

True Haunting Edwin Becker, 2015-08-13 A companion story to the original True Haunting True Haunting 2 is from the voices and experiences of Marsha the stay at home wife and Dan one of the longer term tenants from the first floor apartment and includes material left out of the first book A factual account written by a best selling author featuring the birth of televised paranormal This is the story of a true haunting It was the first ever televised paranormal event by NBC in 1971 A young couple purchases a building that was built and occupied by a single family that refused to relinquish their hold even after death Investigated and verified by experts this residence brought chaos to the lives of those who chose to reside there Unlike a horror novel this chronicles what a real ghostly experience truly is Long before the laws of disclosure a young couple winds up in the midst of strange occurrences and survives True Haunting was a 40 year project starting from the time we moved out The book broke all sorts of records and even launched itself into television The paranormal was not something people discussed back in the 70 s and it certainly didn't have the acceptance and toleration people have for it today But about twenty five years later society was a slightly more accepting Now the writing will not stop Thousands of emails have poured in asking about Marsha's story and we're happy to say that after publishing True Haunting the Dave in the book actual name Dan White contacted me 40 years later and we have since rekindled a lost relationship that was once hindered by business and the darkness that was encompassed within the house Thus True Haunting 2 was born
