Sustainable Groundwater Management Jean-Daniel Rinaudo, Cameron Holley, Steve Barnett, Marielle Montginoul, 2020-03-16 This book describes and analyses the diversity of possible approaches and policy pathways to implement sustainable groundwater development based on a comparative analysis of numerous quantitative management case studies from France and Australia This unique book brings together water professionals and academics involved for several decades in groundwater policy making planning or operational management to reflect on their experience with developing and implementing groundwater management policy The data and analysis presented accordingly makes a significant contribution to the empirical water management literature by providing novel real world insights unpublished elsewhere The originality of the contributions also lies in the different disciplinary perspectives hydrogeology economics planning and social sciences in particular adopted in many chapters The book offers a unique comparative analysis of France Australia and experiences in countries such as Chile and the US to identify similarities but also fundamental differences which are analysed and presented as alternative policy options these differences being mainly related to the role of the state the community and market mechanisms in groundwater management

France under the Directory Martyn Lyons, 1975-09-25 On 9 thermidor Year 2 Robespierre fell on 18 brumaire Year 8 a coup d'etat brought Bonaparte to power This book demonstrates that the interval between these two momentous events was also of crucial importance Using the findings of recent research it presents a balanced appraisal of the thermidorean and directorial regimes to the English student For Jacobin sympathizers thermidor and the Directory represented the betrayal of the revolutionary idea for Bonapartist propagandists it represented chaos and corruption and the darker the Directory could be painted the more Bonaparte's reputation would be flattered Dr Lyons attempts to dispose of these myths He stresses the Directory's successes as well as its failures and emphasizes elements of continuity which link it both with the Jacobin regime and with the Consulate The regime inherited a heavy burden of war inflation and food shortages yet it remained revolutionary in its Republicanism its anticlericalism and its desire to carry the fruits of the Revolution to the rest of Europe At the same time it laid the foundations of financial stability and administrative efficiency on which Bonaparte was to build

The Corruption of Angels Mark Gregory Pegg, 2009-01-10 On two hundred and one days between May 1 1245 and August 1 1246 more than five thousand people from the Lauragais were questioned in Toulouse about the heresy of the good men and the good women more commonly known as Catharism Nobles and diviners butchers and monks concubines and physicians blacksmiths and pregnant girls in short all men over fourteen and women over twelve were summoned by Dominican inquisitors Bernart de Caux and Jean de Saint Pierre In the cloister of the Saint Sernin abbey before scribes and witnesses they confessed whether they or anyone else had ever seen heard helped or sought salvation through the heretics This inquisition into heretical depravity was the single largest investigation in the shortest time in the entire European

Middle Ages Mark Gregory Pegg examines the sole surviving manuscript of this great inquisition with unprecedented care often in unexpected ways to build a richly textured understanding of social life in southern France in the early thirteenth century He explores what the interrogations reveal about the individual and communal lives of those interrogated and how the interrogations themselves shaped villagers perceptions of those lives The Corruption of Angels similar in breadth and scope to Emmanuel Le Roy Ladurie s Montaignou is a major contribution to the field It shows how heretical and orthodox beliefs flourished side by side and more broadly what life was like in one particular time and place Pegg s passionate and beautifully written evocation of a medieval world will fascinate a diverse readership within and beyond the academy Oz Clarke's New Wine Atlas Oz Clarke,2002 Through its unique cartography more than 75 spectacular hand painted panoramic maps and Clarke s lively and opinionated prose this revolutionary atlas illustrates and explains the vital connections between the land the winemaker and the wine Full color Maps photos **Organic Resistance** Venus Bivar,2018-03-12 France is often held up as a bastion of gastronomic refinement and as a model of artisanal agriculture and husbandry But French farming is not at all what it seems Countering the standard stories of gastronomy tourism and leisure associated with the French countryside Venus Bivar portrays French farmers as hard nosed businessmen preoccupied with global trade and mass production With a focus on both the rise of big agriculture and the organic movement Bivar examines the tumult of postwar rural France a place fiercely engaged with crucial national and global developments Delving into the intersecting narratives of economic modernization the birth of organic farming the development of a strong agricultural protest movement and the rise of environmentalism Bivar reveals a movement as preoccupied with maintaining the purity of the French race as of French food What emerges is a story of how French farming conquered the world bringing with it a set of ideas about place and purity with a darker origin story than we might have guessed *Urban Rivalries in the French Revolution* Ted W. Margadant,2021-05-11 The reordering of France into a new hierarchy of administrative and judicial regions in 1791 unleashed an intense rivalry among small towns for seats of authority while raising vital issues for the vast majority of the French population Here Ted Margadant tells a lively story of the process of politicization magistrates lawyers merchants and other townspeople who petitioned the National Assembly not only boasted of their own communities and denigrated rival towns but also adopted revolutionary slogans and disseminated new political ideas and practices throughout the countryside The history of this movement offers a unique vantage point for analyzing the regional context of town life and the political dynamics of bourgeois leadership during the French Revolution Margadant explores the institutional crisis of the old regime that brought about the reordering considers the rhetoric and politics of space in the first year of the Revolution and examines the fate of small towns whose districts and law courts were suppressed Combining descriptive narrative with statistical analysis and computer mapping he reveals the important consequences of the new hierarchy for the urban development of France in the post Revolutionary era **The Encyclopædia Britannica** ,1898 **Provençal Literature & Language**
