The Structure of Cuban History Louis A. Pérez Jr., 2013-09-16 In this expansive and contemplative history of Cuba Louis A Perez Jr argues that the country's memory of the past served to transform its unfinished nineteenth century liberation project into a twentieth century revolutionary metaphysics The ideal of national sovereignty that was anticipated as the outcome of Spain's defeat in 1898 was heavily compromised by the U S military intervention that immediately followed To many Cubans it seemed almost as if the new nation had been overtaken by another country's history Memory of thwarted independence and aggrievement of the promise of sovereignty ever receding into the future contributed to the development in the early republic of a political culture shaped by aspirations to fulfill the nineteenth century promise of liberation and it was central to the claim of the revolution of 1959 as the triumph of history In this capstone book Perez discerns in the Cuban past the promise that decisively shaped the character of Cuban nationality [Cuban Studies 35](#) Lisandro Prez, Uva De Aragon, 2005-02-01 Cuban Studies has been published annually by the University of Pittsburgh Press since 1985 Founded in 1970 it is the preeminent journal for scholarly work on Cuba Each volume includes articles in both English and Spanish a large book review section and an exhaustive compilation of recent works in the field *Madhouse* Jennifer L. Lambe, 2016-12-22 On the outskirts of Havana lies Mazorra an asylum known to and at times feared by ordinary Cubans for over a century Since its founding in 1857 the island's first psychiatric hospital has been an object of persistent political attention Drawing on hospital documents and government records as well as the popular press photographs and oral histories Jennifer L Lambe charts the connections between the inner workings of this notorious institution and the highest echelons of Cuban politics Across the sweep of modern Cuban history she finds Mazorra has served as both laboratory and

microcosm of the Cuban state the asylum is an icon of its ignominious colonial and neocolonial past and a crucible of its republican and revolutionary futures From its birth Cuban psychiatry was politically inflected drawing partisan contention while sparking debates over race religion gender and sexuality Psychiatric notions were even invested with revolutionary significance after 1959 as the new government undertook ambitious schemes for social reeducation But Mazorra was not the exclusive province of government officials and professionalizing psychiatrists U S occupiers Soviet visitors and above all ordinary Cubans infused the institution both literal and metaphorical with their own fears dreams and alternative meanings Together their voices comprise the madhouse that as Lambe argues haunts the revolutionary trajectory of Cuban history
