Nā Mele o Hawai'i Nei Samuel H. Elbert, Noelani K. Mahoe, 2021-05-25 Here for the first time is a large collection of Hawaiian songs in an authoritative text with translation music not included The texts have never before been written consistently with the glottal stops indicating syllabic breaks between vowels and macrons indicating long vowels and stresses that make the words pronounceable by those unfamiliar with the Hawaiian language Many of the songs have not been translated before or have only been freely adapted rather than translated These 101 songs are all postmissionary and owe their musical origin to missionary hymns although only a few are religious None are technically chants though some are chants that have been edited and set to music They date from the mid 1850s most are from the time of the monarchy to 1968 the date of Mary Kawena Pukui's translation of Christmas songs Nearly all of these songs are sung today and are well known

to Hawaiian singers Included are love songs and Christmas songs There is an exhaustive introduction which includes classification and arrangement of the songs a note on the composers and analysis of the structure symbolism and meanings of the songs and a note on the translations and on the poetic vocabulary of the Hawaiian words **Aloha, Aloha! Elbert, Mary Kawena Pukui, 2021-05-25 Without question this is the definitive grammar of the Hawaiian language Indeed it is the first attempt at a comprehensive treatment of the subject since W D Alexander published his concise Short Synopsis of

the Most Essential Points in Hawaiian Grammar in 1864 This grammar is intended as a companion to the Hawaiian Dictionary by the same authors The grammar was written with every student of the Hawaiian language in mind from the casual interested layperson to the professional linguist and grammarian Although it was obviously impossible to avoid technical terms their use was kept to a minimum and a glossary is included for those who need its help Each point of grammar is illustrated with examples many from Hawaiian language literature **Hawaiian Language** Albert J.

Schütz,2020-05-31 With color and black and white illustrations throughout Hawaiian Language Past Present Future presents aspects of Hawaiian and its history that are rarely treated in language classes The major characters in this book make up a diverse cast Dutch merchants Captain Cook s naturalist and philologist William Anderson p kaha ia the inspiration for the Hawaiian Mission the American lexicographer Noah Webster philologists in New England missionary linguists and their Hawaiian consultants and many minor players The account begins in prehistory placing the probable origins of the ancestor of Polynesian languages in mainland Asia An evolving family tree reflects the linguistic changes that took place as these people moved east The current versions are examined from a Hawaiian centered point of view comparing the sound system of the language with those of its major relatives in the Polynesian triangle More recent historical topics begin with the first written samples of a Polynesian language in 1616 which led to the birth of the idea of a widespread language family The next topic is how the Hawaiian alphabet was developed The first efforts suffered from having too many letters a problem that was solved in 1826 through brilliant reasoning by its framers and their Hawaiian consultants The opposite problem was that the alphabet didn t have enough letters analysts either couldn t hear or misinterpreted the glottal stop and long vowels The end product of the development of the alphabet literacy is more complicated than some statistics would have us believe As for its success or failure both points of view from contemporary observers are presented Still it cannot be denied that literacy had a tremendous and lasting effect on Hawaiian culture The last part of the book concentrates on the most used Hawaiian reference works dictionaries It describes current projects that combine print and manuscript collections on a searchable website These projects can include the growing body of manuscript and print material that is being made available through recent and ongoing research As for the future a proposed monolingual dictionary would allow users to avoid an English bridge to understanding and move directly to a definition that includes Hawaiian cultural features and a Hawaiian worldview

Hawaiian National Bibliography, 1780-1900 David W. Forbes,2003-02-28 The fourth and final volume of the Hawaiian National Bibliography 1780 1900 records the most volatile period in Hawaii s history American business interests and the desire for a constitutional monarchy were pitted against the desire of the monarchs King Kal kaua and Queen Liliuokalani to strengthen the power of the throne The convulsions of the 1887 and 1889 revolutions were succeeded by the overthrow of the monarchy on January 17 1893 Documents revealing the struggle over annexation beginning in 1893 and the counterrevolution of 1895 are an important component of this volume Annexation in 1898 was followed by a two year period

during which functions of government and laws were altered to conform to those of the United States After the organic act became effective in 1900 vestiges of monarchical Hawaii disappeared and the history of the Territory of Hawaii unfolded As with the previous volumes Volume 4 is a record of printed works touching on some aspect of the political religious cultural or social history of the Hawaiian Islands A valuable component of this series is the inclusion of newspaper and periodical accounts and single sheet publications such as broadsides circulars playbills and handbills Entries are extensively annotated and also provided for each are exact title date of publication size of volume collation of pages number and type of plates and maps references and location of copies
