Hawaii's Missionary Saga Sacrifice And Godliness In Paradise:

Hawaii's Missionary Saga LaRue W. Piercy,1992 **Imperial Maine and Hawai'i** Paul T. Burlin,2008-03-01 Burlin's book provides an analysis of some of the broad themes and currents of 19th century American expansion in the Pacific through a discussion of a number of Maine inhabitants either going to Hawai'i or other areas of the archipelago Individuals covered include Sanford Dole Luther Secerance John L Stevens and James G Blaine **Aloha Betrayed** Noenoe K. Silva,2004-09-07 An historical account of native Hawaiian encounters with and resistance to American colonialism based on little read Hawaiian language sources **Anne Brigman** Kathleen Pyne,2020-06-23 The life and work of an essential photographer whose feminism and pictorialist images distanced her from the mainstream In the first book devoted to Anne Brigman 1869 1950 Kathleen Pyne traces the groundbreaking photographer's life from Hawai'i to the Sierra and elsewhere in California revealing how her photographs emerged from her experience of local place and cultural politics Brigman's work caught the eye of the well known photographer Alfred Stieglitz who welcomed her as one of the original members of his Photo Secession group He promoted her work as exemplary of his modernism and praised her Sierra landscapes with female nudes work that at the time separated Brigman from the spiritualized upper class femininity of other women photographers Stieglitz later drew on Brigman's images of the expressive female body in shaping the public persona of Georgia O Keeffe into his ideal woman artist This nuanced account reasserts Brigman's place among photography's most important early advocates and provides new insight into the gender and racist dynamics of the early twentieth century art world especially on the West Coast of the United States *Hawaiian History* Richard Lightner,2004-08-30 Hawaii has been referred to as the crossroads of the Pacific This book illustrates how many world cultures and customs meet in the Hawaiian Islands providing a chronological overview highlighted by extracts from important works that express Hawaii's unique history This work starts with chronological chapters on general and ancient Hawaiian history and continues through early Western contact the 19th century and Hawaii's annexation to the United States Topics include politics religion social issues business ethnic groups and race relations **Hawaiian by Birth** Joy Schulz,2020-07-01 2018 Sally and Ken Owens Award from the Western History Association Twelve companies of American missionaries were sent to the Hawaiian Islands between 1819 and 1848 with the goal of spreading American Christianity and New England values By the 1850s American missionary families in the islands had birthed more than 250 white children considered Hawaiian subjects by the indigenous monarchy but U S citizens by missionary parents In *Hawaiian by Birth* Joy Schulz explores the tensions among the competing parental cultural and educational interests affecting these children and in turn the impact the children had on nineteenth century U S foreign policy These children of white missionaries would eventually alienate themselves from the Hawaiian monarchy and indigenous population by securing disproportionate economic and political power Their childhoods complicated by both Hawaiian and American influences led to significant political and international ramifications once the children reached

adulthood Almost none chose to follow their parents into the missionary profession and many rejected the Christian faith Almost all supported the annexation of Hawai i despite their parents hope that the islands would remain independent Whether the missionary children moved to the U S mainland stayed in the islands or traveled the world they took with them a sense of racial privilege and cultural superiority Schulz adds children s voices to the historical record with this first comprehensive study of the white children born in the Hawaiian Islands between 1820 and 1850 and their path toward political revolution

Titus Coan Phil Corr,2021-10-21 In this book Phil Corr provides a tour de force by writing for both the biography reader and the scholar In this hybrid work he vividly portrays the life of Titus Coan the pen painter while also filling gaps in the scholarship These gaps include the volume itself no full length published book has previously been written on Titus Coan and the following chapters Patagonia Peace and Other Religions Using the unpublished thesis by Margaret Ehlke and many other primary and secondary sources he significantly deepens the understanding of Coan in many areas This book is presented to the future reader for the purposes of edification and increasing the scholarship of this man who lived an incredible life during incredible times

Be Always Converting, be Always Converted Rob Wilson,2009 Wilson s reconceptualization of the American project of conversion begins with the story of Henry p kaha ia the first Hawaiian convert to Christianity torn from his Native Pacific homeland and transplanted to New England Wilson argues that p kaha ia s conversion is both remarkable and prototypically American

The World and All the Things upon It David A. Chang,2016-06-01 Winner of the Modern Language Association s Prize for Studies in Native American Literatures Cultures and Languages Winner of the American Historical Association s Albert J Beveridge Award Winner of NAISA s Best Subsequent Book Award Winner of the Western History Association s John C Ewers Award Finalist for the John Hope Franklin Prize What if we saw indigenous people as the active agents of global exploration rather than as the passive objects of that exploration What if instead of conceiving of global exploration as an enterprise just of European men such as Columbus or Cook or Magellan we thought of it as an enterprise of the people they discovered What could such a new perspective reveal about geographical understanding and its place in struggles over power in the context of colonialism The World and All the Things upon It addresses these questions by tracing how Kanaka Maoli Native Hawaiian people explored the outside world and generated their own understandings of it in the century after James Cook s arrival in 1778 Writing with verve David A Chang draws on the compelling words of long ignored Hawaiian language sources stories songs chants and political prose to demonstrate how Native Hawaiian people worked to influence their metaphorical place in the world We meet for example Ka iana a Hawaiian chief who took an English captain as his lover and while sailing throughout the Pacific considered how Chinese Filipinos Pacific Islanders and Native Americans might shape relations with Westerners to their own advantage Chang s book is unique in examining travel sexuality spirituality print culture gender labor education and race to shed light on how constructions of global geography became a site through which Hawaiians as well as their would be

colonizers perceived and contested imperialism colonialism and nationalism Rarely have historians asked how non Western people imagined and even forged their own geographies of their colonizers and the broader world This book takes up that task It emphasizes moreover that there is no better way to understand the process and meaning of global exploration than by looking out from the shores of a place such as Hawai i that was allegedly the object and not the agent of exploration **Hilo** K.M. Valentine,2014 Explore the charming city with a timeless style and resilient population ever vigilant against the potential of another destructive wave Hilo pronounced Hee low is the second largest city in Hawai i and the seat of government for the Big Island of Hawai i Giant trees shade its avenues and a string of picturesque beach parks line the crescent shaped shoreline of Hilo Bay It was from here that King Kamehameha the Great launched his fleet of war canoes to conquer the Hawaiian Islands and later where whaling ships and schooners dropped their cargoes of sailors missionaries and sundry goods The bay is still active with modern seafaring vessels enjoying the protected waters inside a famous stone breakwater Two majestic and scenic mountains Mauna Kea and Mauna Loa overlook the city and the bay Hilo itself holds many stories of ancient gods kings and queens the missionaries who came to challenge both immigrants who came to work the sugar cane fields and numerous destructive tsunamis that Mother Nature sent to challenge them Century old buildings remain as do the descendants of merchants that prospered here **Crosscurrents** Reed Ueda,2016 This book provides an original perspective on American immigration that transcends the standard compartmentalization of American immigration into separate Atlantic European and Pacific Asian spheres and narratives that has blocked a fuller view of inter regionalism and globalism In contrast this volume reveals modern migration to the U S as a bridge connecting the multiple peoples of the Atlantic and Pacific regions It focuses on cross cultural change and mutual adaptation between European and Asian immigrants an innovative process that produced global diversity and multicultural convergence Provided by publisher
