significance of American foundations whose assets amounted to over 530 billion in 2008 despite a dramatic decline of almost 22 percent in the previous year And in 2008 foundation grants totaled over 45 billion But what roles have foundations actually played over time and what distinctive roles do they fill today How have they shaped American society how much difference do they make What roles are foundations likely to play in the future This comprehensive volume the product of a three year project supported by the Aspen Institute's program on the Nonprofit Sector and Philanthropy provides the most thorough effort ever to assess the impact and significance of the nation's large foundations In it leading researchers explore how foundations have shaped or failed to shape each of the key fields of foundation work American Foundations takes the reader on a wide ranging tour evaluating foundation efforts in education scientific and medical research health care social welfare international relations arts and culture religion and social change
