Yenilmez, Gül Ş. Huyugüzel Kışla, 2021-03-07 This book evaluates the global labour market in the context of gender equality and the associated policies and regulations particularly in developing markets to recommend measures for encouraging gender equality It exposes the barriers that women employees encounter as well as some of the societal and workplace policies they specifically are subject to Important themes within this topic include participation rates the looming gap in hourly pay availability of part time and full time positions value and social status associated with jobs held by men and women The book examines how global gender policy objectives such as gender equality in careers gender balance in decision making and gender dimensions in research can be incorporated into policy frameworks The book analyzes the gendered nature of assumptions processes and theories The juxtaposition between family and work tradition and modernity and dependency and autonomy clearly still seems to be misunderstood Therefore the book asks whether work improves women s positions in society and or changes their roles in their families The authors explore and uncover the connections among employment entrepreneurship migration economies and gender global labour markets and provide helpful solutions to the perceptions surrounding women s status risks and inequality that limit their economic participation This insightful read provides comprehensive details on a variety of themes and encourages further research on policies that are key to promoting gender equality The book will appeal to postgraduate students and researchers of labour and feminist economics the economics of gender women s studies and sociology

Handbook of Labor Economics, 2024-12-05 Volumes 5 and 6 of the Handbook of Labor Economics will systematically review the research topics empirical findings and methods that constitute frontier research in the field The focus will be on the most important research advances that have taken place since the publication of the previous Handbook Volume 4 almost 15 years ago How do factors such as trade technology skills immigration crime unions race and gender affect wages and employment in modern labor markets What is the labor market impact of policy interventions such as minimum wages employment and training policies and family policies Recent methodological advances in empirical methods and models of the labor market in the presence of imperfect competition
