hautes études de l'Amérique latine.
Centre de documentation**

Economie Institutionnelle Des Transformations Agraires En Rubie:

Bibliographie latinoaméricaine d'articles, 1981 **Bibliographie d'articles de revues** Université de Paris III. Institut des hautes études de l'Amérique latine. Centre de documentation, 1979 *Qui est qui en France*, 2010 **Transformation de l'unité de production agricole d'une exploitation sectorielle à une exploitation agricole territoriale** Perrine Vandenbroucke, 2013 Dans un contexte politique et socio économique de remise en cause de l'exploitation sectorielle des années 1960 et alors que les relations entre agriculteurs et autres acteurs locaux s'intensifient autour du partage de l'espace de l'environnement de la qualité et de l'alimentation cette thèse s'organise autour de l'hypothèse centrale d'une territorialisation de l'exploitation agricole. Cela suppose que l'avenir des exploitations agricoles se joue de plus en plus dans les interactions entre agriculteurs et acteurs locaux ce qui conduit des mutations quant aux instances où se négocient l'accès aux facteurs de production la définition des pratiques et l'insertion marchande. La démonstration mobilise les apports croisés de la géographie rurale de la sociologie et l'économie institutionnelle dans l'analyse des arrangements émergents entre exploitations agricoles et territoires dans les situations de conflits d'action collective et d'action publique. La thèse consiste en une étude diachronique des rapports exploitations agricoles agriculteurs territoires sur la période 1970-2010 à l'échelle de deux petites régions les Monts du Lyonnais et la Flandre intérieure. Les différences observées entre une région laitière de moyenne montagne et une région périurbaine dont l'agriculture est insérée dans un complexe agro industriel régional et européen révèlent les formes contrastées de ce mouvement de territorialisation selon les histoires agraires et les contextes sociopolitiques locaux. Il se dégage de cette analyse que la territorialisation met en jeu l'échelle individuelle et collective les identités d'action et les compétences politiques des agriculteurs. Trois idées aux types d'exploitations agricoles distincts dans leurs formes d'insertion marchande et leurs réseaux socio techniques permettent d'organiser la réflexion sur les enjeux de leur territorialisation en matière de politiques publiques.

Les formes et les transformations de l'économie agraire du Piémont Meardi, Changements institutionnels et choix organisationnels Daniela Borodak, 2003 Nous nous plaçons dans cette thèse du côté de l'offre agricole et nous nous attachons l'étude des performances des deux principales catégories de producteurs agricoles les petites et les grandes fermes dans leur contexte économique institutionnel politique et social. Notre étude des performances des petites et grandes fermes en 1996 soit quelques années après le début de la transition s'inscrit dans le prolongement de nombreuses études empiriques qui ont tenté de mesurer des données micro économiques des pays d'Europe Centrale et de l'Est qui avaient pour objet la mesure des performances relatives des grandes fermes d'Etat et collectives et ou des fermes individuelles. Nous utilisons des outils classiques d'analyse des performances productives en tenant compte de l'impact des caractéristiques des producteurs en particulier les caractéristiques individuelles des fermiers dans les petites fermes et les formes organisationnelles des grandes fermes des interventions de l'Etat et des défaillances de marché. Néanmoins comme les méthodes quantitatives paraissent insuffisantes compte tenu de la complexité des questions étudiées nous essayons de compléter l'

analyse des performances par des approches complémentaires L'étude des performances productives en Moldavie nous permet de conclure que l'efficacité des petites et des grandes fermes est affectée par leur environnement opérationnel les interventions techniques et les défaillances sur les marchés agricoles ainsi que par la persistance de l'ancien système soviétique ainsi que par les interactions entre l'Etat et les fermes L'amélioration des performances productives ne peut se faire que grâce à la privatisation des fermes et la distribution des terres aux paysans mais aussi grâce à la réforme des secteurs en amont et en aval des producteurs au changement relatif du rôle de l'Etat et l'amélioration du cadre institutionnel et légal ce qui n'était pas le cas en Moldavie en 1996 **Théorie économique et transformation de l'espace agricole** Jean-Louis Guigou,1972

Evolution de l'économie agricole et horticole ,1965 *Politiques agricoles* Centre pour la coopération avec les non-membres,Organisation de coopération et de développement économiques,1998 **Modèles de développement, changement social, syndicalisme agricole** Institut de recherche économique sur la production et le développement (Grenoble),1985
