The "Sleeping" Medium & Spiritual Discernment John Weldon, 2013-02-09 Edgar Cayce 1877-1945 was one of the most famous trance mediums in the world and the best known psychic in America's history Not commonly placed under those occult classifications he is commonly referred to in a more soothing category as the sleeping prophet Through entering a self-induced hypnotic trance he produced over 14,300 health and spiritual Readings one of the largest psychic libraries in history allegedly from his unconscious mind and/or the supposed akashic records Uniquely he may be considered the spiritual father of both the modern New Age movement and contemporary holistic medicine His influence has extended to millions of people This book takes a critical look at the life readings and health spiritual impact of Edgar Cayce It illustrates the timely warning of the old adage that the road to hell may be paved with perfectly good intentions and how benevolent concepts such as improved health and spirituality may indeed become the devil's playground Ironically this is the very thing Cayce himself had

Edgar Cayce's Holistic Health Program Daniel Redwood, 1999-02 *Esoteric Healing - Part 2* Dr. Douglas M. Baker, 2014-04-04 *Esoteric Healing Part 2 Stress Disorders* Amongst its many topics this book includes expanded sections on healing with the Bach Flower Remedies Alcoholism and Stress Disorder including their treatments For centuries men have sought healing and obtained it long before our methods of treatment were elaborated The methods used then have remained esoteric or veiled and only the outer shell mainly nonsensical has survived for history to ridicule In centuries to come men will also marvel at how we healed in our own day with so many drugs that were later put on the poison list Now for the first time the field of the esoteric healer is being revealed by scientific devices This field of operation for the esoteric healer is the etheric body the vitalising matrix underlying all tissue described by contemporary yogis who even at this moment are revealing facts about man's nature which are not only able to be demonstrated in the neurophysiologic laboratories of such esteemed medical establishments as the Meninger Foundation at Topeka and the World Health Organisation but facts which don't yet exist in our medical physiology and anatomy textbooks Animals suffer intense stress but do not die from coronaries duodenal ulcers and hypertension because of it Many a man will suffer stress persistently and not die from it Disciples all suffer stress but their disciplines enable them to thrive on such situations Only those who are unable to cope or to receive feedback on their reactions to stress or are unable to stop thinking about their troubles or believe themselves to be continuously subject to them go down The difference between all these is not physical it is supraphysical It lies in those realms whose laws are understood obeyed and used by esoteric healers After twenty five years of patient research in the ways of Orthodox Medicine and its esoteric counterpart I have no reason to change my firm belief that the cause of ninety per cent of all disease lies in the inability of Man to express himself according to the purposes of his own Soul whether he be aware of these purposes or not the inability

to express in his way of life Truth Beauty and Goodness which after all is not saying anything new for this was the belief of Socrates and Plato twenty five centuries ago What will eventually be practised as Preventive Medicine is already established in great measure in the daily living of students of esoteric sciences i e care about diet and nutrition breathing exercises relaxation and meditation **The Visible and the Invisible Reality** Helena Lettau,2012-07-25 Semi autobiographical telling the story of two intertwined journeys an Earthly one and a spiritual one In part an exploration of spirituality and paranormal phenomena which in the German language is known as GRENZWISSENSCHAFT and may be translated into English as Borderline Science Experimental work is involved It deals with esoteric philosophy parapsychology and transpersonal experience also exploring the meaning and mystery of life itself **In Search of Destiny** Robert A. Welcome,2012-07-27 What are we doing on planet earth Why are we here Did we evolve Or are we created Many of us as we age dont so easily accept many philosophies and teachings about life We come to realize the degree to which truth is bent and shaped by special interests in social political and religious affairs After 40 years in the making In Search of Destiny brings to you a gripping scientific and spiritual search for human destiny Are we here to just be born grow old and die on planet earth Or is there evidence beyond this In Search of Destiny draws a decisive conclusion
