Catalogues Walter M. Hill (Firm), 1927 *Renaissance Drama on the Edge* Lisa Hopkins, 2016-03-23 Recurring to the governing idea of her 2005 study *Shakespeare on the Edge* Lisa Hopkins expands the parameters of her investigation beyond England to include the Continent and beyond Shakespeare to include a number of dramatists ranging from Christopher Marlowe to John Ford Hopkins also expands her notion of liminality to explore not only geographical borders but also the intersection of the material and the spiritual more generally tracing the contours of the edge which each inhabits Making a journey of its own by starting from the most literally liminal of physical structures walls and ending with the wholly invisible and intangible the idea of the divine this book plots the many and various ways in which for the Renaissance imagination metaphysical overtones accrued to the physically liminal **Eurasia on the Edge** Richard Sakwa, 2018-10-15 Eurasia wherever one draws the boundaries is very much at the centre of discussions about today s world Security across Eurasia is a global concern and has been subject to a range of discussions and debate However the current tensions over security and world order with the growing challenges from Eurasia and Asia require more intense scrutiny The goals of the book are to explore the challenges facing the region and to assess how to achieve economic social and political stability in the Eurasian core The book s chapters are written by prominent experts in the field and together contribute to the continuing debate by providing policy advice for managing crises in the region Conflicts inevitably arise in the Eurasian space as global powers regional powers and individual states jockey for positions and influence These conflicts need not reach a crisis state provided the foundations of conflict and the surrounding frameworks can be better understood To do this it is necessary to examine the issue of security in Eurasia from a multi dimensional perspective that challenges any and all assumptions about Eurasia and global order This volume has two overarching goals The first is to come to a better understanding of key security threats in the Eurasian region from a multi dimensional social political economic and institutional perspective The second is to discuss policies directed to increase mutual security in and around the Eurasian core Although the crisis of security affects

the whole continent the area covered by the former Soviet Union and its neighborhood is at the epicenter of the current crisis On the one side the Atlantic community is consolidating and extending On the other various greater Asia ideas are in the making All of Eurasia is in danger of becoming an extended shatter zone a vast new shaky borderland trapped between two great systems of power and world order Always, Rachel Rachel Carson, Dorothy E. Freeman, 2022-03-08 These letters between the pioneering environmentalist and her beloved friend reveal a vibrant caring woman behind the scientist Los Angeles Times Rachel Carson author of The Silent Spring has been celebrated as the pioneer of the modern environmental movement Although she wrote no autobiography she did leave letters and those she exchanged sometimes daily with Dorothy Freeman some 750 of which are collected here are perhaps more satisfying than an account of her own life In 1953 Carson became Freeman's summer neighbor on Southport Island ME The two discovered a shared love for the natural world their descriptions of the arrival of spring or the song of a hermit thrush are lyrical but their friendship quickly blossomed as each realized she had found in the other a kindred spirit To read this collection is like eavesdropping on an extended conversation that mixes the mundane events of the two women's family lives with details of Carson's research and writing and later her breast cancer Few who read these letters will forget these remarkable women and their even more remarkable bond Publishers Weekly Darting fresh sensuous pleasingly elliptical at times these letters also serve to tether the increasingly deified Carson firmly to earth just where she'd want to be Kirkus Reviews starred review It is not often that a collection of letters reveals character emotional depth personality indeed intellect and talent as well as a full biography might these letters do all that The New York Times Book Review Provides insight into the creative process and a look into the daily lives of two intelligent perceptive women whose family responsibilities were at times almost crushing Library Journal Dotted with vivid observations of the natural world and perceptive commentary on friendship family fame and life itself Always Rachel will appeal to readers interested in biography and women's studies as well as those drawn to nature writing and the history of the environmental movement Booklist Online **Fishing News International**, 1976 **Knives on the Cutting Edge** Bob Macdonald, 2012 Meld your mind with your palate with this in depth look at the culinary ventures of many great chefs and restaurants and an examination of some of the most current megatrends in dining and wining experiences
