Designing Hollywood Christian Esquevin, 2023-08-29 Since the 1920s, fashion has played a central role in Hollywood. As the movie-going population consisted largely of women, studios made a concerted effort to attract a female audience by foregrounding fashion. Magazines featured actresses like Jean Harlow and Joan Crawford bedecked in luxurious gowns, selling their glamour as enthusiastically as the film itself. Whereas actors and actresses previously wore their own clothing, major studios hired costume designers and wardrobe staff to fabricate bespoke costumes for their film stars. Designers from a variety of backgrounds, including haute couture and art design, were offered long-term contracts to work on multiple movies. Though their work typically went uncredited, they were charged with creating an image for each star that would help define an actor both on and off screen. The practice of working long-term with a single studio disappeared when the studio system began unraveling in the 1950s. By the 1970s, studios had disbanded their wardrobe departments and auctioned off their costumes and props.

In *Designing Hollywood: Studio Wardrobe in the Golden Age*, Christian Esquevin showcases the designers who dressed Hollywood's stars from the late 1910s through the 1960s and the unique symbiosis they developed with their studios in creating iconic looks. Studio by studio, Esquevin details the careers of designers like Vera West, who worked on Universal productions such as *Phantom of the Opera* (1925), *Dracula* (1931), and *Bride of Frankenstein* (1931); William Travilla, the talent behind Marilyn Monroe's dresses in *Gentleman Prefer Blondes* (1953) and *The Seven Year Itch* (1955); and Walter Plunkett, the Oscar-winning designer for film classics like *Gone with the Wind* (1939) and *An American in Paris* (1951). Featuring black and white photographs of leading ladies in their iconic looks, as well as captivating original color sketches, *Designing Hollywood* takes the reader on a journey from drawing board to silver screen.

Design for Dying Renee Patrick, 2016-04-19 The first in a series of riveting behind-the-scenes mysteries, Renee Patrick's *Design for Dying* is a delightful romp through Hollywood's Golden Age. Los Angeles, 1937: Lillian Frost has traded dreams of stardom for security as a department store salesgirl until she discovers she's a suspect in the murder of her former roommate, Ruby Carroll. Party girl Ruby died wearing a gown she stole from the wardrobe department at Paramount Pictures, the domain of Edith Head. Edith has yet to win the first of her eight Academy Awards; right now, she's barely hanging on to her job, and a scandal is the last thing she needs. To clear Lillian's name and save Edith's career, the two women join forces. Unraveling the mystery pits them against a Hungarian princess on the lam, a hotshot director on the make, and a private investigator who's not on the level. All they have going for them are dogged determination, assistance from the likes of Bob Hope and Barbara Stanwyck, and a killer sense of style. In show business, that just might be enough.

Film, Fashion, and the 1960s Eugenia Paulicelli, Drake Stutesman, Louise Wallenberg, 2017-09-11 A fascinating look at one of the most experimental, volatile, and influential decades. *Film Fashion and the 1960s* examines the numerous ways in which film and fashion intersected and affected identity expression during the era. From *A Hard Day's Night* to *Breakfast at Tiffany's* from the works of Ingmar Bergman to Blake Edwards, the groundbreaking cinema of the 1960s often used fashion as the ultimate expression for urbanity, youth, and political unawareness. Crumbling hierarchies brought together previously separate cultural domains, and these blurred boundaries could be seen in unisex fashions and roles played out on the silver screen. As this volume amply demonstrates, fashion in films from Italy, France, England, Sweden, India, and the United States helped portray the rapidly changing faces of this cultural avant-garde. This blending of fashion and film ultimately created a new aesthetic that continues to influence the fashion and media of today.

Fashion and Celebrity Culture Pamela Church Gibson, 2013-08-15 The interrelationship between fashion and celebrity is now a salient and pervasive feature of the media world. This accessible text presents the first in-depth study of the phenomenon, assessing the degree to which celebrity culture has reshaped the fashion system. *Fashion and Celebrity Culture* critically examines the history of this relationship from its growth in the nineteenth century to its mutation during the twentieth century to the dramatic changes that have befallen it in the last two decades. It addresses the fashion-celebrity nexus as it plays itself out across mainstream cinema, television, and music, and in the celebrity status of a range of designers, models, and artists. It explores the strategies that have enabled visual culture to recast itself in the new climate of celebrity obsession, popular culture, and the art world to respond adaptively to its insistent pressures. With its engaging analysis and case studies from Lillian Gish to Louis Vuitton to Lady Gaga, *Fashion and Celebrity Culture* is of major interest to students of fashion, media studies, film, television studies, and popular culture, and anyone with an interest in this global phenomenon.

Alfred Hitchcock and Film Noir Homer B.

Petty,R. Barton Palmer,2024-11-30 Alfred Hitchcock was a major figure in the development and flourishing of film noir His noir films became an inspirational foundation of the neo noir movement beginning in the 1970s from Brian de Palma s mash up homages to Hitchcock originals such as Obsession 1976 and Body Double 1984 to the dark political thrillers of the era that explore the underside of American life all of which owe a substantial debt to Hitchcock However the central role of Hitchcock in the long history of film noir has seldom been acknowledged in work devoted to his career and noir criticism more generally Instead there has been a tendency to consider Hitchcock s many dark thrillers and crime melodramas as sui generis that is as e Hitchcock filmse that are somehow separate and distinct from industry trends But this is to take a narrow view of the director s accomplishments that underestimates his substantial contributions to film history Alfred Hitchc ock and Film Noir will be the first book length treatment of the impressive corpus of Hitchcock noir films considered as such as well as of his connection more generally to the emergence and flourishing of this important cinematic trend **The Pacific**
