## **Eduard Morike:**

**Eduard Mörike** Margaret Mare,2020-01-30 Originally published in 1957 this was the first biography and full account of Eduard Mörike's works to appear in English One of the greatest German lyric poets Mörike is according to some critics equal to Goethe as a lyricist This book was the first attempt to analyse Mörike's highly suggestive drawings some of which are reproduced in the book The contents of poems are summarized so no prior knowledge of German is assumed and a large number of poems are quoted in full Eduard Mörike: Poems Eduard Friedrich Mörike,1960 Eduard Mörike Thomas Moody Campbell,1917 *Poems by Eduard Morike* Eduard Friedrich Mörike,1959 **The complete Mörike songs** Hugo Wolf,1982-01-01 Austrian composer's splendid settings of 53 poems by German poet Eduard Mörike Includes *Der Tambour* *Verborgeneheit* *Elfenlied* 50 more New literal prose translations of the lyrics provided with lists of song titles and openings and glossary of German musical terms Sturdily bound clearly reproduced collection of some of the finest lieder ever composed **Eduard Mörike[s] Unveröffentlichte Briefe** Eduard Mörike,Friedrich Seebass,1945 *Hugo Wolf and his Mörike Songs* Susan Youens,2000-06-22 Viennese composer Hugo Wolf produced one of the most important song collections of the nineteenth century when he set to music fifty three poems by the great German poet Eduard Mörike Susan Youens reappraises this singular collaboration to shed new light on the sophisticated interplay between poetry and music in the songs Wolf is customarily described as the Poet's Composer someone who revered poetry and served it faithfully in his music Yet as Youens reveals this cliché overlooks the rich terrain in which his songs are often at cross purposes with his chosen poetry Although Wolf did much to draw the world's attention to the neglected Swabian poet his musical interpretation of the poetry was also influenced by his own life psychology and experiences This book examines selected Mörike songs in detail demonstrating that the poems and music each have their own distinctive stories which at times intersect but also diverge

**Blumhardt, Life and Work** Dieter Ising, 2009-08-01 Johann Christoph Blumhardt 1805 1880 was a pastoral counselor and theologian of hope His theology and pastoral approach shaped as they were by the awakening in his congregation and numerous incidents of faith healing provoked earnest and lively debate and the controversy continues today Ising s work mines the original sources the product of an interaction with Blumhardt s life and work that goes back many years He has drawn a portrait that explores the shadows as well as its bright side Readers are invited to enter fully into the nineteenth century Blumhardt s century yet are constantly reminded that the problems of that day have lost none of their currency within the altered mental horizons of today     Eduard Morike Werke ,1961     Mozart's Journey to Prague Eduard Morike, 2018-01-01 While on a journey to Prague with his wife for the opening night of Don Giovanni Mozart is caught picking an orange on the grounds of a stately home But when the resident family finds out who they are dealing with they are delighted to be in the presence of the celebrated composer and invite him to their daughter s wedding This vivid and imaginative depiction captures both the humorous and the more pensive side of the genius composer     **The Oxford Guide to Literature in English Translation** Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available
