Education And Cultural Studies Toward A Performative Practice:

Education and Cultural Studies Henry A. Giroux, Patrick Shannon, 2013-12-02 Although the disciplines of critical education and cultural studies have traditionally occupied separate spaces as they have addressed different audiences their concerns as well as the political and pedagogical nature of their work overlap Education and Cultural Studies brings members of these two groups together to demonstrate how a critical understanding of culture and education can transgressively implement broad political change All written from within this framework of cultural studies and critical pedagogy the contributors illuminate the possibilities and opportunities open to practicing educators In eschewing a romantic utopianism and in assessing the current climate of what is attainable and practical this book teaches us how we can begin to translate and perhaps even transform the vexing social problems that confront us daily Contributors include Carol Becker Harvey J Kaye David Theo Goldberg Jeffrey Williams Sharon Todd Douglas Kellner Deborah Britzman Jacqueline Reid Walsh Claudia Mitchell Cameron McCarthy Mike Hill Susan Searls Stanley Aronowitz Douglas Noble Kakie Urch Henry Giroux David Trend and Robert Mikilitsch Cultural Studies, Education, and Youth Benjamin Frymer, John Broughton, Matthew Carlin, 2011-07-01 Cultural Studies Education and Youth Beyond Schools edited by Benjamin Frymer Matthew Carlin and John Broughton addresses the new cultural landscapes which increasingly educate our youth With essays from both emerging and established scholars the book explores the ways media and popular culture have a growing impact on our youth their identities and everyday lives In our highly mediated world the nature of education has been dramatically transformed and taken way beyond the walls of our schools Identities are formed values learned and relationships developed in the worlds of pop culture and media spaces Each author brings a different lens to the study of education beyond the classroom From the re emergence of Che Guevara to the effects of an increasingly virtual culture this collection critically attends to the changing nature of education and the impact of culture in the lives of youth Cultural Studies Education and Youth Beyond Schools raises significant questions and offers important insights for teachers youth scholars and practitioners alike **The SAGE Handbook of Performance Studies** D. Soyini Madison, Judith Hamera, 2006 Publisher description **Affective Capitalism in Academia** Daniel Nehring, Kristiina Brunila, 2023-01-16 Drawing on affect theory and research on academic capitalism this book examines the contemporary crisis of universities Moving through 11 international and comparative case studies it explores diverse features of contemporary academic life from the colonality of academic capitalism to performance management and the experience of being performance managed Affect has emerged as a major analytical lens of social research However it is rarely applied to universities and their marketisation Offering a unique exploration of the contemporary role of affect in academic labour and the organisation of scholarship this book considers modes of subjectivation professional and personal relationships and organisational structures and their affective charges Chapter 9 is available Open Access via OAPEN under CC BY NC ND licence *From Hegel to Madonna* Robert

Miklitsch,1998-01-01 Moves from the discourses of dialectical negation to cultural populist affirmation that is from Hegel to Madonna Studies in order to envision a mode of critique that can persuasively describe and explain the cultural contradictions of late capitalism *Biotechnology, Education and Life Politics* Pádraig Murphy,2014-04-24 What should individuals and society do when genetic screening becomes widely available and with its impact on current and future generations still uncertain How can our education systems around the world respond to these developments Reproductive and genetic technologies RGTs are increasingly controversial and political We are entering an era where we can design future humans firstly by genetic screening of undesirable traits or indeed embryos but perhaps later by more radical genetic engineering This has a profound effect on what we see as normal acceptable and responsible This book argues that these urgent and biopolitical issues should be central to how biology is taught as a subject Debate about life itself has always been at the forefront of connected molecular genetic and social personal identity levels and each of these levels requires processes of communication and debate what Anthony Giddens called in passing life politics In this book P draig Murphy opens the term up with examples from field research in schools student responses to educational films exploring the future of RGTs and science studies of strategic biotechnology and the lab practices of genetic screening Life political debate is thoroughly examined and is identified as a way of connecting mainstream education of biology with future generations *Biotechnology Education and Life Politics* will appeal to post graduates and academics involved with science education science communication communication studies and the sociology of education Encyclopedia of the Social and Cultural Foundations of Education: A-H ; 2, I-Z ; 3, Biographies, visual history, index Eugene F. Key Concepts in Theatre/Drama Education S. Schonmann, 2011-07-22 Key Concepts in Theatre Drama Education provides the first comprehensive survey of contemporary research trends in theatre drama education It is an intriguing rainbow of thought celebrating a journey across three fields of scholarship theatre education and modes of knowing Hitherto no other collection of key concepts has been published in theatre drama education Fifty seven entries written by sixty scholars from across the world aim to convey the zeitgeist of the field The book's key innovation lies in its method of writing through collaborative networking an open peer review process and meaning making involving all contributors Within the framework of key concept entries readers will find valuable judgments and the viewpoints of researchers from North and South America Europe Asia Africa New Zealand and Australia The volume clearly shows that drama theatre educators and researchers have created a language with its own grammar and

lucid syntax The concepts outlined convey the current knowledge of scholars highlighting what they consider significant Entries cover interdependent topics on teaching and learning aesthetics and ethics curricula and history culture and community various populations and their needs theatre for young people digital technology narrative and pedagogy research methods Shakespeare and Brecht other various modes of theatre and the education of theatre teachers It aims to serve as the standard reference book for theatre drama education researchers policymakers practitioners and students around the world A basic companion for researchers students and teachers this sourcebook outlines the key concepts that make the field prominent in the sphere of Arts Education Teacher Education with an Attitude Patrick J. Finn, Mary E. Finn, 2012-03-27 Using a social justice approach to teacher education the contributing teacher educators address the need to prepare teachers to understand the way social class race and culture impact their efforts to educate working class students By helping prepare teachers to strengthen democracy through education the contributors offer ways to help them develop critical consciousness the will to address society's injustices and inequities Teachers who collaborate actively with their students their families and others such as community and labor organizers to challenge the economic and educational policies that keep the hierarchical structure in place develop their own educational and political power alongside their students These educators see schools as sites of struggle for democracy and their students learn to direct their attitude toward outcomes that are in their collective self interest *Intercultural Education in the European Context* Marco Catarci, Massimiliano Fiorucci, 2016-03-09 This book offers a comparative analysis of the intercultural theories and practices developed in the European context Bringing together work on the United Kingdom France Germany Italy Spain Greece The Netherlands and Sweden it examines specific approaches to intercultural education Structured around a series of core questions concerning the main features of diverse groups of migrants present within a country and within schools the major issues raised by scientific research on the presence of migrant students and the adoption of relevant educational policies and practices to address these issues together with examples of best practice in each case *Intercultural Education in the European Context* explores the strengths and weaknesses of the intercultural education approach adopted in each context Offering a broad framework for the study of intercultural education as adopted in European settings the book highlights the contribution of education to the development of a fair democratic and pluralistic Europe As such it will appeal to scholars and policy makers in the field of sociology migration education and intercultural relations *Critical Issues in Social Studies Research for the 21st Century* William B. Stanley, 2001-06-01 The authors of the nine other chapters in this book have struggled with the issues discussed above in several different ways The chapter authors represent a wide range of views and expertise within the field of social studies Some have been leading social studies scholars for three or four decades Other authors represent new voices that have begun to shape the direction social studies will take in the future The topics examined here include the debate over how to define social studies social studies and the impact of the standards accountability movement the contextual constraints

restraints on teaching social studies education for democracy rationales for teaching history multicultural education global education social studies and educational technology and the nature and effectiveness of social studies research
