Education for Christian Living Marvin L. Roloff, 1987 *Proleptic Pedagogy* Sondra H. Matthaei, Nancy R. Howell, 2014-06-17 Could we have imagined how much theological education would change in the new millennium Shifting needs of students classrooms and churches have demanded constant revisions of the curriculum course design classroom technology and pedagogical strategies Saint Paul School of Theology felt the tide of change within our own walls and designed a project called Proleptic Pedagogy to address three distinct pedagogical challenges for the future of theological education First instead of fitting new technologies into old pedagogies how are teaching and learning transformed by shifting needs of students who are digital natives digital immigrants or distance learners Second instead of reactive strategies what pedagogy proactively eliminates accommodations because courses are designed with flexibility and openness to diverse learning styles disabilities and needs Third instead of engaging student diversity with the tools of the 1960s what new teaching and learning strategies anticipate future student racial and ethnic demographics and interracial educational experiences This volume of essays narrates our classroom stories teases out pedagogical issues examines pedagogical literature reflects on theology of pedagogy and constructs pedagogical proposals with an open invitation for other theological educators to join our conversation about the future of theological education *Teaching for Reconciliation* Ronald Habermas, Ronald T. Habermas, Klaus Dieter Issler, 1992 Ronald Habermas and Klaus Issler have written a textbook on Christian education that reflects their conviction that the educational function of the church is central to Christ's mission of reconciliation They succeed in balancing both theory and practice **Introducing Christian Education** Michael J. Bandy, 2010-09-01 Lays out the plan for a collection of readings from Scripture designed for the needs of seekers and the unchurched The church has used lectionaries lists of scriptures to be read on particular Sundays throughout the year across its long history Yet most lectionaries are inward looking they presuppose hearers who are familiar with the biblical story and accustomed to gearing their lives around the Christian year Yet in the increasingly pagan world of North America the church's task is to reach out to those who are spiritually hungry yet unfamiliar with the Christian story In this important new work Tom Bandy has given those who plan and lead worship a new lectionary specifically geared to the needs of seekers He lays out a plan for a trip through the central biblical narratives the purpose of which is to provide seekers with a basic understanding of the gospel and to call disciples to a deeper experience of Christian faith **RIC.**, 1987 **Paperbound Books in Print**, 1992 **Family Ministry** Charles M. Sell, 1995-02-28 A practical resource for developing congregational stability this updated book guides your church toward being capable of encouraging and sustaining healthy family life **The Living Church**, 1942 **Encyclopedia of**

Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In *The Encyclopedia of Christian Education*, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes, and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, *The Encyclopedia of Christian Education* contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history, spanning from the church's founding through the Middle Ages to the modern day; denominational and institutional profiles; intellectual traditions in Christian education; biblical and theological frameworks; curricula; missions; adolescent and higher education; theological training; and Christian pedagogy. Biographies of distinguished Christian educators. This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education.

Worship-Shaped Life Ruth A. Meyers, Paul Gibson, 2010-09-01 Worship is not something that the church does; it is an encounter through which Christians are equipped to bring transformation to the world. This second volume in an important new series on worldwide Anglicanism draws on global contributions and examples to address the subject of liturgical formation: how liturgy forms Christians for participation in God's work in the world as well as the formation of Christians for worship and of those who lead worship. Voices from the UK, Africa, the US, Canada, and the Philippines consider key aspects of liturgical formation in this essential new volume connecting the liturgy with local contexts, learning about God and ourselves through worship, applying the liturgy to doing justice, developing the role of music in liturgical formation, training those who lead liturgical celebration, and more.
