Economically Active Population Employment Unemployment And Hours Of Work Household Surveys:

Economically Active Population, Employment, Unemployment and Hours of Work (household Surveys) ,2004

Economically Active Population, Employment, Unemployment and Hours of Work (household Surveys). ,1990

Statistical Sources and Methods: Economically active population, employment, unemployment and hours of work (household surveys) ,1984 *Surveys of Economically Active Population, Employment, Unemployment, and*

Underemployment Ralf Hussmanns,Farhad Mehran,Vijaya Varmā,1990 This manual is based on the international standards adopted by the 13th International Conference of Labour Statisticians in October 1982 One of its main objectives is to explain the international concepts and definitions in more detail than in the 1982 conference resolution Economically active population, employment, unemployment and hours of work (household surveys) OIT. Organización Internacional del

Trabajo,2004 **Women Workers** International Labour Office,1995 Produced from the LABORDOC database lists 953

Unemployment and Hours of Work (household Surveys) ,2004 Statistical Sources for Social Research on Western Europe

1945-1995 Franz Rothenbacher,2013-11-11 The intention of this book is to give a picture of the complex material that has

been published in the field of social and economic statistics in Western Europe Although there are many guides

bibliographies and reference books on special topics of this broad theme a general overview has been missing With this book

I hope to fill this gap The frame of reference is a scientific one enabling and facilitating comparative social research on

Western Europe In some respect this book enlarges and updates the bibliography written by Peter Flora Quantitative

Historical Sociology published in Current Sociology in 1975 In principle this guide is an annotated bibliography of the most

important printed material in the field of official statistics The legitimacy of such an approach lies in the fact that even today

printed statistics are the most important form of dissemination of statistical results although microcomputers CD ROMs and

the Internet have changed this situation In any case a special section on statistical databases is included for every country

describing the main databases of the statistical offices Furthermore the Internet address of each international or national

statistical institute is provided in the introductory paragraph This enables the reader to get fast access to online databases

and supplementary online information on statistics via the Internet Key Indicators of the Labour Market International

Labour Office,2003 Key Indicators of the Labour Market KILM offers data for over 200 countries for the years 1980 and 1990

1995 and the latest available subsequent five years The KILM Interactive Software duplicates the printed publication but

includes information for all years after 1980 as well as the basic statistics used to calculate the indicators presented in the

book The software includes a mapping function for those who wish to visualize data geographically according to selected

data characteristics back cover Key Indicators of the Labour Market, 2001-2002 International Labour Office,2001-12-21
