C.S. Lewis and a Problem of Evil Jerry Root,2010-08-27 C S Lewis was concerned about an aspect of the problem of evil he called subjectivism the tendency of one's perspective to move towards self referentialism and utilitarianism In C S Lewis and a Problem of Evil Jerry Root provides a holistic reading of Lewis by walking the reader through all of Lewis's published work as he argues Lewis's case against subjectivism Furthermore the book reveals that Lewis consistently employed fiction to make his case as virtually all of his villains are portrayed as subjectivists Lewis's warnings are prophetic this book is not merely an exposition of Lewis it is also a timely investigation into the problem of evil [Religion Returns to the Public Square](#) Hugh Heclo,Wilfred M. McClay,2003-02-28 Despite talk of a naked public square religion has never really lost its place in American public life As the twenty first century opened it was re emerging in unexpected and paradoxical ways Religious institutions were considered for expanded roles in welfare and education at the same time that the limits of religious pluralism as for example in the relation of Islam to American values became a question of urgent public concern Religion Returns to the Public Square Faith and Policy in America explores how and why religion has to be mixed up with American politics Uncovering philosophical historical legal and social roots of this relationship these essays go beyond hot button issues to reflect on the current interactions and future possibilities of religion and politics in America **The Future Church** John L. Allen, Jr.,2012-01-24 One of the world's foremost religion journalists offers an unexpected and provocative look at where the Catholic Church is headed and what the changes will mean for all of us What will the Catholic Church be like in 100 years Will there be a woman pope Will dioceses throughout the United States and the rest of the world go bankrupt from years of scandal In THE FUTURE CHURCH John L Allen puts forth the ten trends he believes will transform the Church into the twenty second century From the influence of Catholics in Africa Asia and Latin America on doctrine and

practices to the impact of multinational organizations on local and ethical standards Allen delves into the impact of globalization on the Roman Catholic Church and argues that it must rethink fundamental issues policies and ways of doing business Allen shows that over the next century the Church will have to respond to changes within the institution itself and in the world as a whole whether it is contending with biotechnical advances including cloning and genetic enhancement the aging Catholic population or expanding the roles of the laity Like Thomas Friedman s *The World Is Flat THE FUTURE CHURCH* establishes a new framework for meeting the challenges of a changing world *Religious Freedom in Islam*

Daniel Philpott,2019-02-01 Since at least the attacks of September 11 2001 one of the most pressing political questions of the age has been whether Islam is hostile to religious freedom Daniel Philpott examines conditions on the ground in forty seven Muslim majority countries today and offers an honest clear eyed answer to this urgent question It is not however a simple answer From a satellite view the Muslim world looks unfree But Philpott shows the truth is much more complex Some one fourth of Muslim majority countries are in fact religiously free Of the other countries about forty percent are governed not by Islamists but by a hostile secularism imported from the West while the other sixty percent are Islamist The picture that emerges is both honest and hopeful Yes most Muslim majority countries are lacking in religious freedom But Philpott argues the Islamic tradition carries within it seeds of freedom and he offers guidance for how to cultivate those seeds in order to expand religious freedom in the Muslim world and the world at large It is an urgent project Religious freedom promotes goods like democracy and the advancement of women that are lacking in the Muslim majority world and reduces ills like civil war terrorism and violence Further religious freedom is simply a matter of justice not an exclusively Western value but rather a universal right rooted in human nature Its realization is critical to the aspirations of religious minorities and dissenters in Muslim countries to Muslims living in non Muslim countries or under secular dictatorships and to relations between the West and the Muslim world In this thoughtful book Philpott seeks to establish a constructive middle ground in a fiery and long lasting debate over Islam **Naked and Not Ashamed** Dan Scott,2008 With careful biblical analysis and appropriate candor Pastor Scott highlights some of the fascinating links between sexuality and spiritual life Readers will discover how to integrate these two elements of their lives and allow them to powerfully enhance each other

Justification by Faith in Catholic-Protestant Dialogue Anthony N. S. Lane,2006-06-10 In this assessment of the recent Catholic Protestant dialogue concerning the doctrine of justification Anthony Lane begins by discussing traditional Protestant doctrine with close reference to Calvin and traditional Catholic doctrine with close reference to the Council of Trent He goes on to examine eight key documents from Hans Kung s *Justification* 1957 to the Joint Declaration on the Doctrine of Justification 1999 Fifteen key theological issues are then explored These include the status of theological language used by Catholics and Evangelicals the definition of justification the grounds on which a person is accounted righteous the question of sin remaining in the Christian whether faith alone can save the relationship between law and gospel

the question of merit and reward the assurance of salvation and finally a discussion on the Roman Magisterium and current Evangelical responses to recent changes in Catholic theology In conclusion Anthony Lane discusses the extent to which any agreement or convergence of thinking has been achieved and its future significance *Not All Roads Lead to Heaven* Dr. Robert Jeffress, 2016-02-09 Almost 60 percent of those in American evangelical churches believe that many religions can lead to eternal life But if Jesus is to be trusted when he says that no one comes to the Father except through him the church is failing in its mission And it s not hard to guess why An exclusive Jesus just isn t popular in our inclusive world Dr Robert Jeffress calls on Christians to recover the exclusive claims of the one they claim as Lord and Savior not as a way to keep people out of heaven but as the only way to invite them in He tackles questions like Can people be saved who have never heard of Christ What about those who worship God by another name Do children automatically go to Heaven when they die True compassion for non Christians doesn t lie in letting them go their way while we go ours but in sharing the only true way with them *The Human Person* J. Brian, 2019-03-25 In the 20th Century three social revolutions the industrial sexual and technological revolutions challenged the religious convictions of many John Paul II s teaching on the theology of the body was his response to the resulting societal shifts Fr Bransfield explores John Paul II s response to the challenges raised by these revolutions In this context Bransfield then explores how Theology of the Body leads us to live the fullness of the Christian life
