The Science of Premonitions Larry Dossey, 2010-05-04 Larry Dossey is one of America s most important thinkers When he talks I listen Marianne Williamson author of A Return to Love In his New York Times bestseller Healing Words Dr Dossey investigated why patients surrounded by prayer healed faster and more completely than patients who were not Now in The Science of Premonitions Dossey uses cutting edge science to make a convincing case that premonitions are real common and helpful Then Dossey explores research on mindfulness and meditation to show readers how they can cultivate and take advantage of premonitions Packed with compelling case studies and thought provoking findings this is a book for the skeptical mind and the believer s heart and will be greeted warmly by as Deepak Chopra said anyone who is interested in knowing about the deeper meaning of our existence Deepak Chopra M D **Unsuspecting Souls** Barry Sanders, 2010-07 In Unsuspecting Souls Barry Sanders examines modern societys indifference to the individual Beginning with the Industrial Revolution when care for human beings began to disappear slowly and ending with the modern era when societal events require less person to person interaction and introduce radical changes in common attitudes toward death and life Sanders laments that what makes us most human is slowly dying Our days are filled with a continuous bombardment of information that demands our attention and brings us out of our world and into a sterile one of inhumanity and abstraction Weve also lost

the original sense of a collective consciousness This loss has been culminating for two centuries now dating back to the rise of European powers and worldwide colonization We pick our poisons among several forms of radical fundamentalisms each one not only a threat to the other but a threat to humanity itself From references of Edgar Allan Poe to Abu Ghraib this is a fascinating and worrisome story impeccably researched and compellingly written **Forgotten Firebrand** John R.

McKivigan,2018-07-05 The reformer James Redpath 1833 1891 was a focal figure in many of the key developments in nineteenth century American political and cultural life He befriended John Brown Samuel Clemens and Henry George and toward the end of his life was a ghostwriter for Jefferson Davis He advocated for abolition civil rights Irish nationalism women s suffrage and labor unions In *Forgotten Firebrand* the first full length biography of this fascinating American John R McKivigan portrays the many facets of Redpath s life including his stint as a reporter for the New York Tribune his involvement with the Haitian emigration movement and his time as a Civil War correspondent Examining Redpath s varied career enables McKivigan to cast light on the history of journalism public speaking and mass entertainment in the United States Redpath s newspaper writing is credited with popularizing the stenographic interview in the American press and he can be studied as a prototype for later generations of newspaper writers who blended reportage with participation in reform movements His influential biography of John Brown justified the use of violent actions in the service of abolitionism Redpath was an important figure in the emerging professional entertainment industry in this country Along with his friend P T Barnum Redpath popularized the figure of the impresario in American culture Redpath s unique combination of interests and talents for politics for journalism for public relations brought an entrepreneurial spirit to reform that blurred traditional lines between business and social activism and helped forge modern concepts of celebrity *Inventing the Cloud Century* Marcus

The Rise of Industry Christopher Collier, James Lincoln Collier, 2012-12-01 History is dramatic and the renowned award winning authors Christopher Collier and James Lincoln Collier demonstrate this in a compelling series aimed at young readers. Covering American history from the founding of Jamestown through present day these volumes explore far beyond the dates and events of a historical chronicle to present a moving illumination of the ideas opinions attitudes and tribulations that led to the birth of this great nation. The Rise of Industry gives a detailed account of the industrialization of America in the last decades of the nineteenth century. It includes descriptions of the technological advances of the late 1800s poor working conditions the rise of large corporations and labor unions and eventual government regulation.

The Civil War Era and Reconstruction Mary Ellen Snodgrass, 2015-03-26 The encyclopedia takes a broad multidisciplinary approach to the history of the period. It includes general and specific entries on politics and business labor industry agriculture education and youth law and legislative affairs literature music the performing and visual arts health and medicine science and technology exploration life on the Western frontier family life slave life Native American life women and more than a hundred influential individuals.

The Heroic Ideal M. Gregory Kendrick, 2014-01-10 The word hero seems in its present usage an all purpose moniker applied to everyone from Medal of Honor recipients to celebrities to comic book characters. This book explores the Western idea of the hero from its initial use in ancient Greece where it identified demigods or aristocratic mortal warriors through today. Sections examine the concept of the hero as presented in the ancient medieval and modern worlds. Special attention is paid to particular heroic types such as warriors martyrs athletes knights saints scientists rebels secret servicemen and even anti heroes. This book also reconstructs how definitions of heroism have been inextricably linked to shifts in Western thinking about religion social relations political authority and ethical conduct. Instructors considering this book for use in a course may request an examination copy here.

Reconsidering a Century of Flight Roger D. Launius, Janet R. Daly Bednarek, 2015-12-01 On December 17 1903 Orville and Wilbur Wright soared into history during a twelve second flight on a secluded North Carolina beach. Commemorating the 100th anniversary of the first flight these essays chart the central role that aviation played in twentieth century history and capture the spirit of innovation and adventure that has characterized the history of flight. The contributors all leading aerospace historians consider four broad themes relating to the development of flight technology innovation and the

technology of flight civil aeronautics and government policy aerial warfare and aviation in the American imagination Through their attention to the political economic military and cultural history of flight the authors establish that the Wrights invention and all that followed in both air and space was one of the most significant technologies of the twentieth century fundamentally reshaping our world Supported by the First Flight Centennial Commission The contributors are Janet R Daly Bednarek Tami Davis Biddle Roger E Bilsstein Hans Joachim Braun David T Courtwright Anne Collins Goodyear Roger D Launius William M Leary David D Lee W David Lewis John H Morrow Dominick A Pisano and A Timothy Warnock

The Power Makers Maury Klein, 2010-09-01 Maury Klein is one of America's most acclaimed historians of business and society In *The Power Makers* he offers an epic narrative of his greatest subject yet the power revolution that transformed American life in the course of the nineteenth century The steam engine the incandescent bulb the electric motor inventions such as these replaced backbreaking toil with machine labor and changed every aspect of daily life in the span of a few generations The cast of characters includes inventors like James Watt Elihu Thomson and Nikola Tesla entrepreneurs like George Westinghouse savvy businessmen like J P Morgan Samuel Insull and Charles Coffin of General Electric Striding among them like a colossus is the figure of Thomas Edison who was creative genius and business visionary at once With consummate skill Klein recreates their discoveries their stunning triumphs and frequent failures and their unceasing bare knuckled battles in the marketplace In Klein's hands their personalities and discoveries leap off the page *The Power Makers* is a dazzling saga of inspired invention dogged persistence and business competition at its most naked and cutthroat a biography of America in its most astonishing decades

Dangerous Creations Ana I. Oancea, 2025-05-27 *Dangerous Creations* presents a master narrative of the inventor in fin de siècle French literature by analyzing the works of Jules Verne Albert Robida mile Zola and Villiers de l'Isle Adam Their writings challenge the role of science in shaping French national identity and aim to transform contemporary understandings of science and technology The book reveals how Verne Robida Zola and de l'Isle Adam reimagine the figure of the inventor reshaping the literary standards of their time Universally male in these narratives the inventor serves as a flawed exemplar of national heroism during the Age of Empire a period marked by significant external threats and internal strife while also embodying unrestrained creativity Ultimately the inventor novel reflects broader French anxieties surrounding scientific progress empire and gender Ana Oancea explores the transmedia and transnational legacy of the fin de siècle inventor novel through vignettes that highlight similarly themed narratives in contemporary popular culture These sections engage with films television series graphic narratives and video games that reinterpret key aspects of the inventor narrative shedding light on its power structures racial and gender politics and colonial aspirations

Body Shots Jonathan Auerbach, 2007-10-09 Auerbach places the body at the center of cinema's first decade of emergence and challenges the idea that for early audiences the new medium's fascination rested on visual spectacle for its own sake
