City of Dispossessions Kyle T. Mays, 2022-05-24 In July 2013 Detroit became the largest city in U S history to declare bankruptcy The underlying causes were decades of deindustrialization white flight and financial mismanagement More recently it has been heralded a comeback city as wealthy white residents resettle there Yet as Kyle T Mays argues we cannot understand the current state of Detroit without also understanding the longer history of Native American and African American dispossession that has defined the city since its founding How has dispossession impacted the development of modern U S cities And how does comparing the historical experiences of Native Americans and African Americans in an urban context help us comprehend histories of race sovereignty and colonialism Using archives oral and family histories and community documents City of Dispossessions is a cultural intellectual and social history that argues that physical and symbolic forms of dispossession of Native Americans and African Americans and their reactions to dispossession have been central to Detroit s modern development The book begins with the first settlement by the Frenchman Cadillac in 1701 and chronicles how the logic of dispossession has continued into the present through a wide range of forms that include memorialization of the disappearing Indian the physical dispossession of African Americans through urban renewal and gentrification Mays also chronicles the wide ranging forms of expression through which Black and Indigenous Detroiters have contested dispossession such as the Red and Black Power movements and culturally relevant education Through lively accessible prose as well as historical and contemporary examples City of Dispossessions will be of interest to readers of urban studies Indigenous Studies and critical ethnic studies

Black Theresa Perry, Claude Steele, 2012-09-11 An important and powerful book that radically reframes the debates swirling around the academic achievement of African American students Boston Review The solutions offered by each essay are creative inspirational and good old common sense Los Angeles Times In 3 separate but allied essays African American scholars Theresa Perry Claude Steele and Asa Hilliard examine the alleged achievement gap between Black and white students Each author addresses how the unique social and cultural position Black students occupy in a society which often devalues and stereotypes African American identity fundamentally shapes students experience of school and sets up unique obstacles Young Gifted and Black provides an understanding of how these forces work opening the door to practical powerful methods for promoting high achievement at all levels In the first piece Theresa Perry argues that the dilemmas African American students face are rooted in the experience of race and ethnicity in America making the task of achievement distinctive and difficult Claude Steele follows up with stunningly clear empirical psychological evidence that when Black students believe they are being judged as members of a stereotyped group rather than as individuals they do worse on tests Finally Asa Hilliard argues against a variety of false theories and misguided views of African American achievement sharing examples of real schools programs and teachers around the country that allow African American students to achieve at high levels Now more than ever Young Gifted and Black is an eye opening work that has the power to not only change how we talk and think about African American student achievement but how we view the African American experience as a whole *My Soul Look Back in Wonder* Geneva Napoleon Smitherman, 2022-01-31 This is the story of Dr Geneva Smitherman aka Dr G the pioneering linguist often referred to as the Queen of Black Language In a series of narrative essays Dr G writes eloquently and powerfully about the role of language in social transformation and the academic intellectual linguistic and societal debates that shaped her groundbreaking work as a Black Studies O G and a Womanist scholar activist of African American Language These eleven essays narrate the development of Dr G s race gender class and linguistic consciousness as a member of the Black Power Generation of the 1960s and 70s In *My Soul Look Back In Wonder* Dr G links the personal to the professional and the political situating the struggles and successes of a Black woman in the Academy within the historical experiences and development of her people As Dr G enters her eighth decade in this Black Lives Matter historical moment she seeks to share the meaning and purpose of a life of study and struggle and its significance for all those who seek racial and social justice today **Without Justice For All** Adolph Reed Jr., 2018-02-12 *Without Justice for All* The New Liberalism and Our Retreat from Racial Equality questions examines and explains the way a new orthodoxy of American leaders has contributed to the social stratification and inequality which plagues America today By looking at the history of our social policies since the New Deal as well as the status of specific policy arenas essayists show how political shifts over the past fifty years have moved us away from a more egalitarian politics Throughout the book responds critically to the now conventional argument that liberalism must be reconfigured in ways that retreat from immediate identification with the
