Education Social Change A Study In Som:

The Family and Social Change in Chinese Societies Dudley L. Poston, Jr., Wen Shan Yang, Demetrea Nicole Farris, 2013-11-26 This book focuses on families and their changes in Taiwan and China Traditional notions of what constitutes a family have been changing in China Taiwan and other Asian countries The chapters in this book provide interesting methodological and substantive contributions to the discourse on family and social change in Chinese societies They also underscore the implications of the various social changes in Chinese families Written by Chinese and Western scholars they provide an unprecedented overview of what is known about the effects of social change on Chinese families One might think that defining a family is an easy task because the family is so significant to society and is universal The family is the first place we learn culture norms values and gender roles Families exist in all societies throughout the world but their constitution differs In the past several decades there have been many changes in the family in Taiwan and China For instance whereas in the West we use a bilineal system of descent in which descent is traced through both the mother's side and the father's side of the family in many parts of China descent is patrilineal although this is changing and China and Taiwan are starting to assume a family constitution similar to that in the West This and other issues are discussed in great detail in this book Indeed it is the very nature of the differences that motivated the writing of this book on changing families in Taiwan and China The chapters in Part I The Family in Taiwan and China focus on the basic family issues in Taiwan and China that provide the groundwork for many of the chapters that follow Chapter 1 is about the distribution of resources in the family in Taiwan Chapter 2 focuses on filial piety and the autonomous development of adolescents in the Taiwanese family and Chapter 3 explores the important issue of family poverty in Taiwan Chapter 4 moves away from Taiwan and looks at several issues of family growth and change in Hong Kong noting the interesting similarities and differences between Hong Kong and China Part II Issues of Marriage the Family and Fertility in Taiwan and China focuses specifically on marriage family and fertility In Chapter 5 the authors discuss the relationships between marital status socioeconomic status and the subjective well being among women in Hong Kong and Taiwan Chapter 6 describes patterns of sexual activity in China and the United States Chapter 7 considers gender imbalances in Taiwan and their impact on the marriage market Chapter 8 also focuses on Taiwan and examines the effects of mothers' attitudes on daughters' interaction with their mothers in law Chapter 9 compares female and male fertility trends and changes in Taiwan Part III Children and the Family in East Asia and in Western Countries consists of comparative studies of the family and children Chapter 10 examines the dynamics of grandparents caring for children in China Chapter 11 explores family values and parent child interaction in Taiwan Chapter 12 examines the significant amount of diversity among families in contemporary Taiwan Chapter 13 describes adolescent development in Taiwan Chapter 14 examines the impact of son preference on fertility in China South Korea and the United States And Chapter 15 explores the determinants of intergenerational support in Taiwan The final chapter in our book the

only chapter in Part IV The Family and the Future in Taiwan examines the future of the family in Taiwan with respect especially to the marriage market and aged dependency

Political Economy of Social Change and Development in Nepal Jeevan R. Sharma, 2021-09-30 Political Economy of Social Change and Development in Nepal is an accessible contemporary political economic analysis of social change in Nepal It considers whether and how Nepal's political economy might have been transformed since the 1950s while situating these changes in Nepal's modern history and its location in the global economic system It assembles and builds on the scholarship on Nepal from a multidisciplinary and synoptic perspective Focusing on local discourses experiences and expectations of transformations it draws our attention to how powerful historical processes are experienced and negotiated in Nepal and assess how these may at the same time produce ideas of equality human rights and citizenship while also generating new forms of precarity Research in Education ,1971

Scrutinising the Nordic Dimension in Education John Benedicto Krejsler, 2024-08-08 This edited volume scrutinises the Nordic dimension within education and how this notion affects frames and sets direction for school and education in policy practice and educational research The book interrogates what unites and divides Denmark Finland Iceland Norway and Sweden and analyses how the notion of the Nordic dimension has become conceptualised and institutionalised in different educational settings Comparative studies of national education policies and practice across these five small North European countries and Scotland as a case beyond explore how the Nordic dimension relates to national regional and transnational collaborations Further the book queries the degree to which what are typically considered Nordic approaches to social welfare gender equality diversity and international outlook have in actual fact affected education Ultimately the

book explores the realities and myths associated with the idea of the Nordic dimension and in relation to the wider context of integration within the European region The book will be of interest to researchers scholars and postgraduate students working in international and comparative education education policy and politics teaching and learning and in European cultural studies *Psychological Responses to Social Change* Peter Noack, Manfred Hofer, James Youniss, 2020-10-12 No detailed description available for Psychological Responses to Social Change **Location, Space and Place in Religious Education** Martin Rothgangel, Kerstin von Brömssen, Hans-Günter Heimbrock, Geir Skeie, 2017 People form attachments to their home their neighbourhood and environment to the region and nation to which they belong They express feelings about space and place especially so in globalized times In religious studies in theology and in education there is a growing interest in spatial theories either as constructed within national borders or within international and transnational spaces The spatial turn has become an acknowledged term in interdisciplinary discourses Although every practice of religious education is situated and contextually dependent religious education RE research until now has not systematically paid attention to this fundamental insight This volume is devoted specifically to clarifying the close relationship between RE practice and spatial and situational conditions After clarifying the main concepts in Part 1 Part 2 includes chapters related to classroom studies while Part 3 focuses on studies about teachers of religious education Part 4 contains studies beyond the classroom such as school chapels churches and inner space All contributions to this volume were developed in the context of the European Network for Religious Education through Contextual Approaches ENRECA which has focused recently on the central issue of space and place **Researching Play from a Playwork Perspective** Pete King, Shelly Newstead, 2017-07-06 Play is of critical importance to the well being of children across the globe a fact reflected in Article 31 of the United Nations Convention on the Rights of the Child Yet existing literature on the subject is largely confined to discussing play from a developmental educational or psychological perspective Researching Play from a Playwork Perspective offers a new and exciting angle from which to view play drawing on the authors own experience of conducting research into various aspects of this all important and pervasive phenomenon This innovative work will act as a compass for those looking to undertake research into different aspects of play and child welfare Each chapter explores how the author has combined established and new research methodologies with their individual playwork approaches to arrive at emergent understandings of playwork research The overall conclusion discusses directions for future research and develops a new model of playwork research from the four common themes that emerge from the contributions of individual authors children s rights process critical reflection and playfulness Examples from the United Kingdom Nicaragua and Sweden give this unique work international relevance Researching Play from a Playwork Perspective will appeal to researchers and students around the world working in the fields of playwork childcare early years education psychology and children s rights It should also be of interest to practitioners in a wide variety of professional contexts including childcare and therapy The Quality of Practitioner

Research ,2007-01-01 This book contains different perspectives on the quality of practitioner research or action research and focuses specifically on questions of the relation between the researcher and the field of the researched The collaborative characteristic of research by practitioners is seen by many as crucial for the better understanding and transformation of practices Those who are included in these practices are expected to be part of the research The distance between researcher and researched should therefore be small in fact this distance is absent when practitioners do research within their own field without the interference of researchers from outside the school This raises fundamental questions about the relationship between the researcher and the researched or the field of the researched The authors of this book share a concern about the popularity of uncritical and rather technical approaches to practitioner research or action research The book offers inspiring and thought provoking ideas to all involved in research by practitioners especially in education researchers and facilitators in the field of practitioner research action research and qualitative research teachers and other practitioners philosophers of education and postgraduate students Most chapters in the book are proceedings from the joint International Practitioner Research Conference and the Collaborative Action Research Network Conference 2005 in Utrecht the Netherlands organized by Fontys University dept of Inclusive Special Education and Leiden University Graduate School of Teaching ICLON

School Development: Theories & Strategies Per Dalin,2010-07-15 This is the most comprehensive School Development overview text ever written In the first part of the book Dalin sets the stage for a discussion of how schools can improve in the 21st century by providing a detailed historical review of reform in Europe and North America He explores the dilemmas faced by decision makers facing up to pressure for change and provides world wide examples of attempts at decentralization The middle part of the book gives an overview of the theoretical basis for school improvement It examines whether schools behave differently from other types of organization Institutional leadership and management are put under the microscope with particular emphasis placed on the role of the principal in school improvement The book concludes with a brilliant analysis of change strategies It uses practical studies as well as referring back to the contextual framework and theoretical basis provided earlier Strategies are reviewed on three levels of change individual organizational and those which target the entire system *School Development Theories and Strategies* is the culmination of many years work by one of the acknowledged experts in the field Its significance for all those who have an interest in furthering educational standards cannot be overestimated

Handbook of Early Childhood Literacy Nigel Hall, Joanne Larson, Jackie Marsh, 2003-10-18 This volume examines early literacy research on a global scale and puts social cultural and historical analyses in the front seat without losing sight of individual and family level matters in the process It is comprehensive ground breaking and provocative and should help literacy researchers to think differently about the field Marjorie Faulstich Orellana School of Education and Social Policy Northwestern University No other publication that I am aware of brings together views from such diverse disciplines contributing to a comprehensive statement about early childhood literacy The Handbook not only reviews the current field of situated literacy but presents some important and exciting new research It is a significant resource that promises to become a landmark text Eve Bearne University of Cambridge Faculty of Education U K This handbook brings together an astonishing array of writers who explore contemporary political cultural and cognitive understandings of early childhood literacy Literacy and literacy acquisition are broadly defined here to encompass not just traditional notions of reading and writing but multimodalities multiliteracies and critical literacies It is rich and comprehensive an invaluable resource for scholars educators and students of early childhood

literacy Elsa Auerbach Professor of English University of Massachusetts Boston This book is unique in its broad consideration of topics and its global focus I particularly appreciate how the editors have situated current research in an historical context They have also included development issues pedagogy research and the newest areas of interest critical literacy and popular culture Diane Barone University of Nevada Reno In recent years there has been a virtual revolution in early childhood studies with a mass of books and papers seeking to re examine and reposition childhood At the same time an equally significant area has developed within literacy studies reflecting a growing interest in the nature of literacy as a socially situated phenomenon There is increased interest in literacy as a multimodal concept in which symbolic meaning is a central concept rather than more conventional and narrower notions of literacy The Handbook of Early Childhood Literacy is central in providing access to all these different perspectives The Handbook offers a way through the vast diversity of publications on early childhood literacy by providing comprehensive and up to date reviews of research and thinking in early childhood literacy The arrangement of chapters reflects a contemporary perspective on research into early childhood literacy Major sections include the global world of early childhood literacy childhood literacy and family community and culture the development of literacy in early childhood pedagogy and early childhood literacy and researching early childhood literacy Contributions by leading authorities focus on literacy as a socially situated and global experience one that is evolving in relation to changes in contemporary culture and technological innovation

Engaging with Contemporary Challenges through Science Education Research Olivia Levrini, Giulia Tasquier, Tamer G. Amin, Laura Branchetti, Mariana Levin, 2021-09-24 This book starts with the premise that beauty can be an engine of transformation and authentic engagement in an increasingly complex world It presents an organized picture of highlights from the 13th European Science Education Research Association Conference ESERA 2019 held in Bologna Italy The collection includes contributions that discuss contemporary issues such as climate change multiculturalism and the flourishing of new interdisciplinary areas of investigation including the application of cognitive neuroscience artificial intelligence and digital humanities to science education research It also highlights learners difficulties engaging with socio scientific issues in a digital and post truth era The volume demonstrates that deepening our understanding is the preferred way to address these challenges and that science education has a key role to play in this effort In particular the book advances the argument that the deep and novel character of these challenges requires a collective search for new narratives and languages an expanding knowledge base and new theoretical perspectives and methods of research The book provides a contemporary picture of science education research and looks to the theoretical and practical societal challenges of the future

Trends in Education, 1969 Storying the Public Intellectual Pat Sikes, Yvonne Novakovic, 2019-10-17 Storying the Public Intellectual Commentaries on the Impact and Influence of the Work of Ivor Goodson offers a critical commentary on Goodson s work that avoids hagiography whilst recognising the global reach of his scholarship With contributors from around the world those who have collaborated with

him or those who have taken up his work the book provides the sort of social and historical contextualising that Goodson has always advocated The accounts in this collection highlight how Goodson s integration of moral imperatives into strategically responsive scholarship can provide a useful roadmap when negotiating a path through the contemporary academic research landscape By using his historian s orientation and sensibilities he is able to get to the heart of the logics of schooling By connecting with other scholars and researchers around the world he exposes how the global neo liberal project plays out in particular settings and so challenges pervasive understandings about the meaning of global and the power of the neo liberal project itself This book is ideal reading for academics scholars and researchers in the field of education including those involved in initial and in service teacher education

The Status of Social Studies Jeff Passe, Paul G. Fitchett, 2013-10-01 A team of researchers from 35 states across the country developed a survey designed to create a snapshot of social studies teaching and learning in the United States With over 12 000 responses it is the largest survey of social studies teachers in over three decades We asked teachers about their curricular goals their methods of instruction their use of technology and the way they address the needs of English language learners and students with disabilities We gathered demographic data too along with inquiries about the teachers training their professional development experiences and even whether they serve as coaches The enormous data set from this project was analyzed by multiple research teams each with its own chapter This volume would be a valuable resource for any professor doctoral student or Master s student examining the field of social studies education It is hard to imagine a research study topical article or professional development session concerning social studies that would not quote findings from this book about the current status of social studies With chapters on such key issues as the teaching of history how teachers address religion social studies teachers use of technology and how teachers adapt their instruction for students with disabilities or for English language learners the book s content will immediately be relevant and useful
