Demetrios Caraley

Good Judgment In Foreign Policy Theory And Application:

Good Judgment in Foreign Policy Stanley Allen Renshon, Deborah Welch Larson, 2003 At the heart of political leadership lies choice And at the heart of choice lies judgment A leader's psychology and experience intersect with political realities to produce consequences that can make or break a leader or a country Nowhere is judgment more important than in the making of foreign policy Good judgments can avoid wars or win them Poor judgments can start wars or lose them This book draws together a distinguished group of contributors psychologists political scientists and policymakers to focus on and understand both good and poor judgment in foreign policy making Case studies of key leadership decisions combine with theoretical overviews and analyses to offer a highly textured portrait of judgment in action in the all important foreign policy arena An up to the minute case on George W Bush and the war on terrorism applies good judgment theory to contemporary events

Foreign Policy Analysis M. Breuning, 2007-11-26 This book's introduction to foreign policy analysis focuses on decision makers and decision making Each chapter is organised around puzzles and questions to which undergraduates can relate The book emphasizes the importance of individuals in foreign policy decision making while also placing decision makers within their context

War Powers Mariah Zeisberg, 2015-09-01 Armed interventions in Libya Haiti Iraq Vietnam and Korea challenged the US president and Congress with a core question of constitutional interpretation does the president or Congress have constitutional authority to take the country to war War Powers argues that the Constitution doesn't offer a single legal answer to that question But its structure and values indicate a vision of a well functioning constitutional politics one that enables the branches of government themselves to generate good answers to this question for the circumstances of their own times Mariah Zeisberg shows that what matters is not that the branches enact the same constitutional settlement for all conditions but instead how well they bring their distinctive governing capacities to bear on their interpretive work in context Because the branches legitimately approach constitutional questions in different ways interpretive conflicts between them can sometimes indicate a successful rather than deficient interpretive politics Zeisberg argues for a set of distinctive constitutional standards for evaluating the branches and their relationship to one another and she demonstrates how observers and officials can use those standards to evaluate the branches constitutional politics With cases ranging from the Mexican War and World War II to the Cold War Cuban Missile Crisis and Iran Contra scandal War Powers reinterprets central controversies of war powers scholarship and advances a new way of evaluating the constitutional behavior of officials outside of the judiciary

Historical Dictionary of U.S. Diplomacy since the Cold War Tom Lansford, 2007-09-10 The post Cold War diplomacy of the United States evolved in stages that reflected changes in the international system Through the 1990s the nation's foreign affairs were marked by an evolution away from the post World War II focus on security and superpower competition to a more multifaceted and nuanced series of policies that included economic concerns social and cultural issues and environmental matters However an escalating series of terrorist attacks that culminated in the 11

September 2001 strikes on New York and Washington D C led to the reemergence of security as the main foreign policy issue for the United States The subsequent American led war on terror mirrored the Cold War in its goals and the administration of President George W Bush endeavored to build a multinational counterterrorism coalition that paralleled the Western alliance of the bipolar era The Historical Dictionary of U S Diplomacy Since the Cold War is a concise overview of the main figures conflicts events and policies of the United States in the post Cold War era The study explores the main elements of U S foreign policy and the regional and international reaction to American policies from the presidency of George H W Bush to that of George W Bush Through its entries the book analyzes the underlying themes of U S diplomacy and the new policies formulated and implemented in response to broad changes in global politics The book includes a chronology of events from 1991 to 2007 an introduction that highlights important themes of the era cross referenced entries on significant topics a detailed bibliography and appendixes of major documents The work is ideal for both public and academic libraries the general public or the specialist looking for a reference tool in this area *National Security in the Obama Administration* Stanley A. Renshon, 2009-09-10 This book examines the Bush Doctrine and its effect and influence on the new national security agenda of President Obama **Identity, Culture, and Chinese Foreign Policy** Kangkyu Lee, 2020-11-29 This book assesses the role of identity and Chinese face culture in Chinese foreign policy by analyzing China s political and economic retaliation against South Korea s deployment of the THAAD Terminal High Altitude Area Defense system on its soil By examining the history and military action of China Japan and North and South Korea the book argues that China s divergent responses were caused by different expectations according to whether states had a perceived identity as a friend or a rival The author demonstrates that Chinese face culture shapes China s reaction to others through three dynamics of seeking saving and losing face This book shows how identity and culture have worked in the relationship between China and neighboring countries through three case studies exploring North Korea s Taepodong 2 missile launch and first nuclear test in 2006 South Korea s decision to allow the United States to deploy the THAAD around 2016 and Japan s decision to deploy two U S X band radars in 2005 and 2014 A timely analysis of the importance of identity and culture in international relations the book will be of interest to scholars of Chinese foreign policy Sino South Korean relations Sino North Korean relations Sino Japanese relations Korean Politics Asian Politics and International Relations Emotional Choices Robin Markwica, 2018-03-06 Why do states often refuse to yield to military threats from a more powerful actor such as the United States Why do they frequently prefer war to compliance International Relations scholars generally employ the rational choice logic of consequences or the constructivist logic of appropriateness to explain this puzzling behavior Max Weber however suggested a third logic of choice in his magnum opus *Economy and Society* human decision making can also be motivated by emotions Drawing on Weber and more recent scholarship in sociology and psychology Robin Markwica introduces the logic of affect or emotional choice theory into the field of International Relations The logic of affect posits that actors behavior is

shaped by the dynamic interplay among their norms identities and five key emotions fear anger hope pride and humiliation Markwica puts forward a series of propositions that specify the affective conditions under which leaders are likely to accept or reject a coercer s demands To infer emotions and to examine their influence on decision making he develops a methodological strategy combining sentiment analysis and an interpretive form of process tracing He then applies the logic of affect to Nikita Khrushchev s behavior during the Cuban missile crisis in 1962 and Saddam Hussein s decision making in the Gulf conflict in 1990 1 offering a novel explanation for why U S coercive diplomacy succeeded in one case but not in the other

Alexander L. George: A Pioneer in Political and Social Sciences Dan Caldwell, 2018-07-20 Alexander L George was one of the most productive and respected political scientists of the late twentieth century He and his wife Juliette George wrote one of the first psychobiographies and Professor George went on to write seminal articles and books focusing on political psychology the operational code foreign policy decision making case study methodology deterrence coercive diplomacy policy legitimacy and bridging the gap between the academic and policymaking communities This book is the first and only one to contain examples of the works across these fields written by Alexander George and several of his collaborators This is a collection of Alexander L George s works from the major fields to which he contributed There are biographical essays by his wife and co author Juliette L George daughter Mary George Douglass former student Dan Caldwell and professional colleague Janice Gross Stein There are 25 photographs of Alexander L George and his family which have not previously been published

Perceptions and Policy in Transatlantic Relations Natividad Fernández Sola, Michael Smith, 2009 In this book experts from both sides of the Atlantic examine the recent tensions between Western Europe and the United States over such issues as transatlantic security policies towards terrorism and relations with Russia and the former Soviet Union against the broader background of perceptions and misperceptions in transatlantic relations Drawing on Professor Robert Jervis work *Perceptions and Misperceptions in International Politics* this book examines whether Jervis thesis has a new relevance given the current challenges in transatlantic relations Some of the issues examined include perceptions and misperceptions in general focusing on US foreign policy issues of decision making and implementation and issues of alliance management the capacity of the United States and the European Union to cooperate effectively within the broader transatlantic framework studies focusing on the alliance security dilemma and the transatlantic security community case studies of transatlantic relations in the war on terror and relations with Russia the present and future of the western alliance Providing a global and multilateral analysis from American and European perspectives and exploring fields of cooperation and competition *Perceptions and Policy in Transatlantic Relations* will be of strong interest to students of International Relations American politics and European politics

US-China Relations in the 21st Century Zhiquan Zhu, 2006-04-18 *US China Relations in the 21st Century* addresses the bilateral relations of these two nations on an international domestic societal and individual level between 1990 and 2005 Peaceful power shifts remain a central dilemma

in world politics since historically power transition from a dominant nation to a challenger has been associated with international wars This book examines whether China and the US can learn from history and manage a potential power transition peacefully Zhiqun Zhu selects two important cases of power transitions in history as the background for this study power rivalry between Great Britain and Germany that led to the First World War the peaceful power transition from Great Britain to the United States US China Relations in the 21st Century contributes to the current International Relations theory by proposing a new analytical model on global power transition and providing recommendations for peacefully handling a potential power transition from the US to China in the future This original and comprehensive study is essential reading for scholars of US and Chinese foreign policy world politics and international relations **Status in World Politics** T. V. Paul, Deborah Welch Larson, William C. Wohlforth, 2014-04-07 A systematic study of why rising powers seek greater status in world politics and when dominant powers recognize their claims *Pandora's Trap* Thomas Preston, 2011-09-16 How important is presidential personality and leadership style in foreign policy decisions To answer this question Thomas Preston takes readers inside the Bush administration's decision making process and use of intelligence to better understand how administration officials justified the Iraq War and how they sought to avoid blame for the consequences of their actions Based on extensive interviews with key Bush and Johnson administration officials Preston offers students of American foreign policy presidential decision making the dynamics of blame avoidance and future practitioners with an in depth examination of how presidential personality and leadership style impacted Bush's central foreign policy failure In addition Preston looks critically at the oft cited comparisons of Iraq to Lyndon Johnson's leadership during the Vietnam War exploring where the analogy fits and a number of important differences He shows how both presidents styles exacerbated their managerial weaknesses in these cases and the limits of blame avoidance strategies Importantly the book provides a cautionary tale for future leaders to consider more carefully the long term consequences of satisfying their short term policy desires by lifting the lid to any new Pandora's trap **Security Expertise** Trine Villumsen Berling, Christian Bueger, 2015-04-10 This volume brings together scholars from different fields to explore the power consequences and everyday practices of security expertise Expertise mediates between different forms of knowledge scientific and technological legal economic and political knowledge This book offers the first systematic study of security expertise and opens up a productive dialogue between science and technology studies and security studies to investigate the character and consequences of this expertise In security theory the study of expertise is crucial to understanding whose knowledge informs security making and to reflect on the impact and responsibility of security analysis In science and technology studies the study of security politics adds a challenging new case to the agenda of research on expertise and policy The contributors investigate cases such as academic security studies security think tanks the collaboration between science anthropology and the military transnational terrorism and the ethical consequences of security expertise Together they challenge our understanding of how expertise works and what

consequences it has for security politics and international relations This book will be of particular interest to students of critical security studies sociology science and technology studies and IR security studies in general *The Essence of Interstate Leadership* Yan Xuetong, Fang Yuanyuan, 2024-04-09 Bringing together eminent International Relations IR scholars from China and the West this book examines moral realism from a range of different perspectives Through its analyses it verifies the robustness of moral realism in IR theory The first section of the book is written by Chinese scholars and dedicated to debates about how moral realism relates to traditional schools of IR theory The latter portion provided by Western contributors critically investigates both the universal and practical values of moral realism Finally Yan Xuetong concludes by responding constructively to all criticisms and further exploring the nature and characteristics of interstate leadership in moral realism *Scholars, Policymakers, and International Affairs* Abraham F. Lowenthal, Mariano E. Bertucci, 2014-11-24 How to strengthen both academic research and international policies by improving the connections between scholars and policymakers *Scholars Policymakers and International Affairs* shows how to build mutually beneficial connections between the worlds of ideas and action analysis and policy Drawing on contributions from top international scholars with policy experience in the United States Europe Asia Canada and Latin America as well as senior policymakers throughout the Americas Abraham F Lowenthal and Mariano E Bertucci make the case that scholars can both strengthen their research and contribute to improved policies while protecting academia from the risks of active participation in the policy process Many scholars believe that policymakers are more interested in processes and outcomes than in understanding causality Many policymakers believe that scholars are absorbed in abstract and self referential debates and that they are primarily interested in crafting theories and impressing other scholars rather than developing solutions to pressing policy issues The contributors to this book confront this gap head on They do not deny the obstacles to fruitful interaction between scholars and policymakers but drawing on their own experience discuss how these obstacles can be and have been overcome They present case studies that illustrate how scholars have helped reduce income inequality promote democratic governance improve gender equity target international financial sanctions manage the Mexico U S border and enhance inter American cooperation These success stories are balanced by studies on why academic analysts have failed to achieve much positive impact on counternarcotics and citizen security policies The editors astute conclusion identifies best practices and provides concrete recommendations to government agencies international institutions nongovernmental organizations and funding sources as well as to senior university officials academic departments and centers think tanks established scholars junior faculty and graduate students Clearly written and thoughtfully organized this innovative book provides analytic insights and practical wisdom for those who want to understand how to build more effective connections between the worlds of thought and action **Blinders, Blunders, and Wars** David C. Gompert, Hans Binnendijk, Bonny Lin, 2014-11-26 The history of wars caused by misjudgments from Napoleon s invasion of Russia to America s invasion of Iraq

reveals that leaders relied on cognitive models that were seriously at odds with objective reality *Blinders Blunders and Wars* analyzes eight historical examples of strategic blunders regarding war and peace and four examples of decisions that turned out well and then applies those lessons to the current Sino American case **The Commander-in-Chief Test** Jeffrey A. Friedman, 2023-12-15 In *The Commander in Chief Test* Jeffrey A. Friedman offers a fresh explanation for why Americans are often frustrated by the cost and scope of US foreign policy and how we can fix that for the future Americans frequently criticize US foreign policy for being overly costly and excessively militaristic With its rising defense budgets and open ended forever wars US foreign policy often appears disconnected from public opinion reflecting the views of elites and special interests rather than the attitudes of ordinary citizens *The Commander in Chief Test* argues that this conventional wisdom underestimates the role public opinion plays in shaping foreign policy Voters may prefer to elect leaders who share their policy views but they prioritize selecting presidents who seem to have the right personal attributes to be an effective commander in chief Leaders then use hawkish foreign policies as tools for showing that they are tough enough to defend America's interests on the international stage This link between leaders policy positions and their personal images steers US foreign policy in directions that are more hawkish than what voters actually want Combining polling data with survey experiments and original archival research on cases from the Vietnam War through the occupations of Iraq and Afghanistan Friedman demonstrates that public opinion plays a surprisingly extensive and often problematic role in shaping US international behavior With the commander in chief test a perennial point of debate in national elections Friedman's insights offer important lessons on how the politics of image making impacts foreign policy and how the public should choose its president *American Hegemony* Demetrios Caraley, 2004 *Globalization and Conflict* Robert G. Patman, 2006-08-10 This volume highlights the gap between the new security environment and the notion of state centred national security favoured by Washington showing how a Cold War phenomenon known as the national security state in which defence and foreign policy interests essentially converge remains largely intact The conventional wisdom since the suicide attacks of 9 11 is that the world has been transformed and according to President Bush September 11 changed the strategic thinking of the US This book challenges these assumptions Indeed the Bush administration's National Security strategy of 2002 has reinvigorated and even extended the idea of national security Paradoxically the renewed emphasis on a distinctly state centred approach to security including the War on Terror has unfolded during an era of deepening globalization Drawing on the international expertise of fourteen specialists the book examines four inter related themes the impact of globalization on the concept of security the strategic outlook of the world's only superpower the US the new conflicts that have come to characterize the post Cold War era efforts to regulate the emerging patterns of conflict in the world *Globalization and Conflict* will be essential reading for students of strategic studies security studies and international relations **The Oxford Handbook of International Relations** Christian Reus-Smit, Duncan Snidal, 2010-07-01 *The Oxford Handbook of*

International Relations offers the most authoritative and comprehensive overview to date of the field of international relations. Arguably the most impressive collection of international relations scholars ever brought together within one volume, the Handbook debates the nature of the field itself, critically engages with the major theories, surveys a wide spectrum of methods, addresses the relationship between scholarship and policy making, and examines the field's relation with cognate disciplines. The Handbook takes as its central themes the interaction between empirical and normative inquiry that permeates all theorizing in the field and the way in which contending approaches have shaped one another. In doing so, the Handbook provides an authoritative and critical introduction to the subject and establishes a sense of the field as a dynamic realm of argument and inquiry. The Oxford Handbook of International Relations will be essential reading for all of those interested in the advanced study of global politics and international affairs.

Good Judgment In Foreign Policy Theory And Application Introduction

In today's digital age, the availability of Good Judgment In Foreign Policy Theory And Application books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Good Judgment In Foreign Policy Theory And Application books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Good Judgment In Foreign Policy Theory And Application books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Good Judgment In Foreign Policy Theory And Application versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Good Judgment In Foreign Policy Theory And Application books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Good Judgment In Foreign Policy Theory And Application books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Good Judgment In Foreign Policy Theory And Application books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the

Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Good Judgment In Foreign Policy Theory And Application books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Good Judgment In Foreign Policy Theory And Application books and manuals for download and embark on your journey of knowledge?

FAQs About Good Judgment In Foreign Policy Theory And Application Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Good Judgment In Foreign Policy Theory And Application is one of the best book in our library for free trial. We provide copy of Good Judgment In Foreign Policy Theory And Application in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Good Judgment In Foreign Policy Theory And Application. Where to download Good Judgment In Foreign Policy Theory And Application online for free? Are you looking for Good Judgment In Foreign Policy Theory And Application PDF? This is definitely going to save you time and cash in something you should think about.
