Good Practice In Counselling People Who Have Been Abused:

Good Practice in Counselling People who Have Been Abused Zetta Bear, 1998 By addressing the issues of physical emotional sexual and financial abuse and neglect experienced in childhood or adulthood this book aims to provide the reader with a theoretical understanding of people who have been abused and a range of practical approaches to counselling them

Counselling Adult Survivors of Child Sexual Abuse Christiane Sanderson, 2006 This updated and expanded edition provides comprehensive coverage of the theory and practice of counselling survivors of child sexual abuse CSA In a reasoned and thoughtful approach this book honestly addresses the complex issues in this important area of work providing practical strategies valuable and new insights for counsellors *Creative Responses to Child Sexual Abuse* Sue Richardson, Heather Bacon, 2003-01-01 First published in 2003 Routledge is an imprint of Taylor Francis an informa company *Counselling and Psychotherapy after Domestic Violence* Jeannette Roddy, 2016-04-29 This is a refreshing and thought provoking book presenting the views of female and male counselling clients about their experience of therapy after domestic violence It brings together the existing literature and client views to present a new perspective on how to approach counselling with individuals who have experienced domestic violence *Therapeutic Work with Sexually Abused Children* Randall Easton Wickham, Janet West, 2002-05-24 This book is a practical and supportive guide for the professionals facing this traumatic subject It is easily readable Journal of Child and Adolescent Mental Health *Therapeutic Work With Sexually Abused Children* locates the practice experience of the authors within a rigorous theoretical framework and is a readable and useable guide to the complexities of helping children and adolescents who have suffered the trauma of sexual abuse Youth Policy It is refreshing to find child therapists ready to engage with sexually abused children by incorporating trauma theory and research addressing child protection and seeing themselves as part of a team that includes the carers The authors provide an overview of phases of treatment theoretical considerations and essential skills They emphasize the importance of relationship and explore its impact on the therapist Their approach is creative and child centered Case vignettes poems and exercises promote empathy with the child s perspective There is a useful chapter on cultural issues and the needs of children in alternative care this is an excellent primer for the child s helping network Community Care This is an excellent book for workers seeking to respond more effectively to child victims of abuse David Pearson Caring Magazine *Therapeutic Work with Sexually Abused Children* is a creative and practical guide for professionals working directly with those who have suffered sexual abuse and for their carers The trauma of sexual abuse experienced in childhood can be severe and enduring Therapeutic support is offered to help both the child and the family cope with psychological or emotional difficulties both currently and in later life Therapists must be able to respond effectively to the child victim in a sensitive and timely way which prioritizes the needs of each child Drawing on their experience as practitioners the authors explore the reactions which children commonly experience following abuse and examine the tasks of the therapist in responding to them This book

explores the counselling of children who have been abused rather than adult survivors of child abuse The book will benefit from the combined experiences of one US author and one UK author **A Grief Unobserved** Maggie Kindred,2012-02-23

There is a book by C S Lewis in which he describes the process of coming to terms with this bereavement the grief observed which most adults will experience at some time in their lives This book is about the grief of very young children The text brings to life both the young child s disrupted and an adult experience of therapy *Guiding Recovery from Child Sexual Abuse* Dave Simon,1998 Based on his own experience of working with individuals who have suffered sexual abuse the author of this work has created a single issue structured counselling programme designed to meet the needs of adult or adolescent survivors This volume outlines this programme Can You Read Me? Jacki Pritchard,Eric Sainsbury,2004-03-15 This book presents poems stories and journal work spontaneously written by people young and old who have suffered serious abuse The editors explanations and commentaries suggest how health and social care workers can facilitate creative writing as a potential contribution to emotional healing in work with both individuals and small groups **Counselling the Person Beyond the Alcohol Problem** Richard Bryant-Jefferies,2001 Through his work with problem drinkers Richard Bryant Jefferies has developed a person centred approach to counselling that encourages a change of lifestyle This work shows how client focused counselling can support problem drinkers **Supervision** Moira Walker,Michael Jacobs,2006-02-22

Supervision is a prerequisite for all counsellors and for most psychotherapists yet until recently it has been assumed that any experienced counsellor or therapist could become a supervisor without any special expertise But the experience of those in supervision is sometimes of inadequate or even unhelpful work by their supervisors At the same time supervision is receiving considerable attention as a discipline in its own right with an expanding literature on the dynamics of the supervisory couple or the supervisory triad since the client is a central if absent presence more attention is also being paid to the technical skills required of the supervisor This book addresses those issues both from the perspective of the supervisee and the supervisor suggesting what supervisees might expect from good supervision as well as offering guidance to supervisors on how best to use to the full the opportunities offered by a therapeutic situation which has some similarities but also some radical differences from counselling and therapy itself Time to Listen to Children Birgit Carolin,Pat Milner,2002-01-04 Time to Listen to Children is a practical guide to effective communication with children Professionals working with children in a variety of settings examine the skills required to help children articulate their problems and feelings They discuss issues such as training cultural background and religion and give accounts of their work in the following settings education social services voluntary organizations medical settings law Contributors practice a variety of therapeutic techniques including play music and art therapy Time to Listen to Children will be a valuable resource for social workers teachers and counsellors in training and for all professionals who wish to adopt a skilled reflective and active approach to their work with children

Organised Sexual Abuse Michael Salter,2013 This book examines the sexual abuse of children by groups or networks It

reviews the debates and controversy surrounding organised abuse and examines case studies of 21 adults in Australia who experienced organised sexual abuse in childhood Themes discussed include the relationship between sexual abuse and organised abuse debates on allegations and recovered memories police responses the contexts in which sexually abusive groups develop and operate the role of religion and ritual in subcultures of organised sexual abuse and the experience of adult and child victims in the criminal justice system and health system

An Introduction to the Therapeutic Relationship in Counselling and Psychotherapy Stephen Paul, Divine Charura, 2014-10-16 The therapeutic relationship is considered to be the most significant factor in achieving positive therapeutic change As such it is essential that trainee and practising therapists are able to facilitate a strong working alliance with each of their clients This book will help them do just that by offering a practical and evidence based guide to all aspects of the therapeutic relationship in counselling and psychotherapy Cross modal in its approach this book examines the issues impacting on the therapeutic relationship true to all models of practice Content covered includes The history of the therapeutic relationship The place of the therapeutic relationship in a range of therapy settings including IAPT Concepts and practical skills essential for establishing and maintaining a successful working alliance The application of the therapeutic relationship to a variety of professional roles in health and social care Practice issues including potential challenges to the therapeutic relationship working with diversity and personal and professional development Research and new developments Using examples points for reflection and chapter aims and summaries to help consolidate learning the authors break down the complex and often daunting topic of the therapeutic relationship making this essential reading for trainee and practising therapists as well as those working in a wider range of health social care and helping relationships
