Allan Kardec, 2021-11-24 A work that is still up to date What is Spiritism is useful for adherents of the Spiritist Doctrine as well as for those who want to understand the nature of Spiritism and its fundamental points Kardec's logic and common sense are obvious in this book as he confounds Spiritism's detractors while answering the questions of those who believe in and aspire to a superior life The book is divided into three chapters The first is composed of dialogues between Kardec and a critic a skeptic and a priest providing answers to those who do not understand the basic principles of Spiritism It also presents appropriate refutations to its opponents The second chapter presents practical and experimental aspects of the science and is a kind of summary of *The Mediums Book* The third chapter is a short synthesis of *The Spirits Book* with solutions to psychological moral and philosophical problems according to the Spiritist Doctrine In addition the book is prefaced with an abridged version of Henri Sausse's biography of Allan Kardec **Annual Report of the Board of Regents of the Smithsonian Institution** Smithsonian Institution, 1925 *Lakota Belief and Ritual* James R.
