Good Morning Revolution Uncollected Social Protest Writings:

Good Morning Revolution Langston Hughes, 1973 *Good Morning Revolution* Langston Hughes, 1992 Since his death in 1967 Langston Hughes's reputation has continued to grow. He is now widely regarded as one of the foremost poets of his time and one of the most eloquent and beloved spokesmen of his people. Remembered by many as a fighter for the poor and downtrodden, Hughes in his early work was outspoken, but he tempered his views later, and some of the early social protest writings receded into the shadows. Faith Berry rediscovered the material presented in *Good Morning Revolution*. From publisher's description African American Literature Hans Ostrom, J. David Macey Jr., 2019-11-15 This essential volume provides an overview of and introduction to African American writers and literary periods from their beginnings through the 21st century. This compact encyclopedia aimed at students selects the most important authors, literary movements, and key topics for them to know. Entries cover the most influential and highly regarded African American writers, including novelists, playwrights, poets, and nonfiction writers. The book covers key periods of African American literature, such as the Harlem Renaissance, the Black Arts Movement, and the Civil Rights Era, and touches on the influence of the vernacular, including blues and hip hop. The volume provides historical context for critical viewpoints, including feminism, social class, and racial politics. Entries are organized A to Z and provide biographies that focus on the contributions of key literary figures, as well as overviews, background information, and definitions for key subjects.

Fight for Freedom and Other Writings on Civil Rights Langston Hughes, 2001 Nearing the end of a distinguished literary career that spanned nearly fifty years, Langston Hughes took on the daunting task of writing the official history of the national Association for the Advancement of Colored People (NAACP). Beginning with the social, political, and economic contexts that led to the founding of the NAACP in 1909 and ending with a summary of its targeted goals for 1963, Hughes attempted to write a history that would be comprehensive in scope and singular in its purpose of highlighting the ways in which the Association had a direct and positive influence on racial justice in the United States. Focusing on the individuals who had the greatest impact on the NAACP and the issues with which the organization was most concerned in its first fifty years of existence, Hughes produced the widely acclaimed *Fight for Freedom*, striking an exceptional balance between biography and cultural history. Long before the publication of *Fight for Freedom*, Hughes had begun writing nonfictional prose about these same issues as a regular columnist and essayist for the nation's most influential African American publications, including the *Chicago Defender* and *Crisis*. A selection of these popular columns and other essays, which reveal the extent to which Hughes's unique, varied, and sometimes Blues-tinged narrative voice shifted in tone over the course of his extensive career, is included in this volume. Hughes intersperses historical facts with compelling anecdotes that often frame subtly ironic commentaries on various themes. The result is a history that provides a lens through which to view Hughes's attitudes in the early 1960s toward the ways the NAACP addressed the vital social, cultural, political, and economic issues central to its agenda. *Fight for Freedom and Other Writings*

on Civil Rights makes a unique contribution to the oeuvre of an African American writer whose full significance to American literature history and culture will continue to be defined well into the twenty first century

Revolutionary Memory Cary Nelson, 2013-10-11 Revolutionary Memory is the most important book yet to be published about the vital tradition of leftwing American Poetry As Cary Nelson shows it is not only our image of the past but also our sense of the present and future that changes when we recover these revolutionary memories Making a forceful case for political poetry as poetry Nelson brings to bear his extraordinary knowledge of American poets radical movements and social struggles in order to bring out an undervalued strength in a literature often left at the canon's edge Focused in part of the red decade of the 1930s Revolutionary Memory revitalizes biographical criticism for writers on the margin and shows us for the first time how progressive poets fused their work into a powerful chorus of political voices Richly detailed and beautifully illustrated with period engravings and woodcuts Revolutionary Memory brings that chorus dramatically to life and set a cultural agenda for future work

Selected Poems of Calvin C. Hernton Calvin C. Hernton, 2023-08-01 This volume promises to be the definitive guide to Calvin C Hernton's unparalleled poetic career re-introducing readers to a major voice in American poetry Hernton was a cofounder of the Umbra Poets Workshop a participant in the Black Arts Movement R D Laing's Kingsley Hall and the Anti University of London and a teacher at Oberlin College who counted amongst his friends bell hooks Toni Morrison and Odetta As a pioneer in the field of Black Studies Hernton developed a theoretical and practical pedagogy with lasting impact on generations of students He may be best known as an anti sexist sociologist following in the footsteps of W E B Du Bois but Hernton viewed himself above all as a poet

This volume includes a generous selection of Hernton's previously published poems from classics like the often anthologized *The Distant Drum* to the visionary epic *The Coming of Chronos* to the *House of Night* song reprinted in full for the first time since 1964 alongside uncollected and unpublished material from the Calvin C. Hernton papers at Ohio University, a new critical introduction and detailed notes, chronology and bibliography, sample poem *The Distant Drum*, "I am not a metaphor or symbol. This you hear is not the wind in the trees. Nor a cat being maimed in the street. I am being maimed in the street. It is I who weep, laugh, feel pain or joy. Speak this because I exist. This is my voice. These words are my words. My mouth speaks them. My hand writes. I am a poet. It is my fist you hear beating against your ear." *A Scholar's Conscience* J. Saunders Redding, 2021-12-14. J. Saunders Redding (1906-1988) was often and justifiably called the dean of African American scholars. As professor and man of letters, he wrote about African American literature and culture in vivid and scholarly prose. And of all the writers of his generation, he best represented and came closest to explaining the hopes and conflicts of American democracy in a multiracial society. Yet his perceptions and writings were never limited to race, nationality, academia, or one literary genre. In this first published anthology drawn from Redding's books, essays, and speeches, Faith Berry has compiled representative selections from every period and genre in which Redding wrote: autobiography, fiction, biography, history, journalism, travelogue, and literary criticism. The collection offers a wide range of his thought and criticism from numerous publications as well as a comprehensive bibliography of his works. Redding is essential reading for all those who argue for or against the intellectual credo he espoused: that African American writing and culture be studied in the context of American life and culture, not in isolation. This useful and balanced edition of Redding's writing should serve to introduce him to a new audience, certain to find his texts worthy of attention and discussion. Readers concerned with literary and social history, higher education, race relations, American and ethnic studies, foreign affairs, cultural exchange, or indeed the humanities in general will find this work an important resource. Contemporary African American scholars will value the book as a lasting reference. And anyone unfamiliar with Redding's work will discover and appreciate the breadth of his contributions to scholarship and literature. *The Oxford Encyclopedia of African Thought* Abiola Irele, 2010. From St. Augustine and early Ethiopian philosophers to the anti-colonialist movements of Pan-Africanism and Negritude, this encyclopedia offers a comprehensive view of African thought, covering the intellectual tradition both on the continent in its entirety and throughout the African Diaspora in the Americas and in Europe. The term African thought has been interpreted in the broadest sense to embrace all those forms of discourse, philosophy, political thought, religion, literature, important social movements that contribute to the formulation of a distinctive vision of the world determined by or derived from the African experience. The Encyclopedia is a large-scale work of 350 entries covering major topics involved in the development of African Thought, including historical figures and important social movements, producing a collection that is an essential resource for teaching, an invaluable companion to independent research, and a solid guide for further study. **Encyclopedia of the Harlem**
