Hector R. Valles,2020-02-18 The book starts in the neighborhood of Miramar in San Juan Puerto Rico towards the end of the 1960s It begins in midst of a relationship between two college students The woman is Susan Ruiz the daughter of a well known artist of the time who is seeped in European culture and her male counterpart is Hector Ramon Martinez the son of a renown medical doctor who lives in Ocean Park a neighborhood of established professionals The novel takes place in the middle of the intellectual political and drug culture of the time Hector Ramon Martinez who aspires to be a writer but who suffers a severe mental breakdown is sent to Spain where he is hospitalized in the Esquerdo Sanatorium before he drifts through different cities in an attempt to find himself in a valid reason for his life The two of them will meet again in New York University in Manhattan where even though they are in the process of drafting their doctoral dissertations they walk and talk the streets of the Big Apple without a clear idea of what they can become The result for him at any rate is this convoluted text **Goodbye to Urdu** Ali Daniel,2020-10-14 Dreams that come true hurt us most in future People are not afraid to go to

hell because they ve already been through a hell here A preacher tries to put fear of graves in their hearts in graphic detail but they mock him Nothing new they are so used to it visceral fear in real life The story of a boy who grapples with the death of his father He tries to find the answers in the life passed in his village in the soft light of the night and the brutal sunlight of the day It is not only the loss of childhood dreams but also the language spoken in them Slowly and surely he watches a ghetto surreptitiously encroaching upon his family and community There a bird refuses to recognize another bird Exiled there with the same seasons now ruthless and relentlessly painful he confuses the cries of the birds with the cries of the children It s just not the fear for himself but the fear for generations to come What will happen to them People have a different criterion for buying homes there They look for a place where they will not be attacked at night **Is the End of the World Near?** Ron Miller,2011-10-01 Introduces end of the world scenarios including self destruction through nuclear war or continued environmental exploitation humanity wiped out by a pandemic or an asteroid or comet strike destroying Earth

Goodbye, Gloria Gloria Weston, 2001-05-28 The Second World War erupted when the author was a child and like hundreds of other boys and girls she was snatched out of the world she knew and thrown in at the deep end to sink or swim in another one A world of stone cottages iron ranges strange local accents and weird food not to mention homes without electricity hot running water and indoor lavatories The author had to learn to live with a new family and to understand their ways and how they expected her to behave Also she had to suffer the indignity of being for her own family almost out of sight out of mind After two years she was sent to London to live and was obliged to learn yet another family and yet another way of life She experienced air raids and the sudden horror of V 1 rockets then with the advent of the V 2s she found herself back in Derbyshire where things had changed as much as she had herself Nostalgically the author revives memories of wartime songs and radio programmes and the end of the story finds her in the midst of the victory celebrations in the heart of London
