The Idiot Elif Batuman, 2018-02-13 Finalist for the Pulitzer Prize for Fiction A New York Times Book Review Notable Book Nominated for the Women's Prize for Fiction Easily the funniest book I've read this year GQ Masterly funny debut novel Erudite but never pretentious The Idiot will make you crave more books by Batuman Sloane Crosley Vanity Fair A portrait of the artist as a young woman A novel about not just discovering but inventing oneself The year is 1995 and email is new Selin the daughter of Turkish immigrants arrives for her freshman year at Harvard She signs up for classes in subjects she has never heard of befriends her charismatic and worldly Serbian classmate Svetlana and almost by accident begins corresponding with Ivan an older mathematics student from Hungary Selin may have barely spoken to Ivan but with each email they exchange the act of writing seems to take on new and increasingly mysterious meanings At the end of the school year Ivan goes to Budapest for the summer and Selin heads to the Hungarian countryside

to teach English in a program run by one of Ivan's friends. On the way she spends two weeks visiting Paris with Svetlana. Selin's summer in Europe does not resonate with anything she has previously heard about the typical experiences of American college students or indeed of any other kinds of people. For Selin this is a journey further inside herself, a coming to grips with the ineffable and exhilarating confusion of first love and with the growing consciousness that she is doomed to become a writer. With superlative emotional and intellectual sensitivity, mordant wit and pitch-perfect style, Batuman dramatizes the uncertainty of life on the cusp of adulthood. Her prose is a rare and inimitable combination of tenderness and wisdom, its logic as natural and inscrutable as that of memory itself. *The Idiot* is a heroic yet self-effacing reckoning with the terror and joy of becoming a person in a world that is as intoxicating as it is disquieting. Batuman's fiction is unguarded against both life's affronts and its beauty and has at its command the complete range of thinking and feeling which they entail. Named one of the best books of the year by Refinery29, Mashable, One, Elle Magazine, The New York Times Bookpage, Vogue, NPR, Buzzfeed, The Millions.

Isherwood's Fiction Lisa M. Schwerdt, 2016-01-03 An examination of the changing relationship between the writer and his protagonists exploring how Isherwood's fiction achieves artistic integration and literary significance only when it reflects his personal concerns through theme and technique as he experiments with new narrative strategies.

Romance Fiction Kristin Ramsdell, 2012-03-02 A comprehensive guide that defines the literature and outlines the best-selling genre of all time: romance fiction. More than 2,000 romances are published annually, making it difficult for fans and the librarians who advise them to keep pace with new titles, emerging authors, and constant evolution of this dynamic genre. Fortunately, romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensable resource for those interested in it, including fans searching for reading material as well as for library staff, scholars, and romance writers themselves. This title updates the last edition of *Romance Fiction: A Guide to the Genre*, published in 1999. While the emphasis is on newer titles, many of the important older classics are retained, keeping the focus of the book on the entire genre instead of only those titles published during the last decade. Specific changes include new chapters on linked and continuing romances, a new section on Chick Lit, in the Contemporary Romance chapter, an expansion of coverage on the alternative reality subset. This is THE romance genre guide to have.

The Wrong Dominion Stephanie Pedersen, 2022-05-06 The SAA, Spy Agency Association, has now reached five hundred completed missions. The SAA is responsible for the well-being of the entire world, taking care of problems that citizens may not even be aware of. If you were aware of the problem, they would be doing their job wrong. The SAA is comprised of three different agencies: the SF Secret Facility, the AF Anonymous Facility, and the UNF UnNamed Facility. Each of these agencies has recruited young people who are smart, strong, and capable of doing whatever is asked of them. Two agents in particular, Summer of the UNF and Jason of the SF, have been the best of their class, completing more missions than anyone else from any of the agencies, much to the dismay of Nathan, who has been behind a handful of the plots foiled. When receiving the newspaper boasting of the five

hundred completed missions Nathan is more discouraged and determined than ever When his daughter helps him realize that he has met Summer and Jason before he is reminded of a specific quirk that the two of them have If all goes to plan this can be used against them causing them to fight and allowing an opening for Nathan s plan to be implemented Will Jason and Summer working against each other cause their agencies to fail or will bringing them together be the worst idea Nathan has ever had **Goodbye Summer, Hello Autumn** Kenard Pak,2016-08-16 As trees sway in the cool breeze blue jays head south and leaves change their colors everyone knows autumn is on its way Join a young girl as she takes a walk through forest and town greeting all the signs of the coming season In a series of conversations with every flower and creature and gust of wind she says good bye to summer and welcomes autumn **Great Authors of Popular Fiction** Britannica Educational Publishing,2014-01-01 While a number of genres including mystery romance fantasy science fiction horror literary fiction and thrillers among others comprise the broader category of fiction few authors in those genres can claim popular crossover appeal Culled from a variety of these genres the authors profiled in this appealing volume have penned books that have done just that Readers will be introduced to the lives and works of such writers as Judy Blume Michael Chabon Suzanne Collins Dave Eggers Yann Martel Toni Morrison and Kurt Vonnegut learning how they achieved widespread acclaim and transcended literary conventions *A Century of Ballads, 1810-1910* Harold Simpson,1910
