in Terezin     The Power of S.A.D. Maggie Lynch, 2024 Upper Middle Grade Lower YA Best for ages 11-15 Akna Sales has used her smarts, planning strength and determination to keep her family together since her beloved grandparents died two years ago. The day the social worker takes Akna and her two sisters to a foster home, all her plans for helping Mama get well and saving her family are upended. Although every foster kid living with the Bohns at Mariposa Lane has problems, they've somehow created a resilient, loving family life Akna never could have imagined. But the more secure her situation becomes, the more she fears her real family will be lost. Despite her resistance, Akna discovers how to weave the complex legacy of her past into opportunities for a promising future. With the help of a caring teacher, a new friend at school, Akna's own determination and the love of her foster family, she learns how to once again welcome the goodness in life, even when some things will always feel broken. For SEL discussions, this book is perfect for discussions of friendships, identity, grief, taking risks, overcoming challenges, honesty, and resiliency.     **Comparative Chukotko-Kamchatkan Dictionary** Michael

Fortescue, 2011-12-22 This volume is the first comprehensive comparative dictionary to cover the whole of the Chukotko-Kamchatkan family. The genealogical status of this family, whether from a common source or due to convergence, has long been controversial, but its coherence as a family can now be taken as proven. Its geographical position between Siberia and northernmost America renders it crucial in any attempt to relate the languages and peoples of these large linguistic regions. The dictionary consists of cognate sets arranged alphabetically according to reconstructed proto-forms and covers all published lexical sources for the languages concerned, plus a good deal of unpublished material. The criterion for setting up Proto-Chukotian sets is the existence of clear cognates in at least two of the four languages: Chukchi, Koryak, Alutor, and now extinct Kerek; and for Proto-Chukotko-Kamchatkan sets, cognates in at least one of these, plus Itelmen. Internal loans between the two branches of the family are indicated; this is particularly important in the case of the many loans from Koryak to modern western Itelmen. Proto-Itelmen sets without clear cognates in Chukotian are listed separately without reconstructions. The data is presented in a reader-friendly format, with each set divided into separate lines for the individual languages concerned and with a common orthography for all reliable modern forms, given as full word stems, not just roots. The introduction contains information on the distribution of the individual languages and dialects and all sound correspondences relating them, plus a sketch of what is known of their pre-historical background. Inflections and derivational affixes are treated in separate sections, and Chukchi and English proto-form indexes allow multiple routes of access to the data. A full reference list of sources is included.     *Bach's Most Beautiful Melodies (Songbook)* John Nicholas, 2005-09-01 Easy Piano Composer Collection.
