The Gospel - Explained by the Spiritist Doctrine Allan Kardec, 2000-07 spiritual philosophy *The gospel according to spiritism* Allan Kardec, 2022-02-17 The Gospel according to Spiritism is one of the five books that make up the Spiritist Codification a set of teachings transmitted by high order spirits and organized and commented upon by Allan Kardec This work contains the essence of the moral teaching of Jesus and therefore is a refuge where the followers of all religions and even those who have no religion may join hands because it offers a sure itinerary for our inner reform the objective indicated by Christ as indispensable for achieving our future happiness and inner peace that achievement which only the full observance of the divine laws can provide to the spirit on its gradual evolutionary path toward God **The Gospel according to Spiritualism (Translated)** Allan Kardec, 2021-09-09 In this book Allan Kardec deals with a problem of great importance especially taking into account the past and present relations between the Church and Spiritism The Gospel according to Spiritism contains the explanation of the moral maxims of Christ their concordance with Spiritism and their application to different cases of life All the communications have been made by very high spirits and texts due to different authors agree and integrate each other in an admirable way It is the true interpretation of the life of Christ his miracles acts and parables with an explanation and commentary of high spiritual entities in a presentation that corrects errors and false interpretations to offer only and above all the truth The name of Allan Kardec is famous in the world as the first codifier and therefore practically as the founder of the spiritualist doctrine or rather as he wanted to define it of the spiritualist philosophy It was his merit to have collected and coordinated in several volumes of great interest all the theories and principles enunciated through various mediums in numerous spiritist communications At that time spiritualism was in its infancy and Kardec's works shed light on this new world that was opening up to man on Earth After The Book of Spirits and The Book of Mediums which are the foundations of spiritualism appeared The Gospel according to Spiritism Famous and spread all over the world it will fully satisfy the demands and expectations of the numerous devotees and enthusiasts Since it was written the work has lost nothing of its topicality and validity proving that the truth is always the same and its inspiring principles never change THE SPIRITIST DOCTRINE AND ITS PHILOSOPHICAL ROOTS DUKE SOUZA, Spiritist Doctrine and Its Philosophical Roots provides a comprehensive exploration of the intellectual foundations that shape Spiritism Drawing connections between Spiritism and the teachings of Socrates Plato Enlightenment rationality and Positivism the book demonstrates how the doctrine harmonizes reason with spirituality It delves into essential topics such as reincarnation the immortality of the soul mediumship ethics and moral evolution With a strong emphasis on philosophical inquiry and scientific method the work presents Spiritism not as blind belief but as a rational and transformative path for individual and collective progress This is a profound invitation to inner renewal and moral awakening in the search for universal harmony

An Infinite Prologue Mark Reiner, 2025-02-09 The main character Fred is Everyman and a part of him is within us all This novel has dramatic external conflicts to hold interest but those are not key elements Like most of those who would read this book Fred had deeply moving spiritual experiences some would call miracles and is learning human life as opportunity even as he appears to live a mundane incarnation As he purifies his life he sees and experiences divine synchronicities and beneficence in the growth of humanity and within all the main characters The plot of this novel is based upon the development of the characters in the previous novel Chapter X Fred enters into a maelstrom of chaos as he takes over the raising of a nephew This is complicated by discovering a family heirloom is found to have significance beyond its antique value which unknown others are trying to get by violent means This takes place as he recognizes the need to relinquish his attachment to the past and his fears for the future Although he is desperate to renew his communion with spiritually advanced beings he is forced to recognize doing so will require his own spiritual growth As we all face similar problems his issues may reflect yours Like Fred and his nephew we have different abilities and talents but are all equal in this school Thus as you read not only relate your own thoughts with the characters but also follow them back to their motivations and forward to their implications The main characters choices and actions have to be backed up with an unbreakable commitment to the Absolute Whether you call that God the Christ or the Universe you will begin to consciously recognize every event as an opportunity to merge with the divine

Spiritualism, African Deities, and Sacred Plants Giovanna Campani, Claudia Herzfeld, 2025-06-30 The book aims to explore how religious syncretism and multifaceted Brazilian spirituality represent an attempt at unifying Brazil s heterogeneous population and cultures and at the same a global trend in modernity and post modernity Because of historical processes and contemporary dynamics New Age globalization Brazil is an essentially syncretistic nation Historically Afro Catholicism syncretism has been a way for African diaspora s conquered cultures to preserve their religious identity by incorporating elements of the dominant religion nowadays the Afro religious universe has become a universal religious proposal irrespective of nation ethnicity race or color Intertwined with Kardecism a late comer

in Brazil Afro religious beliefs and practices have led to the emergence of new religious expressions as the Umbanda Originated in France Kardecist spiritualism has become fundamental in shaping Brazilian religious culture More recent expressions of Brazilian religious syncretism are the ayahuasca religions Santo Daime Barquinha União do Vegetal whose spiritual experiences blend demands coming from various segments of social groups from rural workers to intellectuals and artists and indigenous rituals In the last forty years New Age spirituality ayahuasca religions and neo shamanism have developed along blurred borders expanding outside Brazil while the indigenous traditions have reemerged through processes of ethnic revitalization

Searching for Africa in Brazil Stefania Capone Laffitte, 2010-05-17 An ethnography of Afro Brazilian religious traditions including Candomblé shows that the lines separating one tradition from another are much less fixed than anthropologists and Afro Brazilian religious elites have maintained

Christ's Wisdom and the Unholy Prophets William Moreira, 2002-08-07 Happiness and contentment have been very difficult if not impossible for people to find throughout human history People have turned to religion for the answers to their deepest questions but have often found the answers to be lacking William Moreira a lifelong student of religions tells you what he has learned from his life and his own personal tragedies He has now found happiness and contentment and explains how you can find it too This book explains Why Christ's real message to mankind has been ignored Why religious leaders don't want you to know the truth behind the Bible Why death does not separate us from our loved ones How we can understand the real reasons for our suffering What to do when your life is not working
