Gotti Rise And Fall:

Gotti Jerry Capeci, Gene Mustain, 1996-06 In this year's most explosive true crime thriller the authors expose the dark underside of New York's organized crime syndicate and its undisputed leader John Gotti Boldly written and masterfully paced this book gives all of the incredible details behind the downfall of America's most famous and fascinating gangster since Al Capone Photos The Eloquence of Effort, 2017-11-28 The contents of The Eloquence of Effort Beware the Path of Least Resistance are deeply moored in the principles of Entropy to wit the tendency of all things events to spontaneously degenerate into chaos unless of course there is an infusion of human energy It is a universal law chaos is spontaneous solutions demand effort Have you ever wondered why things naturally break up breakdown degenerate depreciate or simply fall apart Why is Alzheimer's Disease more prevalent among the lesser educated Why is physical exercise a vital component to a healthier lifespan Consider two cars an old and a new abandoned under similar conditions Revisited a 100 years later the new would deteriorate while the old would disintegrate into untraceable dust But why not the reverse As the new car aged into a rusted rattle trap the old retrogressed into a spanking new car Just the way the universe operates you exclaim Answers to these questions reside in the forces governing Second Law of Thermodynamics sometimes referred to as the Law of Entropy To prevent being submerged under an Entropic tsunami of destruction one must apply personal effort Failure to do so can only result in catastrophe Over 700 years ago the concept was succinctly captured by the polymath Leonardo da Vinci He wrote that God sells us all things at the price of labor Arguing that dreams are only achievable through sustained effort the book relies heavily on biographical philosophical economic religious historical and scientific data Accordingly work is the mission the multiple rewards are the byproducts More significantly the pleasure resides in the effort not the outcome Against the dark backdrop of malignancies inflicted on society by unrepentant leeches the benefits of unstinting diligence are sharply focused The reader is nudged into a higher plane of reality namely purposeful effort is rewarding Hence regardless of the end result effort is never wasted Conversely indolence is the bane of progress the root cause of socio economic crimes and social chaos Indeed corruption in all its diabolical forms is nothing but laziness masquerading as diligence Analysis of biographical data sustains the thesis that hard work extends life indolence shortens it Moreover indolence in all its fiendish forms is causally related to personal chaos The terminally lazy degenerate Pablo Escobar validates this principle when he prophetically asserted that no drug dealer ever died of old age He was right at age 44 he was slaughtered The persuasiveness of the arguments is supported by a wealth of references Together they form the final authority they lend credence to the arguments provided *The Social History of Crime and Punishment in America: A-De* Wilbur R. perspective focusing on internal power dynamics as the primary driver of mob behavior It provides new insights into the decision making processes and strategic calculations that shape Mafia history making it valuable for students law enforcement and anyone interested in true crime and the social science aspects of organized crime *Jerry Capeci's Gang Land* Jerry Capeci,2003-11-04 In 1987 seasoned journalist Jerry Capeci was hired by the New York Daily News to cover the crime beat His reporting on the Mafia proved so popular that he was given a weekly column which was tagged Jerry Capeci's Gangland Gangland was an immediate hit with New Yorkers and continued for almost seven years Capeci wrote on the everyday trials and tribulations of La Cosa Nostra putting the mob under a microscope and laying bare the inner workings and day to day operations of both mob bosses and low level street soldiers alike He reported on such major mob events as John Gotti's murder conviction and Sammy the Bull Gravano's testimony that put Gotti behind bars *The Complete Idiot's Guide to the Mafia* Jerry Capeci,2005-01-04 Offers a comprehensive overview of the world's most notorious criminal organization tracing the history of the Mafia changes in the ranks and power following the conviction of key members and their diverse roles in cities across the United States **Double Crossed** Michael Woodiwiss,2017-06-20 In the United States the popular symbols of organised crime are still Depression era figures such as Al Capone Lucky Luciano and Meyer Lansky thought to be heads of giant hierarchically organised mafias In *Double Crossed* Michael Woodiwiss challenges perpetuated myths to reveal a more disturbing reality of organised crime one in which government officials and the wider establishment are deeply complicit Delving into attempts to implement policies to control organised crime in the US Italy and the UK Woodiwiss reveals little known manifestations of organised crime among the political and corporate establishment A follow up to his 2005 *Gangster Capitalism* Woodiwiss broadens and brings his argument up to the present by examining those who constructed and then benefited from myth making These include the Italian dictator Benito Mussolini opportunistic American politicians and officials and more recently law enforcement bureaucracies led by the Federal Bureau of Investigation Organised crime control policies now tend to legitimise repression and cover up failure They do little to control organised crime While the US continues to export its organised crime control template to the rest of the world opportunities for successful criminal activity proliferate at local national and global levels making successful prosecutions irrelevant
