Twin Flame Poetry Isis & Osiris, 2017-04-18 Four months after their reunion Isis and Osiris experienced a very unusual Christmas season They thought that at first it would be a very sad one for they could not celebrate it together Surprisingly it turned out to be the opposite of their expectations During the Advent time they shared memories of their childhood days with each other Sitting alone on those Saturday evenings the glow of candlelight was not a gloomy but a heart warming one Contemplating the soft swaying flames they imagined being together feeling the other one close while reading their poems knowing the other Twin Soul is doing the same Who would have guessed that this Twin Flame Love would bring them such ardour and appreciation of the really important things in life Normally an age difference of 22 years would be a serious obstacle especially if one of the partners is in the middle of his seventies Clearly evident is the revelation that it is all in our minds the prejudices the memories and the experiences Indeed as soon as one realizes that our spirit is immortal the physical conditions are not that important anymore True Love is a connection of the spirits and the souls not the bodies That is why it works and why this is a reunion for eternity

Body & Soul James Russell, 2019-01-07 If you have ever had trouble with your boiler's water pressure or ever wondered if we can sustain a distinction between self and soul or whether incompetent heating engineers could be the agents of Satan then this is the poem for you Over forty eight heptameter sonnets the story is told of two men as related as chalk and cherries aesthetic fastidious Andr and Terry the roughneck glutton At school they were together in adulthood apart Each has fallen foul of the Powers of Darkness for which there will be a punishment that turns out to be a revelatory one for Andr's wife Pia This darkly ebullient narrative poem is both Manichaeian and nicely preposterous

Body Mind and Soul Rajasekharan Nair, 2016-10-25 The body mind and soul it is not a mere imagination it

is truth the togetherness I feel in all my work and life that I am focused upon Indian sages say it is yoga the union of body mind and soul by means of achieving peace and happiness By the term soul I mean the self that enlightens and enlivens all individual living beings This work is actually a tour of my body through my own mind to reach my soul myself discriminating and differentiating the likes and dislikes each body and mind owns Individual likes and dislikes are there with everyone as a deciding factor of our happiness and unhappiness We start our life as a weeping child with its helplessness in a new world of creative environment due to ignorance to adjust itself with the available ambience Our ambitions expectations and desires may compromise with our unlimited needs or it may fight with the limited resource both are trouble makers as the more we get the more we need We have our likes and dislikes that create love and war success and failure achievements and frustrations But no one is bothered to analyse why we like or why we don't like certain men and matters we deal with It's not because of the quality or characteristics of things or men we face but because of our own taste and habits that make us attract or repel from people and this world which is full of colours and attractions for those who need it There are deserts and gardens the two sides of our life that can be created beautifully with our imagination There is no desert as desert and no garden as garden in our life if we don't know how to enjoy both with our imaginative power It is our passion love and imagination that make things beautiful or filthy as per our own vision One can convert the desert into a garden and the garden into a desert using or misusing the wisdom Everything is beautiful and loving if we perceive so as our likes and dislikes happens to be the two sides of the same coin all what we do is on our likes and everything starts and ends on the basis of our love on account of love and on the expectation of love Love for a man or for a woman love for money and wealth love for travel love to conquer love to save oneself and love to save others love to fight and win love for peace and love for a real loving that may or may not help us for our living All types of love in the world create war and all our war is for love of any sort within We create war for peace and we fight against war for peace the contrast it is the essence of a true love to ourselves Love visible and invisible we have but the real essence of love is enjoyed when it is invisible It will be fully filled within our mind not seen to others as a fragrant breeze that binds us in our solitude that we can create even in crowd This book is specified in three parts as Body Mind and Soul that seemed separate but all set in one text just like our body mind and soul that no one will exist without the other Our body won't listen many of the voices it hears in this world There the mind interferes and mind also sometimes will fail to answer many of the questions the world including this body ask us Definitely the soul will find an answer although a little bit late Better let us have a coordination of our body mind and soul for a sooner realization of anything and everything in this life itself The content of these poems is the essence of observations that our body mind and soul do together and separately remaining truthfully to itself in this world Let me also open up my eyes as a student teacher a family man a citizen of my nation and as a particle of this globe with a positive perception Sincerely CP RAJASEKHARAN cp99rajsekhar@gmail.com 91 9447814101 INDIA **The Glimpse** Jalaloddin Rumi,2001-09-01

In 1244 the brilliant poet Rumi and the wandering dervish Shams of Tabriz met and immediately fell into a deep spiritual connection. The Glance taps a major yet little explored theme in Rumi's poetry: the mystical experience that occurs in the meeting of the eyes of the lover and the beloved, parent and child, friend and soul mate. Coleman Barks's new translations of these powerful and complex poems capture Rumi's range from the ethereal to the everyday. They reveal the unique place of human desire, love and ecstasy where there exists not just the union of two souls but the crux of the universe. Here is a new kind of love lyric for our time, one of longing, connection and wholeness. **Body and Soul Connections** Hassine

Saidane, 2018-03-31 This book is a collection of poems that emanate from a soul's trials and tribulations in search of deeper emotional and spiritual connections. From the tight grip of matter over mind and soul to the inquiry into the laws of love, life and nature, the poems gradually endeavor into the highest spiritual states that make one soberly reflect on the fate of the human condition through progressively deeper dives into the interactions of the soul with the body. As such, these poems offer an enchanting emotional journey through the interactions of the body and soul, leading slowly but surely to a state of greater hope, serenity and healing to a wounded soul or an unquiet mind. **You, Body and Soul** William Rider, 2014-06-05

Inspirational and Spiritual Poems Two 'I's, Two Hearts, One Soul Ivor E. Hogg, Irene C. S. Clark-Hogg, 2007 **Body and Soul Poetry** Paul Pääsuke, 2024-04-10 Body and Soul Poetry is a mesmerizing journey through the intricate tapestry of human emotions, experiences and the unspoken dialogues between our physical and spiritual selves. This collection of poetry navigates the complexities of love, loss, joy and despair, weaving a rich tapestry that resonates with the depth of our very essence. Each poem serves as a beacon, illuminating the profound connections between the tangible world around us and the intangible realms of our innermost thoughts and feelings. With delicate precision and powerful imagery, Body and Soul Poetry invites readers to embark on a deeply personal exploration of what it means to be fully alive. Through its pages, you'll encounter verses that dance between the shadows and light of human experience, challenging you to reflect on your own journey through life. This collection is not just a reflection of the soul's whispers but a celebration of the body's resilience and the indomitable spirit that connects us all. Barnhill, 1999-12-01 *U and I* Disha Bangera, 2019-09-17 The book is about the two people rather I can say about the couple who was in immense love with each other. Like a love bird, they always like to be with each other in the cocoon of their love. The poem is not just the flow of words in the rhythm; it's a story, the moments, the words, the feelings which have been lived by them. The Sharon and Jack were the friends, beloved, the soul which filled with emotions and their memories of their life diary. The moments which they lived with each other, the thought which they shared with each other, it's all in these books in the form of a poem. There are phases in the life of Sharon which are unfinished and incomplete, thought which she lived up to the loneliness which she felt in some phase of her life. Awaiting for the guy who come and fill her life with the moments of love and care, but the life is not always the way we think and goes, hence she also faces few unwanted spans which she passes

through wherein she dreamt drowned felt an emptiness in her soul The memories are always two things one is bad and good memories in the whole life span The bad memories and good memories As every story and every life have an end the Sharon and Jack has too their end of the story Yes It s a happy ending of their story in spite of many obstacles and unworthy things they live together till they are alive till they are in their 60 s they lived in their house made of grass and woods with their bias love The journey of Sharon and Jack from the 16 to 60 with all ups and down with all their thoughts their love their emotions is all enjoyable and beautiful too It s all about U I Sharon Jack Body and Soul Ryan K.
