This book seeks to fill a double lacuna in Borges scholarship For one this scholarship has been largely developed through the lens of literary and cultural studies and not by political theorists who bring a distinct disciplinary perspective into the reading of literary works Secondly mainstream interpreters have overlooked or have not analyzed enough Borges s political sympathies This book doesnot evaluate if these sympathies are truthful to political and historical facts or philosophical theories rather she shows in which aspects and around which topics Borges finds inspiration and gives literary form to the political His texts abound with concepts and events such as liberty individuality war and revolution and they deal with topics such as the legitimacy of authority the limits of reason and the principle of representation among others This book also addresses Borges s democratic sensitivity and his critique of populism and militarism as related to salient national and global historical events that inspired his works Above all it calls attention to Borges s belief in the pre eminence of individual liberty his rejection of political oppression and his warning against civic indifference brought about by an isolated individualism This book may be of interest to students and professors of politics philosophy and literature It may also interest literary critics and readers who want to approach Borges s works with a political rather than a literary or a cultural lens

**Antimanual para lectores y promotores del libro y la lectura** Juan Domingo Argüelles,2013-02-15 Este antimanual arremete contra muchas de las ideas preconcebidas que suelen empantanar la discusi n en torno al libro y la lectura Sin temor a ser calificado de politicamente incorrecto y apoy ndose en su profundo conocimiento del tema Juan Domingo Arg elles cuestiona la validez de afirmaciones que la mayor a considera indudables como la de que el libro por s solo transforma y mejora a todas las personas

En este mismo sentido considerar a la lectura como un h bito que de manera necesaria eleva moralmente al individuo representa para l una noble utop a o un generoso equ voco producto del optimismo Frente a esta visi n idealizada Arg elles reflexiona m s all de mistificaciones y lugares comunes sobre la verdadera importancia del libro y sobre el sentido valor y posibilidades de la promoci n cultural

Es la narración de una vida común pero es también la vida de un exiliado que busca su identidad a través de sus lecturas Leo porque no soy quién soy **El último lector** Ricardo Piglia, 2023-10-12 El último lector redescubre y redefine el concepto de ensayo e ilumina cómo se ha de volver a narrar la experiencia imaginaria de la lectura. Experiencia y lectura: vida de lector escritor que lee marginalmente la tradición del Río de la Plata, la literatura europea y la norteamericana; todas estas lneas se entrelazan en los textos que componen este libro original en torno a la figura del lector. *Relaciones literarias entre Jorge Luis Borges y Umberto Eco* María José Calvo Montoro, Rocco Capozzi, 1999 Los textos recogidos en este volumen analizan los diferentes aspectos narratológicos que se encuentran en la base de las relaciones entre la escritura de Borges y la de Umberto Eco. La multiplicidad de temas tratados refleja diversos enfoques del problema de la intertextualidad aplicado a estos dos autores. Se examinan los diferentes sistemas de escritura que interesan a ambos escritores entre los que destacan el uso de la abducción, es decir, el valerse de la conjeta como motivo que provoca el secuestro del significado de un signo a otro de un emblema a otro emblema y la guerra entre ellos la concepción de la escritura como juego por el que se hace saltar el dispositivo necesario para que otra de las combinaciones que lo constituyen se llene de significado y haga posible el conocimiento la escritura como lucha contra los genios como vindicación de la parodia como transgresión del canon como desafiante laberinto porque actúa como reto para comprender el mundo o como forma de disuasión para que no se intente comprender. Asimismo se analiza la figura del autor que asume tantas caras como falsedades se propongan en su juego narcisista la función del doble el tema del espejo y el papel del lector a lo largo de su visita por ese simulacro de universo que es la Biblioteca de Babel y la de la abadía donde se guarda el libro perdido. Figura la del lector que si decide emprender los diferentes itinerarios propuestos por Borges o Eco podrá deambular tranquilo ya que entre sus infinitos anaquelés y por cualquiera de sus galerías como si se tratara de los senderos en su bifurcación siempre encontrar un destino y saber que las opciones que abandone sin embargo pueden haber sido transitadas por otros o quizás sean visitadas por lectores futuros conscientes de que ese mundo de los posibles en la literatura es un modo como afirma Eco que nos ayuda a escapar a la angustia de tener que decir algo verdadero acerca del mundo. *The Making of Jorge Luis Borges as an Argentine Cultural Icon* Mariana Casale O’Ryan, 2014-05-05 Jorge Luis Borges is undeniably Argentina’s best known and most influential writer. In addition to scholarly studies of his work his emblematic figure continues to appear on book covers and carrier bags in biographies, plaques and statues, photographs and interviews as well as cartoons and city tours. *The Making of Jorge Luis Borges as an Argentine Cultural Icon* argues that the ideas and expectations that Argentine people have placed upon the author thus constructing the icon are also those that allow them to define their cultural identity. The book examines these intertwined processes by analysing the image of Borges in biographies, photographs, comic strips and urban spaces and the socio-political, historical and cultural contexts in which they were produced. The study seeks not to reveal a Borgesian essence but rather to expose the complexity of the ongoing mechanisms which construct Borges the icon. Despite the vast amount of

biographical and critical work about the writer that has been produced in Argentina and abroad The Making of Jorge Luis Borges as an Argentine Cultural Icon is the first in depth comprehensive examination of the construction of the author as an Argentine cultural icon
