Saints, Clergy and Other Religious Figures on Film and Television, 1895-2003 Ann C. Paietta, 2015-01-24. The portrayal of clergy, saints, missionaries, monks and other spiritual leaders dates back to the very beginnings of motion pictures and television. Over the years, filmmakers have portrayed religious figures as heroes and villains, sinners and saints, and nearly everything in between. Through their works, filmmakers have influenced how society viewed these religious figures, and by extension, religion itself. This work details over 900 films and television series made from the 1890s through 2003 in which a religious figure plays a prominent or recurring role or in which a character poses as a religious figure. For each motion picture, full filmographic data are provided, including title, studio, running time, year of release, director, producer, writer, and cast, along with a synopsis focusing on the role of the religious figure. Television series are covered in a separate section. For each show, the entry includes the title under which the show was commonly known, the original broadcast network, the years the show ran, running time, and cast, and a brief discussion of the religious character's role in the overall series. Extensively indexed.

Latin American Women and the Literature of Madness Elvira Sánchez-Blake, Laura Kanost, 2015-05-14. At the turn of the millennium, narrative works by Latin American women writers have represented madness within contexts of sociopolitical strife and gender inequality. This book explores contemporary Latin American realities through madness narratives by prominent women authors, including Cristina Peri Rossi (Uruguay), Lya Luft (Brazil), Diamela Eltit (Chile), Cristina Rivera Garza (Mexico), Laura Restrepo (Colombia), and Irene Vilar (Puerto Rico). Close reading of these works reveals a pattern of literary techniques, a poetics of madness employed by the writers to represent conditions that defy language, make sociopolitical crises tangible, and register cultural perceptions of mental illness through literature.

Latin American Gothic in Literature and Culture Sandra Casanova-Vizcaíno, Inés Ordiz, 2017-10-24. This book explores the Gothic mode as it appears in the literature, visual arts, and culture of different areas of Latin America. Focusing on works from authors in Mexico, Central America, the Caribbean, the Andes, Brazil, and the Southern Cone, the essays in this volume illuminate the existence of native representations of the Gothic while also exploring the presence of universal archetypes of terror and horror. Through the analysis of global and local Gothic topics and themes,

they evaluate the reality of a multifaceted territory marked by a shifting colonial and postcolonial relationship with Europe and the United States The book asks questions such as Is there such a thing as Latin American Gothic in the same sense that there is an American Gothic and British Gothic What are the main elements that particularly characterize Latin American Gothic How does Latin American Gothic function in the context of globalization What do these elements represent in relation to specific national literatures What is the relationship between the Gothic and the Postcolonial What can Gothic criticism bring to the study of Latin American cultural manifestations and conversely what can these offer the Gothic The analysis performed here reflects a body of criticism that understands the Gothic as a global phenomenon with specific manifestations in particular territories while also acknowledging the effects of Globalgothic on a transnational and transcultural level Thus the volume seeks to open new spaces and areas of scholarly research and academic discussion both regionally and globally with the presentation of a solid analysis of Latin American texts and other cultural phenomena which are manifestly related to the Gothic world
