Christianity Encountering World Religions (Encountering Mission) Terry C. Muck, Frances S. Adeney, 2009-04-01 The current religious climate poses unique challenges to those engaged in mission Thus the authors of this book propose a new yet very biblical model for interacting with people of other faiths They term this model giftive mission as it is based on the metaphor of free gift We bear the greatest gift possible the gospel message Adopting this perspective not only has the potential for greater missionary success but also enables us to more closely imitate God s gracious activity in the world The core of the book explores eleven practices that characterize giftive mission Each practice is illustrated through the story of a figure from mission history who embodied that practice Further discussion shows how to incorporate these practices in specific mission settings

Roland Allen II Steven Richard Rutt, 2018-01-01 In Roland Allen A Theology of Mission a companion work with Roland Allen A Missionary Life Steven Richard Rutt completes a portrait of Roland Allen 1868 1947 in this intellectual biography Extensive archival evidence discloses how apostolic principles formed the basis for Allen s missionary theology Although it is well known that Allen s hermeneutical ideas were born of Pauline principles Steven Richard Rutt expounds the ways in which Allen s missionary experiences had profoundly impacted Allen s theological beliefs Allen wrote about his findings in letters sermons articles and books some of which were never published Allen s writings tenaciously challenged the methodology of colonial missionary societies and exposed the causes hindering Church expansion failures occurred in missions due to the imposition of Western missionary paternalism and institutional devolution Allen advocated the empowerment of indigenous churches to apply the principles of self government and self support He asserted the importance of the Pauline concept of Spirit and order which encompasses both the doctrine of the Holy Spirit as well as that of the Church Allen s diagnosis of the missionary situation and the proposed ways to restore apostolic order presented contemporary controversy but since his death we have seen the importance of Allen s ideas in Mission studies grow steadily With an expert evaluation of Allen s theological insight Roland Allen A Theology of Mission also offers a superb contribution to the discipline of historical theology and historical missiology as Rutt delves into a contextual assay into the missionary landscape of the nineteenth and the twentieth centuries
God So Loves the City Charles E. Van Engen, Jude Tiersma, 2009-08-01 From the explosive contexts of Nairobi Mexico City Los Angeles and Madras burst fresh insights on the mission of the church for the city Jude Tiersma and Charles Van Engen worked closely with an international team of experienced urban practitioners to explore the most urgent issues facing those

Being Missional, Becoming Missional Banseok Cho, 2021-12-10 This book explores the theme of the missional conversion of the church namely how the church is transformed toward its missionary vocation from a biblical theological perspective The purpose of this book is to find biblically grounded theologically sound and practically applicable principles helpful for the church which seeks to be continuously shaped into a missional community which authentically and fully participates in God's mission today The biblical theological findings on how the triune God in the biblical narrative shapes the people of God toward their missionary vocation demonstrates first that in Scripture the missional conversion of the church is primarily the consequence of its continuous encounter with the triune God and second that this divine human encounter for the missional conversion of the church is ineluctable in view of the ongoing tension between the missional faithfulness of God in fulfilling the missionary vocation of the church on the one hand and the missional failure of the church in its missionary vocation on the other hand

Religious Life Loan Le,2016-06-22 Following the Second Vatican Council when each Religious Institute was encouraged to research its charism some Institutes experienced a tension between their charism and their mission or even difficulty identifying what their charism was This book is a study of the theological understanding of charism and of mission in relation to Religious Life within the Catholic Church While this topic has featured in much Roman Catholic theological literature since Vatican II there appears to be a dearth of in depth studies This book addresses this apparent lacuna It draws particularly on the work of two major theologians Jean Marie Roger Tillard OP and Sandra Marie Schneiders IHM who have reflected at length on charism and mission in the period leading up to Vatican II and on the implementation of its documents with respect

to Religious Life The very significant contributions of Tillard and Schneiders on the topic provide Religious as well as others who want to know and understand Religious Life with an interesting and motivating insight into charism and mission in Religious Life Within the Roman Catholic Church a Year of Consecrated Life has just drawn to a close and this book forms a background and a response to Pope Francis Apostolic Letter to all Consecrated People on the occasion of the Year of Consecrated Life November 2014 which invited Religious to reflect on these aspects that are essential to the life they have chosen to live

Unlikely Friends David W. Scott, Daryl R. Ireland, Grace Y. May, Casely B. Essamuah, 2021-07-08 Can something as simple as friendship have a transformative impact in a divided world Through a series of richly textured historical portraits and reflections on personal experience this book shows that boundary crossing friendships in Christian mission have shaped theologies built organizations and partnerships facilitated mission work and changed attitudes and ways of thinking This is true in settings as varied as eighteenth century French women's work twentieth century urban Boston colonial India the Jim Crow South and twentieth century rural Congo In all these settings and more friendship has mattered Boundary crossing friendships are however not easy Despite their power such friendships are complicated by race gender ability class nationality and other elements of identity as this book also demonstrates Friendships are not immune from the divisions in the world nor a simple cure all for them Still friendship stands as a powerful testimony to the gospel Therefore the book calls for more attention to friendship in the study of mission history and more living out of friendship as a practice of mission In this way this book pays honor to Dr Dana L Robert as a pre eminent mission scholar and exemplary friend and mentor to others in the fields of missiology and world Christianity
