Red Water, Black

Gold Margaret A. Bickers, 2014-11-15 *Red Water Black Gold* The Canadian River in Texas 1920 1999 tells the story of the Canadian River in the Texas Panhandle It is a tale of grand designs high hopes deep holes politics fishing follies foibles and environmental change Although efforts had been made to tap the Canadian River's waters before 1920 the discovery of oil in the Panhandle gave new urgency to the search for permanent water supplies Additionally the spread of groundwater irrigation amid the discovery of the limits of Ogallala Aquifer spurred regional interests to tap the Canadian But overestimates of the river's flow and unfamiliarity with the critical role groundwater played in maintaining that flow led to complications and frustrations culminating in a lawsuit over the location of the banks of a seemingly waterless river This book is a valuable addition to the water history of Texas and the American West and to the growing body of worldwide regional water histories Combining traditional historical sources with hydrology climatology and geology *Red Water Black Gold* complicates the traditional story of top down water management as well as telling the thus far untold story of the Canadian River in Texas

**Returning Home** Jerry M. Burger, 2011-03-16 Each year millions of American adults visit a childhood home Few can anticipate the effect it will have on them Often serving several important psychological needs these trips are not intended as visits with people from their past Rather those returning to their homes have a strong desire to visit the places that comprised the landscape of their childhood Approximately one third of American adults over the age of thirty have visited a childhood home This book describes some of their experiences and the psychology behind the journeys Most people who visit a childhood home are motivated by a desire to connect with their past Seeing the buildings schools parks and playgrounds from their youth helps to establish the psychological and emotional link between the child in the black and white photographs and the person they are today Many

people use the trip to get in touch with the values and principles they were taught as children often as a means to get their lives back on track Others use that journey to strengthen emotional bonds between themselves and loved ones Still others return to former homes to work through psychological issues left over from sad or traumatic childhoods No matter the reason there are few experiences in one s life that can move a person as deeply and unpredictably as returning home

**Literary and Social Diasporas** Gaetano Rando, Gerry Turcotte, 2007 This volume seeks to map an understanding of the Italian experience onto the broader picture of diasporic stories though with an anchor in the Australian Italian experience It brings together key essays and testimonials that frame a picture of Italy s rich legacy at home in Europe more widely and in the post colonial sphere with a particular emphasis on the Australian experience The essays collected here focus on the way an Italian Australian story has emerged and evolved in its own unique way In some respects it might be possible to define Australia through this community as an Italian space very much inscribed and described by the many voices that characterise it What is clear throughout these pages is that past present and future circulate through and around each other just as notions of nation colonial postcolonial emigrant and immigrant jostle for purchase in what is in fact a contested space always under negotiation Back cover
