## **Goodnight Saigon:**

Secrets and Lies in Vietnam Panagiotis Dimitrakis, 2016-05-20 The Vietnam War lasted twenty years and was the USA's greatest military failure. An attempt to stem the spread of Soviet and Chinese influence, the conflict in practice created a chaotic state torn apart by espionage, terrorism, and guerilla warfare. American troops quickly became embroiled in jungle warfare, and knowledge of the other side's troop movements, communication lines, fighting techniques, and strategy became crucial. Panagiotis Dimitrakis uncovers this battle for intelligence and tells the story of the Vietnam War through the newly available British, American, and French sources, including declassified material. In doing so, he dissects the limitations of the CIA, the NSA, the MI6, and the French intelligence, the SDECE, in gathering actionable intelligence. Dimitrakis also shows how the Vietminh, under Ho Chi Minh, established their own secret services, how their high-grade moles infiltrated the US and French military echelons, and the government of South Vietnam, and how Hanoi's intelligence apparatus eventually suffered seriously from spies, amongst us, paranoia. In doing so, he enhances our understanding of the war that came to define its era.

Battle Notes Lee Andresen, 2003 This is the hard cover edition of the new release. Billy Joel Joshua S. Duchan, 2017-06-16 Despite his tremendous success, Billy Joel's gifts as a composer and commentator on American life are long overdue for a thorough investigation. In Billy Joel: America's Piano Man, music historian Joshua S. Duchan looks at the career and music of this remarkable singer-songwriter, exploring the unique ways Joel channels and transforms the cultural life of a changing America over four decades into bestselling song after song and album after album. Billy Joel has not always enjoyed the acclaim of music critics, who have characterized his music as inauthentic and lacking a uniqueness of style. Duchan corrects this misunderstanding by exploring the depth and degree to which Joel's songs engage with social, cultural, political, and economic issues. Organized by major themes and including original interviews with Joel himself, Duchan's book delves into Joel's endeavors as a musician, lyricist, and commentator on questions of geography and regionalism, politics, working and middle class culture, human relationships, and the history of music itself. Duchan draws on key songs from Joel's career to explore each theme, from his folk-like lament for Long Island's changing industry and lifestyle in "The Downeaster" to his emotional ode to Vietnam veterans in "Goodnight Saigon." Original interviews with Billy Joel blend with Duchan's engaging analysis to provide readers of all backgrounds and ages a new look at these unforgettable songs. Music lovers and historians of both the academic and armchair variety will find this exploration of Joel's work a rewarding adventure into America's social, cultural, political, economic, and above all, musical history.

**The Words and Music of Billy Joel** Ken Bielen, 2011-07-22 This detailed exploration looks at the musical works of recording artist Billy Joel and his impact on popular culture. Billy Joel skyrocketed to popularity in 1977 with his fifth album, *The Stranger*, and he has been a major American artist ever since. His songs are timeless and appreciated by generations of fans. *The Words and Music of Billy Joel* examines this influential musician's songs in detail, exploring the meaning of the lyrics and placing Joel's artistry in a regional and

cultural context Covering work that ranges from Joel's recordings with the Lost Souls to his classical compositions the book focuses on the dozen studio albums of popular music released between 1971 and 1993 A bibliographic essay is included as are both a discography and a filmography There is also a special focus on the interpretation of Joel's songs by other recording artists

**Excavating the Power of Memory in Japan** Glenn D Hook, 2018-02-02 Excavating the power of memory offers a succinct examination of how memory is constructed embedded and disseminated in contemporary Japanese society The unique range and perspective of this collection will provide an understanding not found elsewhere It starts with a lucid introduction of how memory plays a political and wider social role in Japan Four case studies follow The first takes up the divergence in memory at the national and subnational levels by analysing the memory of the battle of Okinawa and US military accidents in Okinawa prefecture illuminating how memory in the prefecture embeds Okinawans as victims of mainland Japan and of the United States The second explores whether Japan's membership of the International Criminal Court represents a shift in the Japanese government's negative remembrance of the International Military Tribunal for the Far East demonstrating how both courts are largely portrayed as being disconnected in political debates The third offers an analysis of the surviving letters of the Kamikaze pilots in order to interrogate and compare their presumed identity in the dominant collective memory and their own self identities The fourth untangles how the memory of winds in Japanese fishing communities remains an expression of social thought that presides over the transmission of meaning about fishermen's geographical surroundings This book was previously published as a special issue of the Japan Forum

*From Hanoi to Hollywood* Linda Dittmar, Gene Michaud, 1990 This volume is about power It is about the power to make war and to destroy lives It is also about another kind of power the power to make images that may distort displace and destroy knowledge of the times in which those lives were lived Many of the nineteen essays gathered in this volume are about the interrelationships between these two types of power They demonstrate as well yet another type of power the power of critical thinking to challenge dangerous myths and to confront prevailing ideologies The title of this anthology calls attention to the process whereby aspects of the Vietnam War have been appropriated by the American cultural industry Probing the large body of emotion laden controversial films *From Hanoi to Hollywood* is concerned with the retelling of history and the retrospection that such a process involves In this anthology an awareness of film as a cultural artifact that molds beliefs and guides action is emphasized an awareness that the contributors bring to a variety of films Their essays span over one hundred documentary and fiction films and include in depth analyses of major commercial films ranging from *Apocalypse Now* to *Platoon* *Rambo* *First Blood* *Part II* and *Full Metal Jacket* and documentaries from *In the Year of the Pig* to *Dear America* *Letters Home from Vietnam* The essays in this volume deal with representations of the Vietnam war in documentary film and

television reporting examining the ways the power of film is used to deliver political messages There are surprises here new readings and important insights on the ways we as a society have attempted to come to terms with the experiences of the Vietnam era The book also contains two appendixes a detailed chronology charting the relationship between major historical events and the release of American war films from 1954 through 1988 and a filmography listing information on over four hundred American and foreign films about the Vietnam War **WLA ,2000**
