Mercenaries of Gor John Norman, 2014-04-01 Tarl Cabot is caught up in intrigues and rivalries on the planet of Gor in this science fantasy adventure On Gor there are numerous mercenary companies some larger some smaller whose services may be purchased or bid upon for given periods of time The allegiance of these companies is to their pay and their captains The forces of Cos and Tyros powerful maritime ubarates and their allies have now beached upon the mainland and are utilizing the city of Torcodino as a repository for supplies in preparation to march on a nigh undefended and unprepared Ar Should Ar fall the disinterested tolerances and neutralities and even the balance of power long sustained between Ar and the great maritime ubarates things that made the existence of the independent companies possible will vanish a development threatening the very existence of the independent companies But when Cabot arrives in Ar it is a city rife with doubt dissension and treason To whom shall the letters be delivered and whom can he trust Rediscover this brilliantly imagined world where men are masters and women live to serve their every desire **Mercenaries of Gor** is the 21st book in the Gorean Saga but you may enjoy reading the series in any order

Monica Lee, 2016-03-31 The nature of human resource development HRD has been and remains a contested topic the debate was sparked in part by Monica Lee's seminal 2001 paper which refused to define the discipline of HRD but has been accentuated by increasing globalization political unrest inequality and the erosion of boundaries Should HRD now be seen as more than training or a sub function of large western bureaucracy This book represents a very wide view of HRD that it is at the core of our selves and our relationships and that we continually co create ourselves our organisations and societies These ideas are hung upon a model of Holistic Agency and supported from sources as diverse as evolutionary psychology science

fiction the challenges of transitional economies and the structural uncertainties of contemporary society Examining the tensions between self and other agency and structure the book draws inspiration from an almost autoethnographic approach This yields a text that is personal entertaining and easier to read than many academic tomes yet considers the depth and development of the human condition and locates HRD within that
