**Jiyuan Zhang**

## **Gorbachev And After:**

**After Gorbachev** Stephen White, 1993-09-23 Dramatic and confusing changes in what used to be the Soviet Union have transformed the world in which we live Communist rule has given way to multiparty politics a command economy is being painfully privatised almost every social and cultural value has been overturned and perestroika has now been swept away by the reforming policies of Boris Yeltsin In turn these policies are now challenged by a variety of conservative and nationalist forces This fourth edition of Stephen White's best selling introductory text has been revised throughout A new final chapter charts the first turbulent years of Yeltsin's troubled presidency and the background to his radical policies Clearly written but detailed and authoritative *After Gorbachev* like its predecessors will continue to provide an unrivalled guide to the processes of transition upheaval and collapse which now characterise Russia and the post Soviet republics ***Gorbachev in Power*** Stephen White, 1992 ***Gorbachev and After*** White, 1992-08-28 *The Cold War and After* Richard Saull, 2007-01-20 The Cold War is often presented as an international power struggle between the Soviet Union and the US Richard Saull challenges this assumption He broadens our understanding of the defining political conflict of the twentieth century by stressing the social and ideological differences of the superpowers and how these differences conditioned their international behaviour Saull argues that US Soviet antagonism was part of a wider conflict between capitalism and communism involving states and social forces other than the superpowers The US was committed to containing revolutionary and communist movements that emerged out of uneven capitalist development In highlighting the socio economic and ideological dimensions of the Cold War Saull not only provides a richer history of the Cold War than mainstream approaches but is also able to explain why revolutionary domestic transformations caused international crises Tracing the origins of new resistance to American global power Saull's book provides an ideal alternative perspective on the Cold War and its end ***Gorbachev's Agenda*** Susan L Clark, 2019-09-17 This volume assesses contemporary Soviet domestic and foreign policy and surveys the traditions challenges and contexts within which the Soviet leadership was operating General Secretary Mikhail Gorbachev is generating ferment at home and anticipation abroad about the prospects for change in Soviet policy Western analysts can provide only an in ***Gorbachev's New Thinking and Third World Conflicts*** Jiří Valenta, Frank Cibulka, Some of the most crucial changes inspired by Gorbachev and perestroika concern Soviet and East European policies toward Third World countries Despite countless studies of Soviet U S relations and U S relations with the Third World the area of Soviet relations with the Third World has been left relatively undeveloped This is the first of several volumes intended to add to our knowledge of what the series editor Jiří Valenta characterizes as East South relations In this new era of cooperation and diplomacy the superpowers are working to resolve regional conflicts in and around Afghanistan Nicaragua Angola and Cambodia Such efforts are exceedingly complex since they necessarily involve not only the Soviet Union but Third World nations that may operate independently such as Cuba and Vietnam This volume addresses a number of such conflicts In

addition to those already mentioned conflicts in Ethiopia Namibia and the Philippines are discussed and their implications for Western policy makers are reviewed As the contributors emphasize despite current Soviet emphasis on peaceful solutions to regional conflicts Gorbachev's New Thinking in foreign affairs is still decidedly selective In some cases the Soviet Union will actually encourage close ties with regional Third World powers as it has with India It is also too much to expect that the Soviet Union much less Cuba and Vietnam will completely cut ties to revolutionary allies worldwide That said the 1990s will undoubtedly be characterized by new Soviet foreign policy styles Their shape and form is the subject of this book It will be of immense interest to policymakers and researchers concerned about current developments in relations between the superpowers and with the Third World Contributors include Vernon Aspaturian Bhabani Sen Gupta William E Griffith Jerry F Hough Douglas Pike Howard Wiarda AH T Sheikh Sabahuddin Kushkaki Colin Legum H de V du Toit Khien Theeravit Frank Cibulka Alvaro Taboada Charles William Maynes W Bruce Weinrod Jiri Valenta      **Israel After Begin** Gregory S.

Mahler,2012-02-01 This book focuses on the nature of Israeli politics in the post Begin era It examines significant contemporary issues such as the withdrawal of Israeli forces from Lebanon the harnessing of the enormous inflation rate the escalating tension between religious and secular Israeli Jews the widening influence of radical right wing activist Rabbi Meir Kahane the fluctuating relationship between Israel and the U S the survival of the Likud Party and changes in national electoral strategies of the major parties It places recent events in Israeli politics in a historical context and suggests what the implications of these events might be for the future      **Gorbachev's Gamble** Andrei Grachev,2018-03-12 Gorbachev's

Gamble offers a new and more convincing answer to this question by providing the missing link between the internal and external aspects of Gorbachev's perestroika Andrei Grachev shows that the radical transformation of Soviet foreign policy during the Gorbachev years was an integral part of an ambitious project of internal democratic reform and of the historic opening of Soviet society to the outside world Grachev explains the motives and the intentions of the initiators of this project and describes their hopes and their illusions He recounts the story of the internal debates and struggles in the Kremlin and behind the scene decisions that led to the Soviet withdrawal from Afghanistan the fall of the Berlin Wall the break up of the Warsaw Pact and eventually the demise of the Soviet Union itself The book is based on exclusive interviews with the leaders of the Soviet Union including Gorbachev personal notes and diaries of their assistants and advisers and transcripts of the discussions inside the Politburo and Secretariat of the Central Committee Together they constitute a multi voice political confession of a whole generation of decision makers of the Soviet Union that enables us better to understand the origin and the breathtaking trajectory of the events that led to the end of the Cold War and the unprecedented transformation of world politics in the closing decades of the 20th century      *Russia's Revolution from Above, 1985-2000* Gordon Hahn,2018-04-27

The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century The 1991 revolution was neither a peaceful revolution from below as

occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland Hungary or Latin America It was not primarily the result of social modernization the rise of a new middle class or of national liberation movements in the non Russian union republics Instead as Gordon Hahn argues the Russian transformation was a bureaucrat led state based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990 91 to dismantle the institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB and military were under RSFSR control In Hahn s account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia s Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars

**Perestroika** Mikhail Sergeevich Gorbachev,1987 This book is a historic document of major proportions Perestroika which means restructuring is Mikhail Gorbachev s own account of the revolution he is presently implementing in U S S R Forcefully Gorbachev shows the reader the world as he sees it Opportunity Knocks Robert A. Solo,1991 Primarily concerned with how the US government can outwit its former allies in the rush to exploit their former common enemy Considers the US sluggishness in technological innovation flaws in education and labor management the dangers of free trade and resource depletion Annotation copyright Bo

**Sovietology in Post-Mao China** Jie Li,2023-02-13 The breakup of the Union of Soviet Socialist Republics USSR in 1991 had significant repercussions on Chinese politics foreign policy and other aspects In this book Jie Li examines the evolution of Chinese intellectual perceptions of the Soviet Union in the 1980s and 1990s before and after the collapse Relying on a larger body of updated Chinese sources Li re evaluates many key issues in post Mao Chinese Sovietology arguing that the Chinese views on the Soviet Union had been influenced and shaped by the ups and downs of Sino Soviet and later Sino Russian relations China s domestic political climate and the political developments in Moscow By researching the country of the Soviet Union Chinese Soviet watchers did not focus on the USSR alone but mostly attempted to confirm and legitimize the Chinese state policies of reform and open door in both decades By examining the Soviet past Chinese scholars not only demonstrated concern for the survival of the CCP regime but also attempted to envision the future direction and position of China in the post communist world Russia after the Cold War Mike Bowker,Cameron Ross,2014-06-17 In Russia after the Cold War the editors provide an accessible

and comprehensive survey of the state of Russia at the end of the twentieth century as it seeks to come to terms with its new status in the world community the pressures and tensions arising from economic and social change and with the problems of ensuring a democratic future Written by a specially commissioned team of internationally respected experts on contemporary Russia Russia after the Cold War is ideally suited as a main text for introductory courses on modern Russia within a politics Area Studies or combined social science degree Contributors Alexei Avtonomov Edwin Bacon John Berryman Christoph Bluth Michael Cox Nadia Davidova Mark Galeotti James Hughes Roger E Kanet Julie A Lund Nick Manning Andrew Patmore Anthony Phillips Richard Sakwa Peter Shearman Mark Webber Stephen Webber Stephen White Matthew Wyman

*Gaidar's Revolution* Petr Aven, Alfred Kokh, 2015-07-02 After the collapse of the Soviet Union a team of young economic reformers led by Yegor Gaidar worked to create a new economic future for Russia Against an overwhelming threat of looming hunger and civil war they created a market economy which is still in place today In the face of crisis a process of shock therapy involving the end of price regulation the introduction of privatisation and a reduction in public spending appeared necessary Their plans have been the subject of controversy ever since the path to the new economy was not smooth and Russia continued to struggle with economic crises throughout the 1990s Yet Gaidar's plans have been widely praised for saving the country from complete collapse For the first time in this book the participants in the process reveal their experiences during those frantic days their insights into Yegor Gaidar and of the formation of post Soviet Russia In doing so this book provides a unique perspective on contemporary Russia making it an indispensable resource for understanding its economic and political complexities

*Gorbachev's Revolution, 1985-1991* Anthony D'Agostino, 2016-07-27 This detailed and scholarly history based on contemporary and original sources explains the fall of Soviet Communism by bringing into focus the process of revolution from above It finds as its cause Gorbachev's relentless political struggle to raise himself above the collective leadership which brought him to power Gorbachev's Revolution 1985-91 examines the impact of the SDI and other US arms programmes of the early 1980s which provided a stimulus for both Gorbachev's domestic reforms and his arms control initiatives Perestroika originally intended to show the world that a new Soviet foreign policy was based on real changes in Soviet society however Gorbachev launched its most radical measures in order to get an edge on his Politburo critics Glasnost originally meant to be a strictly controlled process furnishing an argument for piecemeal economic reforms This multi faceted volume provides a wide ranging and revisionist analysis of this fascinating and influential period in Soviet and international history

*After Gorbachev ?* Ron Davies, 1991-01-01

**The Statesman** David Abshire, 2018-03-15 The late Ambassador David Abshire lived a quintessentially American life one that spanned the Great Depression World War II and the Cold War He graduated from West Point fought in the Korean War earned a doctorate in history from Georgetown University and served in government during the Vietnam War He also co founded one of the world's preeminent think tanks in the Center for Strategic and International Studies Along the way he became a personal adviser to multiple presidents

earning a reputation as one of Washington D C s truly wise men All of which makes the warnings contained in these memoirs so topical Writing near the end of his life Abshire concludes that our country has lost its sense of strategic direction and common purpose Our domestic politics have entered an era of hyper partisanship and gridlock even as dangerous challenges to U S interests gather overseas America Abshire concludes is in deep trouble In this extraordinary final love letter to his country Abshire tells his fellow citizens how to reclaim American exceptionalism That journey begins with rejecting the great incivility that has infected our national discourse That fundamental lack respect among political partisans has eroded our trust in each other and faith in our leaders The only way to recapture them Abshire argues persuasively is to reinvigorate a politics of lively robust debate within a framework of respect and civil behavior Before it is too late After the Cold War Robert Owen Keohane, Joseph S. Nye (Jr.), Stanley Hoffmann, 1993 FROST Copy 2 From the John Holmes Library Collection
