Gordian Weave:

Gordian Weave Frank Prete, 2004-05 The golden thread running through the tapestry of Jack Mahaney's life is adventure. These adventures spanning five continents and eight decades take us into that radiant world of thrills long the province of knights and dragons. The pity is not many of us grow up with that hell-bent curiosity. While other youngsters in the nineteen twenties were learning to throw a curve or hit a homer, the Mahaney boy was exploring the nearby mountains of Western Pennsylvania often alone. While others his age were discovering girls, he was trapping wildcats or almost freezing to death in the Sinnemahone Forest. All his life Jack Mahaney has hungered for death-defying action, a part of which he captures in this his first book. At age eighty-nine, he is still at it after capturing a national award from the Writers Workshop. Following the exploits in *Hell-bent for Adventure*, he took off for Russia, then to China, after a raft trip down the Colorado was cut short by the Park Service. Ironically, that cancellation almost cost Jack his life, for it was in China that fate laid a trap for him, resulting in paralysis and near death in Shanghai Hospital. Miraculously, the miracle set in motion by the moxie and enterprise of his daughters, he was evacuated to Hong Kong and committed to the care of a specialist who accompanied him in the long flight home and thence to St. Joseph's Hospital in Asheville, NC. But that's another book. Today still hale and hearty and hell-bent, he plans further adventures into the unknown. Richard Gilbert, editor and author of *Amazing Graces*.

Bullwhip Days James Mellon, 2014-12-23 Twenty-nine oral histories and additional excerpts selected from 2000 interviews with former slaves conducted in the 1930s for a WPA Federal Writers Project document the conditions of slavery that lie at the root of today's racism. Publishers Weekly: In the 1930s the Works Progress Administration commissioned an oral history of the remaining former slaves. *Bullwhip Days* is a remarkable compendium of selections from these extraordinary interviews providing an unflinching portrait of the world of government-sanctioned slavery of Africans in America. Here are twenty-nine full narrations as well as nine sections of excerpts related to particular aspects of slave life from religion to plantation life to the Reconstruction era. Skillfully edited, these chronicles bear eloquent witness to the trials of slaves in America, reveal the wide range of conditions of human bondage, and provide sobering insight into the roots of racism in today's society. Remarkably articulate, vivid, moving, and beautifully cadenced. *The New Yorker*.

The Last Man and Gothic Sympathy Michael Cameron, 2024-03-28 This Element explores the theme of Gothic sympathy as it appears in a collection of Last Man novels A liminal site of both possibility and irreconcilability Gothic sympathy at once challenges the anthropocentric bias of traditional notions of sympathetic concern premising compassionate relations with other beings animal vegetal etc beyond the standard measure of the liberal humanist subject and at the same time acknowledges the horror that is the ineluctable and untranslatable otherness accompanying interrupting and shaping such a sympathetic connection Many examples of Last Man fiction explore the dialectical impasse of Gothic sympathy by dramatizing complicated relationships between a lone liberal humanist subject and other than human or posthuman subjects that will persist beyond humanity's extinction Such confrontations as they appear in Mary Shelley's *The Last Man* H G Wells's *The Time Machine* and Richard Matheson's *I Am Legend* will be explored

The Golden Inscriptions Charles Bice, 2010-05-05 The First New Science gives a clear account of Vico's mature philosophy the belief that certain functions which are necessary for the maintenance of human society and culture including philosophy also condition them historically This challenges the traditional view that philosophy can lay claim to an historically independent viewpoint thus bringing into question the legitimacy of the claims of universal prescriptive political theories as against the de facto political beliefs of particular historical societies This is the first of Vico's later major books in which he wrote in Italian in order not merely to expound but to demonstrate in practice his conception of the philosophical importance of etymology This 2002 Cambridge Texts edition is the first complete English translation of the 1725 text Accompanied by a glossary bibliography chronology of Vico's life and expository introduction it makes this important work accessible to students for the first time

Reflections on Affirmative Action in Construction Paul King, 2009 Reflections is a collection of my writings through the years in defense of and support for Affirmative Action in the construction industry It documents a struggle for economic justice that

began on July 23 1969 when Chicago community groups assembled to demand equal participation in local federal construction projects As these programs became successful resistance rose at a rapid clip Who would have thought that our quest for economic justice would eventually reach the Supreme Court as a battle against reverse discrimination Who would have believed that the affirmative action programs that integrated an exclusive white workforce and provided new opportunities for Black firms would be challenged so vigorously that the term would not even be used by the 2008 presidential candidates We share our experiences for others seeking change by providing examples of how Black businesses can address community problems including educating elected officials and holding them accountable It was through my membership in Parren Mitchell's Maryland's first Black congressman 1971 Black Business Braintrust that the first national legislation requiring mandatory Minority Business Enterprise MBE utilization was forged This book emphasizes four main areas of concern Affirmative Action as a tool to break the pattern of exclusion by construction trade unions and apprenticeship programs To demonstrate that local organizations with dedicated leaders can combat discrimination and create positive change that reverberates nationally To expand the Black tradesmen workforce as a vehicle for increasing Black subcontractor numbers and developing substantial Black general contractors The development of viable black construction firms UBM Inc which I co founded in 1974 was by 2004 the largest Black general contractor in the state of Illinois My firm accomplished everything I sought to prove as a black business by creating the capacity to apply positive solutions to problems besieging our community
