Gormenghast The Gormenghast Trilogy Volume II:

Gormenghast Mervyn Peake, 2007-10-30 A young earl's future in a sprawling castle could be changed by a feral girl and a cunning servant in this acclaimed gothic fantasy trilogy's second entry. Titus Groan is seven years old, lord and heir to the crumbling castle Gormenghast. A gothic labyrinth of roofs and turrets, cloisters and corridors, stairwells and dungeons, it is also the cobwebbed kingdom of Byzantine government and age-old rituals, a world primed to implode beneath the weight of centuries of intrigue, treachery and death. Steerpike, who began his climb across the roofs when Titus was born, is now ascending the spiral staircase to the heart of the castle, and in his wake lie imprisonment, manipulation and murder. *Gormenghast* is the second volume in Mervyn Peake's widely acclaimed trilogy, but it is much more than a sequel to *Titus Groan*; it is an enrichment and deepening of that book. The *Gormenghast Trilogy* ranks as one of the twentieth century's most remarkable feats of imaginative writing. Praise for *Gormenghast*: *Gormenghast* is must-read fiction that's all. You'll finish it with a small spike of regret stabbing at your heart and a desire to start again at page one. The moment the back cover is closed, it's a tale to be cherished for life. This is as good as it gets. Science Fiction Fantasy Book Reviews. *The Literature of Terror: Volume 2* David Punter, 2014-01-14 The *Literature of Terror: the Modern Gothic* is the second volume in David Punter's impressive survey of gothic writing covering over two centuries. Freedom's Progress? Gerard Casey, 2021-10-04 In *Freedom's Progress* Gerard Casey argues that the progress of freedom has largely consisted in an intermittent and imperfect transition from tribalism to individualism from the primacy of the collective to the fragile centrality of the individual person and of freedom Such a transition is he argues neither automatic nor complete nor are relapses to tribalism impossible The reason for the fragility of freedom is simple the importance of individual freedom is simply not obvious to everyone Most people want security in this world not liberty Libertarians writes Max Eastman used to tell us that the love of freedom is the strongest of political motives but recent events have taught us the extravagance of this opinion The herd instinct and the yearning for paternal authority are often as strong Indeed the tendency of men to gang up under a leader and submit to his will is of all political traits the best attested by history The charm of the collective exercises a perennial magnetic attraction for the human spirit In the 20th century Fascism Bolshevism and National Socialism were Casey argues each of them a return to tribalism in one form or another and many aspects of our current Western welfare states continue to embody tribalist impulses Thinkers you would expect to feature in a history of political thought feature in this book Plato Aristotle Machiavelli Locke Mill and Marx but you will also find thinkers treated in *Freedom's Progress* who don't usually show up in standard accounts Johannes Althusius Immanuel Kant William Godwin Max Stirner Joseph Proudhon Mikhail Bakunin Pyotr Kropotkin Josiah Warren Benjamin Tucker and Auberon Herbert *Freedom's Progress* also contains discussions of the broader social and cultural contexts in which politics takes its place with chapters on slavery Christianity the universities cities Feudalism law kingship the Reformation the English Revolution and what Casey calls Twentieth Century Tribalisms Bolshevism Fascism and National Socialism and an extensive chapter on human prehistory
